SteppLibrary Mar 13, This book is about a farmer boy named Tobias Burgess as he moves to the castle and settles in with the way they do things there. He does archery, and also plays with the other boys there. At one point, he missed and hit a sparrow, which he got a small bite of. I liked this bok because it tells it in a first person point of veiw, and is also enjoyable with him missing, and also playing around with the other pages. It is also very informative, telling you the ranks of the castle, and also some festivals and other things that happen in them. The story tells about all of the things that Tobias encounters and sees, including seeing his friend captured for a crime and put in a basement. The story is just one year in his life and starts on January 10th when he first comes to the castle and goes until December 27th when his father arrives to take him home. I like this book because it is set up like a diary. In this way, the reader can go from day to day with Tobias and see what his life was like in the castle. This book could be used to show how other children lived in different parts of the world in different times. Children sometimes get the idea that everyone lives the same way they do. McKay Jul 6, This book illustrates what life was like in the 13th century if you lived in a castle. After Tobias Toby Burgess is sent to live with his uncle he starts to keep a journal of his daily life. He records everything during his life as a page in the medieval castle. He talks about tournaments, cooking, cleaning toilets, and much more. It is full of his accomplishments and set backs. I read this book with one of my classes at school. They loved the unusual set up of the book. It is written as a journal so it was easy to use in small blocks of time. We rotated through the class reading all of the journal entries. We had a lot of fun with this book. I would use this to emphasize story elements such as main character, setting, point of view, and so on. I could also use other subject areas during different point of the story. I could introduce or emphasize the water cycle during the time Toby is talking about lack of rain. I would show the children a map a of Europe and some of the main bodies of water around it. Last but not lease they could design and build a castle using shoe boxes, tissue boxes, paper towel and toilet paper roles. Here he witnesses day to day life in the castle â€” the jousts, the feasts and the fate of a poacher called David â€” will he be hanged? Toby also has to suffer the torments of his teacher when he has done something wrong â€” like scribbling notes in class! Great illustrations and a section at the back about medieval history and castle life.

Chapter 2 : Editions of Castle Diary: The Journal of Tobias Burgess by Richard Platt

Tobias is leaving his home for a while to serve as a page in the castle of his uncle John Burgess, Baron of Stranborough. Though Toby is sad to be leaving his family, he is also excited to see what life is like in the home of such a powerful man.
