Did you know that a person can welcome an evil spirit into their soul without even knowing it? It is not an uncommon scene when a person actually welcomes unclean spirits without having to do anything on the outside -- your thought-life is quite capable of opening doors all by itself! This bait can be very appealing to the person and it can even seem harmless and beneficial at that point and time. The enemy is known to disguise himself as an angel of light, as to deceive people into giving him access into their lives: It could be forbidden sexual pleasure, supernatural power or knowledge of some kind mind control, fortune telling, etc. Jesus made it clear that even evil thoughts can defile us make us vulnerable for spiritual infection: These are the things which defile a man Here is a brief list of some popular spirits and how they often make themselves appealing: I will stand up for YOUR rights! If the person begins to seek this sort of power, they are letting the demons know that they are welcome. This is why I cringe every time that somebody tells me how their child is reading Harry Potter books I have seen AWFUL things happen to children who have been involved in Harry Potter, yet so many parents are ignorant and convinced that it is a harmless storybook. Again, when a person partakes in Yoga, or seeks energy healing, they are opening themselves up to these spirits. When a person begins to seek this power found in martial arts, they are welcoming spirits of mind control and such to come in and make themselves at home. When a person breaks a board with their hand, there is an evil spirit that goes ahead of their hand and breaks the board before their skin even touches the board! If you take a macro slow motion video of a young boy breaking a 2x4 in half, you will eye-witness this fact. That is because evil spirits are involved. One time a man came to Christ after earning a high level ranking in karate, and not long afterwards, his karate instructor said to him, "You have lost the spirit of karate! Once the person has a spirit in them such as lust or sexual perversion, it can become very difficult to resist the strong pull that the spirit has on that person. Spirits of addiction - These spirits often promise a world of escapism from reality for the person who is trying to cope with life. When a person turns to escapism, it can open them up to addiction which grows into a bondage where spirits of addiction are involved and it seems nearly impossible to break free without deliverance that is. This can be very appealing to somebody who has been rejected or hurt in this world. When a person seeks such occult power and knowledge, they are making themselves available to those spirits. Rash vows can be forgiven Leviticus 5: Spirits of self-pity, etc. You deserve much better than that! And the list goes on! When we leave the Word of God behind and seek to satisfy our own fleshly appetites, it can give unclean spirits access into our lives. Most people do not even realize what they are getting themselves into, and then they wonder why they have lost control in that area of their lives afterwards! His powerful video training series is now available!

Chapter 2 : MFM LONG ISLAND: WITCHCRAFT PRAYERS

Closing The Door is a book that exposes the arch enemy, Satan for what he is and gives sound biblical principals to thwart his attacks. This hard hitting book challenges the Christian to be sober and vigilant.

Remember to confess known and unknown family sin and forgive them for any torment you suffer from their choices. Then ask the Lord to forgive all in Jesus Name. And do not present your members as instruments of unrighteousness to sin, but present yourselves to God as being alive from the dead, and your members as instruments of righteousness to God. Verbally cut them off and turn away from them. Walk as children of light for the fruit of the Spirit is in all goodness, righteousness, and truth, finding out what is acceptable to the Lord. The earnest prayer of a righteous person has great power and wonderful results. Repent means that you are convinced and truly believe differently and thus want to change. It was the Holy Spirit who moved the prophets to speak from God. Therefore, when your eye is good, your whole body also is full of light. But when your eye is bad, your body also is full of darkness. Consecrate means to dedicate and set it aside to be used for Him. You have not changed Your mind, Lord, but I certainly have changed mine. You have convinced me beyond all doubt that my choices have wreaked havoc in my life and I want to obey You and live in peace. I renounce and cut off the works of darkness in my life, where I have partnered with demons and fed their access into my life. I turn my back on my wrong choices and behavior. I choose to turn my life in alignment with scripture and want to use my will to make right choices to please You. Lord give me strength and help to please You through my choices. I give you my eyes, mouth, soul life and heart. I desire to live a holy life, set apart for Your use. I want to hear Your voice, see pure visions and dreams, and I want to think good thoughts. I want my life to make a difference for Your kingdom Lord. I want to serve You and follow You the rest of my life in Jesus Name. My Father in heaven,.

Chapter 3 : Closing the Door on Satan | CrossWay Bible Church

Use HIM to Shut The Door On Satan (Gal) - Shut ALL the doors! a. You should not only open the door to the Lord Jesus, but should CLOSE the door on the devil!

