Radar and sonar are based on similar<sup>!</sup>. Therefore, the most suitable heading for this paragraph should be xi:  
Paragraph B In the first sentence the writer says: Here we should focus on the bold words to realise that the main content of the text is that the increasing demand of water has been met. Looking back at the heading list, the most suitable heading should be iii, How a global challenge was met. Paragraph C The main points in this paragraph relate to dangers to health as the result of a lack of clean water. Paragraph D In the first sentence, the writer states: Paragraph E In the first sentence, the writer says: Paragraph F In the first sentence, the writer says: So we can infer that the text is possibly going to talk about a downward trend in water demand. He then discusses two factors: In these ways, the new projects should have higher standards in order to protect local people and their environment. Therefore the most suitable heading should be x, The need to raise standards. Water use per person is higher in the industrial world than it was in Ancient Rome Keywords: Water use per person, higher, industrial world, Ancient Rome In paragraph A, the last sentence, the writer says: Feeding increasing populations is possible due primarily to improved irrigation systems. Feeding, populations, irrigation systems In paragraph B, the writer explains: Modern water systems imitate those of the ancient Greeks and Romans Keywords: Modern, imitate, ancient Greeks and Romans From these key words, it can be inferred that description of water systems could only be found in paragraph C. Whether these modern water systems copy those of ancient Greece and Rome is not stated. Industrial growth is increasing the overall demand for water Keywords: Industrial, increasing, demand for water In paragraph F , the writer argues: In fact, the demand has slowed. Modern technologies have led to a reduction in domestic water consumption Keywords:

*cambridge ielts 7 - test 1 - passage 1 Questions Which paragraph contains the following information 1. examples of wildlife other than bats which do not rely on vision to navigate by.*

Only two Japanese pagodas have collapsed in years. The Hanshin earthquake of destroyed the pagoda at the Toji temple  
Keywords: Hanshin earthquake, , destroyed, Toji temple  
In the first paragraph, the writer states: Yet it left the magnificent five-storeypagoda at the Toji temple in nearby Kyotounscathedâ€¦. The other buildings near the Toji pagoda had been built in the last 30 years. No information relating to the date of these buildings is mentioned. The builders of pagodas knew howto absorb some of the power produced by severe weather conditions. This prevents rainwater gushing down the walls. Both Chinese and Japanese pagodas B. Only Chinese pagodas  
Information about Japanese pagodas is mainly found in paragraph 4. Easy interior access to top  
In paragraph 4, the writer says: In Japanese pagodas, no staircases were built. Use as observation post  
In paragraph 4, the writer says: Size of eaves up to half the width of the building  
In paragraph 5, the writer says: Original religious purpose  
In paragraph 4, the writer states: As in China, they were first introduced with Buddhism and were attached to important temples. Thus, the pagodas in Japan and China were built with a religious purpose, associated with Buddhism. Floors fitting loosely over each other.  
In paragraph 7, the writer says about Japanese pagodas: In a Japanese pagoda, the shinbashira  
Keywords: So C is not correct.  
In paragraph 7, the writer says: Shuzo Ishida performs experiments in order to  
Keywords: Shuzo Ishida, experiments  
In paragraph 7, the writer indicates: However, in the following sentences, the writer says: So D is not correct. The correct answer is C: The storeys of a Japanese pagoda are  
Keywords: Now we look at other answers to check for sure  
In paragraph 6, the last sentence, the writer states: So B is not correct.  
In paragraph 8, the writer says: No information relating to A can be found. However, in paragraph 8 we learn that: Particularly, the writer says: One effect of chemicals on water sources  
Keywords: In paragraph B, the writer says: Several species of wildlife in the British countryside are declining  
Keywords: The taste of food has deteriorated in recent years. But no sentences indicate the quality of food, especially the taste. The financial costs of environmental damage are widely recognized.  
In paragraph C, the writer explains: Therefore the financial costs are not widely regconized. Professor Pretty concludes that ourâ€¦ are higher than most people realise, because we make three different types of payment. We are paying for our supposedly cheaper food in three separate ways: He feels it is realistic to suggest that Britain should reduce its reliance onâ€¦. Although most farmers would be unable to adapt toâ€¦, Professor Pretty wants the government to initiate change by establishing what he refers to as aâ€¦  
Keywords: Specifically, in paragraph G, the writer states: Here we need a noun-something that many farmers would find difficult to adapt to. We need a noun- something new that Professor Pretty suggests. Greener Food Standard He feel this would help to change the attitudes of both â€¦andâ€¦  
Keywords: So the answer is consumers and farmers.  
Section B This section consists of 2 small paragraphs. In the first sentence of paragraph 2, he says: Section C In the first sentence of this section, the writer says: During Phase II, from January to February , a number of approaches were implemented in an effort to improve mobility and access to transport. Looking back at the heading list, it can be seen that heading v contains keywords like: Section E In the first sentence of the section the writer argues: The author indicates that the process needs governmental authorities of the district to be involved from the beginning. Looking back at the heading list, the possible answers that contain keywords are iv. Section F This section consists of 2 small paragraphs. Then, in the second paragraph, the writer says: The most suitable heading should be i. MIRTTP was divided into five phases. The answer is, therefore, NO. The regional road was in such bad shape that access to the main towns was almost impossible for about three months of the year. The survey, therefore, was a survey of time expended â€” 7 hours per day â€” and not of money spent by each household. This means that the aim of MIRTTP is to make the transport of goods safer and less arduous by improving the paths, or in other words improve the movement of goods â€” their import and export â€” from Makete district. Construction of footbridges, steps and handrails  
Keywords: It made sense to improve the paths by building steps, handrails and footbridges. In addition, its content matches the content of the text, in particular: Frequent
