

Chapter 1 : Bloodlist: P.N. Elrod: calendrierdelascience.com: Books

Bloodlist (Vampire Files Series #1) by P. N. Elrod Jack Fleming, ace reporter, always had a weak spot for strange ladies. And he certainly should have listened to the one who said she was a vampire!

He wakes up one morning with no memory of the past week I think the story was supposed to be a mobster mystery with a little dash of paranormal thrown in for good measure. Toward the end, the pace picked up ever so slightly, but still not enough to make it worthwhile. In fact, the more I think about it, the angrier I am that I wasted my time on this garbage. They all feature newly turned vampire Jack Flemming. This book was okay. I listened to this on audio book; and the audio book was very well done. Jack Flemming wakes up dead on a beach, or should I say undead. Someone has murdered him and, because of his association with a female vampire in his past, instead of dying Jack Bloodlist is the first book on the Vampire Files series by P. Someone has murdered him and, because of his association with a female vampire in his past, instead of dying Jack has turned into a vampire. The writing is gory and fairly dark. There was a lot of action in the story; which was fun to read. In the short story I read about Jack, Jack was much lighter and funnier than in this book. Charles is a hoot though and I really liked him. Nothing really did though. This is a solid crime novel involving a vampire with slightly special powers. There is a lot of violence and dealing with gangsters. The writing is fine, nothing special but nothing horrible either. I do not know if I will read any more books in this series or not. It will depend on what else I have to read.

Chapter 2 : Vampire Files series | Urban Fantasy Wiki | FANDOM powered by Wikia

The Vampire Files and the story of Jack Fleming are addictive. The type is easy enough to read and the book paper is fairly durable. That's important 'cause I'm going to be reading this volume again.

And he certainly should have listened to the one who said she was a vampire! First in an exciting new vampire adventure series. Jack Fleming was an investigative journalist in Prohibition-era Chicago until he got shot by an unknown assassin, bitten by his vampire girlfriend, and became one of the undead. Now, this nice-guy nosferatu has a bunch of crazy vampire hunters on his trail armed with crosses, silver bullets, and sharp wooden stakes. Jack himself may be bulletproof, but his friends are not. And Jack is determined to get some answers, even if it kills him-again. As a vampire, I have a number of handy skills - I can hypnotize mortals, walk through walls, and shrug off bullets like insults. Her trail has led me to the palatial estate of a wealthy widow - and a two-hundred-year-old gigolo with a taste for young blood. He claims not to know where my long-lost lady is - or who is trying to kill me - but then again, you can never trust a vampire. But the world of high art--with its big money, bigger egos, and expensive forgeries--makes even bloodsucking seem simple. Dead artists can live forever: An undead detective may not be so lucky.. A delicious new novel of the The Vampire Files -- in which our undead detective finds himself caught in the middle of a Chicago gangland war! His girlfriend Bobbi has caught the attention of a famous radio star, who promises to open doors for the lovely singer -- including the one to his bedroom. His current case -- retrieving incriminating letters from the ex-lover of a rich, foolish young socialite, looks simple until bullets start flying. Jack has to find out the truth -- before the lives of those he loves are put at risk.. During renovations, workmen discover the remains of a woman, clad in a distinctive red dress. But amongst his patrons lurk a smarmy blackmailer and a dangerous up-and-coming mobster from New York-both unaware how deadly Jack can be when blood is spilled Then the door opened and there was this crazy-looking blond guy with a shotgun just standing there, grinning at us. Before we could do anything he swung it up and fired right at Braxton. Blood on the Water â€” It was war, then. Dark Road Rising â€” Chicago, February

Chapter 3 : Title: Bloodlist

Larger than life characters paired with a thrilling mystery, Bloodlist (Vampire Files No. 1) left me with a thirst (har har) for more and a burning desire to sport a trench coat. I really hate to say that I was surprised, but I was.