Closing the Door on Satan Search: Last week we looked at the temptations of Satan directed toward Christ in the wilderness. We learn a lot by studying the One who defeats the enemy every single time. With each temptation he wanted Jesus to turn away from the will of God, from the Word of God, and from the cross. I believe that Satan has already made meticulous plans for our downfall. All that is left for us to do is to step into the trap he has carefully laid. If you are catching a mouse, you use cheese; a bear will be drawn to fresh meat; for fish, you use worms. The trick is to tempt your prey with what it wants to have, but end up giving it what you want it to have. Let me share three things to remember when it comes to his temptations: Satan is very angry. He is angry at God because he knows that God will win the battle. He is angry because he wants to be worshiped like the Most High God, and yet he knows he never will. He had hoped the entire human race would side with him. He is angry when he sees the image of Christ in us. Satan is all about making sin look good to us. He is also wants us to develop confidence in handling the consequences of disobedience. He will never remind us of the law of unintended consequences. Satan works through the sins of the flesh. He takes the sins we already struggle with and strengthens their power. Closing the door involves answering Satan with the truth as Christ did; thanking God for the test and His strength to resist; knowing that sin is always our enemy; and learning the meaning and joy of resisting. The poison of the serpent must be neutralized! Our battle is never over. We must reflect Christ in our lives, but in our weaknesses we sometimes reflect the devil. Our prayer should be: May I love to do Your will more than I love to do mine.

Chapter 4 : How to Close Demonic Doors

Door-Closing Prayer Satan, I renounce you and all your demons. I bind you Satan in Jesus' Name. Strongman of my house you are bound as well. I put you all on.

An open back door represents things from your past infiltrating into your present. They are doors opened by actions that were taken in the past by you or someone else such as your ancestors. They are skeletons from the past that are haunting your life now and need to be dealt with urgently. This means that even though they happened in the past sometimes hundreds of years before, they are still impacting your life now and probably will continue to do so until you deal effectively with them. A good example is an evil transgenerational covenant or curse. This includes evil dedications, evil patterns, and collective captivity. Demons and strongmen will enforce them until you put a stop to it. Another example is an evil soul tie formed from a past relationship that has not been broken. Every evil hand from my past assigned to spoil my now and my future, wither by fire, in the name of Jesus. Jesus is the Key of David He opens and no man can shut and He shuts and no man can open. Jesus is the only door through which we can rightfully approach God. Doors are manned by door keepers in the spirit realm. These can be angels of God or angels of Satan such as strongmen. Evil doors must be consciously closed or they remain open and continue to cause trouble. A bad door just does not open. Someone or something must have opened it. Each door has a hinge that closes or opens it. The devil keeps coming around to see if the door is open He tries the door to see if it is open so that he can come in to carry out his agenda of killing, stealing, and destroying. Evil doors can be open in different ways that enable the enemy to come in to kill, steal, and destroy. This includes both personal, parental, and ancestral sins. Disobedience to God and His word. You have to carry out restitution right away. Armor of God not in place Ephesians 6: These include idolatry, witchcraft, familiar spirit, and marine bondages. Unbroken evil covenants and curses. These include evil dedication and collective captivity. Evil customs and traditions. These include shaving hair for the dead; demonic washing of feet during marriage ceremonies and burial ceremonies; putting food out for the dead; throwing sand on the dead; visiting the dead at graveyard; and such wicked customs. Partaking in satanic festivals such as marine festivals, New Year and New Yam festival. Do not join them physically; send your money to them for it; or partake of the food from such gatherings. Eating polluted food Especially food offered to idol which is forbidden in both the Old and the New Testament books of the Bible. Visiting or living in polluted environments For example, living in a house or compound that is a witchcraft meeting point or where a person is physically buried. Be careful where you live or visit. Always do a spiritual walk through of your house, office, and environment to remove any unclean or polluted items that can open the door for the enemy to come in. Also always cleanse your environment using the blood of Jesus, the fire of God, and the word of God. Dedicate your house and everyone that lives in it to the Father, the Son, and the Holy Ghost. Everywhere I have been that has brought trouble into my life, my Father, visit that place and make my life more meaningful. Demonic access to your life by satanic agents For example, by taking polluted gifts from satanic agents that are meant to ensnare and pollute your life and anointing. By sharing personal effects with satanic agents such as clothes and toiletries. By eating with them. By giving them demonic access to your head through: Evil laying on of hands or b. Asking them to help you tie your head gear Gele. I use the blood of Jesus to block every demonic access to my life. Lack of forgiveness This is a powerful ladder for the enemy to come in. It includes lack of forgiveness of self and of others. This is the gateway to many terrible sicknesses that afflict people. Lack of discipline For example, loose sexual life; loose tongue; and careless eating. Evil association Be careful of the company that you keep. Evil communication corrupts good manners. Be careful what you watch, read, and listen to Philippians 2: Demonic pastors and churches Be very careful where you go for help otherwise you will just be collecting evil load and compounding your problems. Run from places where they trade in oil, incense, soap, sponge, candles and the like. Also be very careful who you allow to lay hands on your head and where you partake of communion. Even going for night vigils you have to ensure that you know the people and the church well. When bad doors are open, either front or back, the enemy comes in to kill, steal, and destroy. He does this very fast too. Here are some of the manifestations: Evil

