*Blow in the Dark Glassworks is an Edmonton based Hot Glass Studio. Keith Walker and his assistants create one of a kind glass sculptures, teach beginners on the glassmaking process and collaborate with other local artists on various projects.*

Blow in the Dark As Hailey drove closer and closer to the older man that has her panties dripping without laying a single hand on her, her heart started to race. Could she really go through with this? Could she really give a blow job to this man that was over twenty years older than her and married with kids? Could she really go through with it? He wanted her to meet him in a dark, secluded area and get in his car. The simple answer was yes, she could. Ever since he first messaged her, claiming that he could teach her all about being a submissive, she was drawn to him. Shaking, she pulled up behind his car and got out. She locked her car, making sure it beeped and clutched her phone tightly in her hand. She could do this. It was just a simple blow job. She opened the door to the sleek, black sports car and climbed inside. At any point that you want to stop, just say so. There are no repercussions for quitting. Would you like me to drive around the block? She continued to breathe, trying to calm her anxious mind. As they drove, they made meaningless conversation and it helped put her at ease. He put the car in park and turned to look at her again. And I mean everything. The only thing you can do wrong is leave a wet stain on my pants. Stumbling slightly, she dug around, finally finding the opening in his boxers, which led to the discovery of a hard cock. She wrapped her hand around it, slightly tugging, trying to pull it out. Unsuccessful, she pulled her hand out and looked down. Hailey stared at it, licking her lips. She jerked him gently, afraid to hurt him. Feeling a bit braver, she opened her mouth and took in the tip, swirling her tongue under the head. She took that compliment and decided to try adding more of him into her mouth. Relaxing her gag reflexes as best she could, she swallowed as much as him as she could take. He rewarded her with a groan. This continued for a few minutes, his hands wandering her fully clothed body. He whispered naughty things to her, which made her panties wet with desire. He would say something, and she would go to respond, only to be told that nobody told her to stop sucking his cock. Her face burned at the realization that his bluntness turned her on. Soon, she had his balls in her mouth, smiling when she heard him tell her how good she was. Hailey was starting to sweat and no doubt the windows were fogging up. Suddenly, he had a grip on her hair, pulling her mouth away from his testicles. She moaned at the delicious sensation. She complied, anxious for whatever he was about to do. He thrust his hips inside her mouth, going deeper than anyone has before. She gagged slightly, and was reprimanded. She lowered her face back to his erection, happy to continue pleasing him. She was so turned on, she wanted nothing more than to feel him inside her. This only spurred her on more. She took more and more of him inside her, her hands rolling his balls. His hands found her nipples, pulling and twisting, causing her to moan around his shaft. His hips started to thrust again, fucking her face. Hailey sheathed her teeth as best she could with her lips, reveling in the sensation. Her hair was once again being pulled. She had never been so turned on in her life. She wanted more, she wanted him inside her. Anywhere, she would take him. She wanted to please him, and she knew that pleasing him would please her. Suddenly, he pulled her up by her hair. It was then that she heard the ringing of a timer going off. She was panting, sad for it to be over. I hope we can do this tomorrow. Thank you for tonight. I hope to see you tomorrow.
