A preview of the Cisco candidate admission process and other security measures are available by viewing this video. Cisco policy prohibits individuals, residing in the embargoed territories of Cuba, Iran, North Korea, Syria and Sudan, from taking a Cisco test or from becoming certified. For further information on exam and test center policies, please visit the Cisco Certification Exam Policy webpage. The Cisco global certification program allows Minors to test on all written exams electronically , except the following written, practical and lab exams: Minors are individuals between years of age who, with parental or legal guardian consent, may take tests and if passed, receive certification. For any person participating in a location that requires by law a lower minimum age for entry into such programs, then the minimum age limit for that person will be the stated minimum required age. Cisco reserves the right to impose additional restrictions to comply with local data protection laws. If a candidate would like the exam results to count towards certification the Cisco Certification and Confidentiality Agreement must be signed by the parent or legal guardian of the minor and emailed or mailed to Cisco. For more information, please refer to the Cisco Certification and Confidentiality Agreement.
