*An Innocent Charade has 25 ratings and 4 reviews. StMargarets said: Romance by adventure, set in Bolivia. The heroine is a medical student, who has just.*

She has had a crush on him for a long time, but he and her twin sister, Cate, are in love. Brady is a handsome leading actor in Hollywood, and Cate is also a famous actress. Claire is a librarian who was recently laid off. Claire lets Brady in and is surprised to see him. He says he needs her help. He shows her an engagement ring and she assumes it is for Cate. So she is totally shocked when he says he needs her to marry him. It turns out that Cate lied in an interview saying that Brady and Claire have been dating behind her back and are now getting married! Actually, this is a ploy to promote her movie. In addition, Brady confesses to Claire that he and Cate broke up a year ago and have only been pretending to be a couple. This was also contrived by Cate to hide an illicit romance she is having with a married actor. So, Brady needs to have Claire go along with him as he covers for Cate and act like they are engaged and planning a wedding. While Claire does not like lying, she finally agrees to help her sister. Just the thought of at least feeling engaged to Brady makes her heart do flip-flops. Thus, begins the preparation with a well-known wedding planner. But problems arise when the paparazzi get involved and Claire and Brady need to hide out for awhile. This togetherness brings on an attraction that soon starts to heat up. Will the press find out? Where does Brady fit into the picture? This is a sweet romance and a very well-written plot. I commend the author on the story. Copy provided by the author in exchange for an honest review. From Me to You Book Reviews rated it liked it "3 out of 5 stars! Longtime friends are thrown into an unexpected romantic relationship in hopes of helping someone else they both care about. While dealing with major close proximity after being apart for a long time they start to find that the person they want to be in a relationship with is with each other. But will their loved ones, rabid fans, and life simply keep them apart for good or will their true wishes finally come true? I can say right off These two were best friends and next door neighbors growing up. Claire had a huge crush on Brady since high school. This motivated Claire to move to San Francisco for a librarian job. The two are cast as leads in a movie and their rise to fame begins. Claire and Brady come to her rescue by pretending to be engaged. Things spiral more out of control as Cate tells more lies and tries to manipulate Brady and Claire. Pretending to be engaged to Claire is not a hardship for Brady. Being in love with sweet, quiet librarian Claire feels all to right. Claire is unsure whether or not Brady is acting or really falling her. Will Claire and Brady get their happy ever after or will Cate succeed in winning Brady back? This was a fun and entertaining story with likeable characters that you want to support and cheer on hoping for that happy ending. The characters were well written and complex. The story line was riveting and kept my attention to the very end. I really enjoyed reading this book and had trouble putting this book down. I highly recommend this book to other readers.

September 27, views We have now heard from both the accuser and the accused in sworn testimony before a Senate committee. Both delivered emotional, compelling, credible opening statements. Only one presented any evidence. Only one has witnesses backing him up. Only one has already been vetted by the FBI six times. Only one, Judge Kavanaugh, has given us any objective reason whatsoever to believe him. On an emotional level, Kavanaugh behaved exactly as an innocent man would and should behave after being dragged through the mud and slandered by political con artists. He was angry, defiant, indignant. He went on the offensive. He did not suffer the Democrat fools and he did not sit back politely while they continued the character assassination right to his face, with his wife and parents sitting behind him. Again, that is exactly how an innocent man would act when vulgar yearbook scribblings and inside jokes from his teenaged years are being used to paint him as a serial gang rapist. An innocent man would scoff at the stupidity of it and heap scorn on the snakes who are playing that sort of game against him. This is exactly what Judge Kavanaugh did. But this situation cannot be evaluated emotionally. The really important thing is evidence. As far as that goes, Ford presented none. She has no material evidence. And she can provide very few details from the night in question. Kavanaugh, on the other hand, had material evidence in the form of his calendars. He had witnesses to refute the allegations against him. And he could provide many details about his activities during the time in question. Well, Brett Kavanaugh came about as close to proving a negative as anyone ever could. We are left, then, with two options: Either one of these people, Kavanaugh or Ford, are sociopathic liars who can cry on cue and summon very convincing but fake emotions on live television, or both are telling the truth as they see it. So, there is nothing else to be said. Judge Kavanaugh has been run through the gauntlet and subjected to the worst smear campaign in American political history. The truly evil Democrat Party has thrown everything it possible can at him, with no regard for truth or basic human decency, and yet he still is standing. If anyone has ever earned a job, Kavanaugh has earned this one. He should be confirmed immediately. And if any cowardly Republican votes against him, that Republican should be voted out of office and ostracized and shamed for the rest of their natural life.
