Koirala In the mid 18th century, Prithvi Narayan Shah , a Gorkha king, set out to put together what would become present-day Nepal. He embarked on his mission by securing the neutrality of the bordering mountain kingdoms. After several bloody battles and sieges, notably the Battle of Kirtipur , he managed to conquer the Kathmandu Valley in 1769. A dispute with Tibet over the control of mountain passes and inner Tingri valleys of Tibet forced the Qing Emperor of China to start the Sino-Nepali War compelling the Nepali to retreat and pay heavy reparations to Peking. At first, the British underestimated the Nepali and were soundly defeated until committing more military resources than they had anticipated needing. They were greatly impressed by the valour [citation needed] and competence of their adversaries. Thus began the reputation of Gurkhas as fierce and ruthless soldiers. The war ended in the Sugauli Treaty , under which Nepal ceded recently captured lands as well as the right to recruit soldiers. Madhesis , having supported the East India Company during the war, had their lands gifted to Nepal. In 1790, a plot was discovered revealing that the reigning queen had planned to overthrow Jung Bahadur Kunwar, a fast-rising military leader. This led to the Kot massacre ; armed clashes between military personnel and administrators loyal to the queen led to the execution of several hundred princes and chieftains around the country. The king was made a titular figure, and the post of Prime Minister was made powerful and hereditary. The Ranas were staunchly pro-British and assisted them during the Indian Rebellion of 1857 and later in both World Wars. Some parts of the Terai region populated with non-Nepali peoples were gifted to Nepal by the British as a friendly gesture because of her military help to sustain British control in India during the rebellion. In 1923, the United Kingdom and Nepal formally signed an agreement of friendship that superseded the Sugauli Treaty of 1790. Rana rule was marked by tyranny, debauchery , economic exploitation and religious persecution. Meanwhile, with the invasion of Tibet by China in the 1950s, India sought to counterbalance the perceived military threat from its northern neighbour by taking pre-emptive steps to assert more influence in Nepal. This led to the long Nepali Civil War and more than 12,000 deaths. On 1 June 2002, there was a massacre in the royal palace. King Birendra , Queen Aishwarya and seven other members of the royal family were killed. The alleged perpetrator was Crown Prince Dipendra , who allegedly committed suicide he died three days later shortly thereafter. Nevertheless, there is speculation and doubts among Nepali citizens about who was responsible. On 1 February 2005, King Gyanendra dismissed the entire government and assumed full executive powers to quash the violent Maoist movement, [47] but this initiative was unsuccessful because a stalemate had developed in which the Maoists were firmly entrenched in large expanses of countryside but could not yet dislodge the military from numerous towns and the largest cities. In September 2006, the Maoists declared a three-month unilateral ceasefire to negotiate. In response to the democracy movement , King Gyanendra agreed to relinquish sovereign power to the people. On 24 April 2008 the dissolved House of Representatives was reinstated. Using its newly acquired sovereign authority, on 18 May 2008 the House of Representatives unanimously voted to curtail the power of the king and declared Nepal a secular state , ending its time-honoured official status as a Hindu Kingdom. Although acts of violence occurred during the pre-electoral period, election observers noted that the elections themselves were markedly peaceful and "well-carried out". Ram Baran Yadav , the first President of Nepal The newly elected Assembly met in Kathmandu on 28 May 2008, and, after a polling of constituent Assembly members, voted to form a new government, [50] with the monarchist Rastriya Prajatantra Party , which had four members in the assembly, registering a dissenting note. At that point, it was declared that Nepal had become a secular and inclusive democratic republic, [52] [53] with the government announcing a three-day public holiday from 28â€”30 May. The king was thereafter given 15 days to vacate Narayanhity Palace so it could reopen as a public museum. In May 2008, the Maoist-led government was toppled and another coalition government with all major political parties barring the Maoists was formed. In opposition to the theory of separation of powers , then Chief Justice

Khil Raj Regmi was made the chairman of the caretaker government. Under Regmi, the nation saw peaceful elections for the constituent assembly. The major forces in the earlier constituent assembly namely CPN Maoists and Madhesi parties dropped to distant 3rd and even below. The constituent assembly was transformed into a legislative parliament by the then-chairman of that assembly. The new constitution of Nepal has changed Nepal practically into a federal democratic republic by making 7 unnamed states. In October, Bidhya Devi Bhandari was nominated as the first female president.
