Quiz Instructions Simply read and answer the questions below- each of your answers will earn a set number of points which will be tallied at the end. Make sure to answer all of the questions to ensure an accurate score.

Volcanoes Coming to see how the islands were formed? But all of the four islands have volcanic remnants to be seen. Hawaii is the destination of choice for many couples looking to get away for a romantic vacation, and for good reason. If romance is important to you, keep this on your list. We chose Hawaii because of this very option; the islands are a mecca of trails. From gorgeous coastal trails, barren lava hikes, to lush jungle, you can do it all in Hawaii. Take your pick of white, yellow, black, green, or even red sand.

Weather This is a really important option for some folks. If you are absolutely set on having optimal weather, then add this to your list. Keep in mind that the windward side of each island will always have a chance of showers, but that in general, some islands are just drier than others.

Cultural Attractions If the history of places you visit intrigues you, then this is a category to put on your list. Hawaii has an incredibly rich history that is unique in all the world. Luckily, much of this history has been preserved throughout the islands in various historical sites. This was the other reason. Hawaii offers some of the most diverse plant and animal life on the planet, and several species are endemic to the islands, meaning they ONLY exist here. Others remain the same pretty much all the way around.

Golfing Take your pick of many beautiful world-class golf courses throughout the islands.

Nightlife If nightlife is important to you, then make sure you keep this option on your list. Hawaii offers the big city names in the places you might least expect them. If fine art and high-class merchandise are for you, then add these to your list. Hawaii has some incredible opportunities for anyone interested in these two activities.

Water Sports Love to surf, body surf, or wind surf? Then come hang on the waves in Hawaii.

Whale Watching If you simply have to see the whales during your vacation, then make sure this is on your list. Also, be sure your trip falls between the months of December and April if you want the best chance of seeing Humpback whales. The whales can show up as early as October and depart as late as May, but optimal times are Dec-April.
