When Riah is given a job at Moor House, she feels her prayers are answered. She has not only found a home, a job, her and the Master of the House develop a friendship. Mr Miller her employer tells Riah that he wishes to teach her children. Riah feels blessed by his seeming kindness but learns that the kindness has a cost and horrifying cost. I notice that many people miss a important story arch in this book. She believes he is to bed her, but to her horror discovers that he has a disturbing interest in her eldest son Davey. The Black velvet gown was his payment for her son. Riah tells Miller that she is going to take the children away from him. In those times, position and wealth helped nefarious creatures get away with all kinds of terrors. Poor Riah is trapped with having to look after the injured Miler. Davey leaves home and finds work safely away from Moor House. She keeps her youngest sons away by keeping a watchful eye. Her naivety makes her assume that Davey is nothing but a thug and a lout. This is another sick act Miller inflicts on the innocent family - By tearing a Mother and daughter apart. All biddy sees though her innocent eyes is that her mentor was attacked by her angry brother and that her mother fathers Davey above her. The sad truth being that Riah just wants to protect Biddy from the heartbreak on discovering that her father figure is a child abuser. Biddy grows up and becomes a accomplished heard working young woman. With her mentor who taught her French and Latin now dead, she leaves home to become a laundry servant in a grand Manor. Her kindness, intelligence draw much attention, much negative die to it being considered vulgar for the lower classes to develop airs and education. She teaches several of the other maids how to read and write. In contrast to Davey who hides his education to fit in, Biddy defiantly flaunts it. This leads to a dreadful attack by two of the houses young Lady and Master, who string her up and beat her. She is thankfully rescued by Lawrence who has also noticed Biddy but in a more positive way. Although Biddy finds romance within her story arch, the stark and thoughtful style gives this novel this some depth.
