

**Chapter 1 : Change of Heart series by Mary Calmes | Scattered Thoughts and Rogue Words**

*A Matter of Time Change of Heart L'ange Mangrove Marshals Timing The Vault Warders Books Stand Alone Novels Stand Alone Novellas Anthologies Co-written All Books.*

He knows one thing for sure—he needs to find the beautiful blond man who haunts his dreams. Logan Church is trapped in a living hell. His world is unraveling without his mate by his side, and he has no one to blame but himself. If Jin can regain his memory and Logan can overcome the threats to his leadership, then perhaps they can resume their lives. Is that what they want? Back to the same house, the same tribe, the same troubles? They can choose from various roads leading to their future or they can forge their own path. When an author or publisher announces a book that ends a beloved series, it unleashes a flood of mixed feelings. Shock—the series is ending? Happiness—I get to read about some of my favorite couples and characters. Fear—how will the series end and will I be happy? Anticipation—how will the author pull it all together and will I be content to let them go? I read the book twice. Finished it the first time and started rereading it all over again. Especially when the plot and characters ended up on Sobek, Egypt, ancestral home of their kind, then I was riveted. Calmes wove the plight of her characters often horrific and gutwrenching into the idea of Egyptian myths come alive and an ancient shifter tribe on the brink of change and the result was gripping and magnificent. So what does Mary Calmes do with her last Jin and Logan story? From the very first sentence, the reader is plunged into a living nightmare. Jin has been stripped of everything he fought so hard and so long to have. No Logan, no family or friends or tribe. Above all, the question looms for Jin and us. That answer comes slowly and with great suspense. It is suspenseful, gripping, and excruciating in the anticipation it creates along the way. And when the reunion comes, the scene explodes with just the sort of power and emotion we have come to expect from this story and characters. I went back and forth reading and rereading passages for the sheer amazement and total enjoyment that brought to me as a reader and fan of this series. What else did I love? This story has all the elements I look forward to in a Change of Heart story and then some. Things made sense at the end. And it all made me want to go read it from the start all over again. Which I am going to do. What can I say? I thought this was perfection. It ended better than I hoped, with a smile and laughter and utter joy in all the characters and the new future ahead for them all. Am I sorry its over? Change of Heart remains a series close to my heart and Forging the Future is one of the Best of ! I highly recommend this book and the entire series. Now you must excuse me, I have a series to reread! Cover art by Anne Cain is just perfection. Perfect for the last cover in the series.

*Change of Heart (Change of Heart, #1), Trusted Bond (Change of Heart, #2), Honored Vow (Change of Heart, #3), Crucible of Fate (Change of Heart, #4), an Home My Books.*

No more of the semel and his reah, my werepanther leader and his mate, it was over and done. I was ready to go with the new guys, I had them all picked out, Wick and Dov, and even introduced them at the end of Crucible of Fate. We were a go for a big splashy ending that would still be fun because there would be a new love in the mix. And then I tried to start. I tried for a year. A whole year, and then I tried the year after that. I was doing other things too, but I wanted to wrap up the werepanthers, so it was always on my mind. At least twenty but every time I got to the middle of chapter two, I ended up deleting it all. For me, the first chapter always feels sort of stilted anyway. I have friends who start in the middle of a book, others who begin at the end and write backwards, and still others who write events in the story and then connect them with word bridges. This is what comes of being a pantsner and not a plotter, because I seriously never know where something is going until I get there. When I need my head cleared, need to be put back on track, I talk to my editor. It was supposed to be new. I had a plan. There was a plan. Clearly, my muse does not give a damn about what I think I should be writing. Would it be weird, switching to Domin and then back to Jin? Jin Church is back where he started, alone, wandering, and uncertain of his path. He knows one thing for sure—he needs to find the beautiful blond man who haunts his dreams. Logan Church is trapped in a living hell. His world is unraveling without his mate by his side, and he has no one to blame but himself. If Jin can regain his memory and Logan can overcome the threats to his leadership, then perhaps they can resume their lives. Is that what they want? Back to the same house, the same tribe, the same troubles? They can choose from various roads leading to their future—or they can forge their own path. All Romance eBooks Excerpt: I was hungry, so we stopped at Mr. They cared about me, about Jin, because for better or worse, we were family. Yusuke took hold of my hand, and I winced. He smiled wide, and I was simply dumbfounded. He was the oddest, most interesting man. He says it feels like thousands of needles. Even if he had a yareah, that person could soothe him a bit. All I wanted was to see him and touch him and repair the hole in his heart. You want to be whatever he needs, if only for a moment. Or worse, perhaps he was slowly rebuilding his life in secret and me returning, not knowing him, broke his heart irrevocably so that he was useless to both his son and his tribe? How could I, in good conscience, even see him? Logan is not himself anymore. What if me not remembering him was the killing stroke to his soul? How could I be responsible for that? We were all silent for a few moments, and then I broke the quiet with a litany of fears. Nothing changes that, nothing matters but that. Mary Calmes loves writing, becoming immersed in the process, and believes without question in happily every afters. She can be found at:

### Chapter 3 : books of Mary Calmes "Change of Heart", "Acrobat" and others on calendrierdelascience.com

*Change of Heart As a young gay man and a werepanther all Jin Rayne yearns for is a normal life. Having fled his past, he wants nothing more than to start over, but Jin's old life doesn't want to let him go.*

Usually, most shapeshifter stories drive me nuts and I get super hyper critical. There are only a few that I really like. That being said, I loved the werepanther world Calmes has built. Mary Calmes just does it for me. The insta-love, the sarcasm, the humor, the pain in the ass MC The second time I listened I liked Crane and Logan more, and now that I listen to this story almost every single month Yeah, yeah Logan and Jin By Shelley on Aug 8, Great beginning to the series. I love Mary Calmes writing style. I liked Logan and his immediate acceptance of his mate. No second guessing, no hesitation that his mate was a man and not a woman. Jin on the other hand made me want to shake him with his hot and cold attitude. The man was as skittish and hostile as a Chihuahua. There are presently 5 books in the series. Adult read By Kenny on Feb 7, Fell head-over -heels with Jin in the first one and never lost my affection and affinity for his and his mate in all the succeeding volumes. Wonderful characters, good conflict between and among characters, enjoyable plot lines. It was so well written, I really felt for and with the characters. I love love love Logan! An interesting plot, even!
