*Are you a VIRGIN? 5 Comments. Okay basically this is a kind of all types of virgin quiz, including toxin virgins that stay away from all things bad, lol, it's okay if you score high, you'll still have my love for taking this quiz!*

I have been doing the whole online dating thing. Then he texts me yesterday asking me if I want to come over and hang out and cuddle up with him and watch Netflix. I politely declined, told him I had plans, and as a note I try to avoid house dates so early in. Are you a virgin? Just because a girl declines a house date when lets face it -a house date never involves actually watching anything.. I know this from my own personal experience. I am a virgin! I was raised by very conservative parents though, my father was a preacher most of my childhood and that makes me less open to just sharing my sex life with complete strangers.. Anyways, I asked him why he was still a virgin as he is approaching. Noted I felt like that was a complete malarkey when he said it because why would a man ask a girl over to cuddle if his intentions were purely innocent. My question is what should I do with the house date guy moving forward. It completely turns me off. Yes I believe someone your dating deserves to know this information for health reasons etc. April 25, at 5: When I was dating and men would ask on the first date if I rented or owned my home, it was an automatic disqualifier, no further questions asked. Simply unacceptable to be asking that at that stage and no recovery from it. Get rid of him! If I were you and got asked this question at this stage of the game, it would be a deal breakerâ€”I would lose all interest in seeing the person again. April 25, at 6: Fancynancy, that is an interesting thought. Kay, as soon as I received that question via text I was completely turned off.. I think you two have helped me realize this is a dealbreaker for me.. Best wishes, Daisy April 25, at 6: The guy turned you off. Why do you feel like you owe him an explanation? Once you say no thanks, ignore ANY texts from him. Was he writing a book? I would never see that person againâ€”too rude. April 26, at 2: April 26, at 3: April 26, at 1: Is that not creepy? One guy thought he was so slick â€” he asked if I wanted to go for ice cream. I said sure, and he ordered a quart to go. Then pushed the lock button on his keys a few times to prove it. He was so arrogant. Another guy that I had exchanged a few texts with asked one day if I wanted to come to his apartment to play beer pong with him and his roommate. I had never met him!