strangers come in Psalm David and Joseph were demoted until God repositioned them to the places of honor of king and prime minister respectively that He had ordained for them. Serpents and scorpions come in Luke These are satanic agents moving around as me and women. They sting and bite if you let them in. Old problems come back. Rachel was a chip of the old block. She was just like her father, deceptive, trickish, and manipulative. Her lies and deception led to her untimely death. There is failure where there should be success. Achan opened the door for the enemy to come in and trash Israel in battle by taken the accursed thing that God had expressly forbidden them to touch. Limitations and barriers to success start manifesting. God appears very far away. This is what happened to Adam and Eve after they opened the door for the serpent to come in and bite them. They lost their vibrant fellowship with God and hid when they heard Him coming. Affliction and Hardship Poverty, sickness, dryness, and joblessness become the order of the day. The enemy comes in and puts the vehicle of destiny on reverse You start retrogressing instead of going forward in life. Good things are stolen. These include marriage, health, property, favor, virtues, fruitfulness, and breakthroughs. Frustrations and discouragement Failure instead of success Hardship and affliction Satanic delay of blessings and sluggish progress. You must close the door against the enemy. How do you close the doors? Apply the blood of Jesus You can only close the bad open doors with the blood of Jesus. Repentance and Salvation You have to repent of all sins because whoever breaks the hedge gets bitten by the serpent. Sin, no matter how small or infrequent, opens the door for the enemy to come in. Therefore, you have to repent of both your own personal sins and the sins of your parents and ancestors. So long as his property is still around, he has a legal ground to refuse to leave and to stay put. Prophecy over your life. Call yourself what God calls you and not what the enemy has labeled you. Daily self-examination Watch out for you dreams which are the mirror into your life. Pray targeted prayers These are prayers that have been proven to successfully close opened evil doors. They include prayers to close the door against witchcraft in all its ramifications; prayers to close evil gates with its attendant armed gatenen; and prayers that use the blood of Jesus as a weapon to fight for you. Watch out for you dreams which are the mirror into your life. Remove the polluted items Remove the offensive items that opened the evil door in the first place. Ensure the door remains closed Ephesians 4: Remove the offensive items that opened the evil door in the first place. Come O Lord and fill me now. Remember me O Lord.

Chapter 5 : messages-doors | Roger Hicks

The forces behind the gates must be disarmed if you must rise above your circumstances and attain the optimum level ordained for you in life. You must expend enough prayer energy at the gate of your destiny.

Often they are unapparent to the natural eye. Open doors God will open doors for your workâ€”1 Cor. I will stay on at Ephesus until Pentecost, because a great door for effective work has opened to me, and there are many who oppose me. No person should ever boast at the way doors open for them. The Creator of the universe just happens to be leaning on that door. We are so smug; to take the credit for the ministry we have been involved in, is as silly as someone applauding themselves every time a door automatically opens when they leave a supermarket. We have to observe caution with open doors. We may see more than one need, and we may have many opportunities to choose from. If we do everything right and with the right spirit, we may still suffer for doing goodâ€”1 Peter 3: When they came to the border of Mysia they tried to enter Bithynia, but the Spirit of Jesus would not allow them to. Paul must have had the sorest nose in town, because the Lord would indicate His will to him by closing a door in his face as he walked through it. On the other hand, a door can be closed by Satan, tooâ€”1 Thess. What do you do when Satan locks the door? When you have walked through the seven tests and you are convinced God wants you to do something, what do you do when the doors are still not open? It may be that you have the right plan, but you are the wrong person. It may be you are the right person, but God wants you to team up with someone to accomplish the task. See what was accomplished by this substitution in 1 Thessalonians. Paul was encouraged and able to encourage as wellâ€”1 Thess. Are you able to pass the ball to another team member in the open field just as you are about to be tackled? Paul gets locked up in prison, so he goes to his flock through creative meansâ€”1 Thessalonians. Paul set a great example, sending letters, i. He shared Christ with the guards he was chained toâ€” Phil. Our closed doors may look like this: Mothers with small children: Job that is not going anywhere: Prayer goes through closed doors more effectively, efficiently, and economically than most of the things we can do by our presence. The final thing we might do if the doors are closed is to: A closed door can have the sign "wait" on it. There may be other things that must transpire, or other people who need to be obedient before God opens the doorâ€”2 Cor. Sometimes Satan wins the battle, but even then God will turn it for our ultimate goodâ€”1 Peter 3: It may be that others will persecute you when you are doing what is right. This is illustrated in a book entitled: Talking About God is Dangerous: In the book, the author describes how God opened the door for her to know Him. She was 26 and had been raised as an atheist in Russia. She had become an outstanding philosophy student, the pride of a Marxist society, but she was still dissatisfied. I had no roots and would go into a meaningless future. I understoodâ€”not with my ridiculous understanding, but with my whole beingâ€”that he exists. He, the living, personal God, who loves me and all creatures, who has created the world, who became a human being out of love, the crucified and risen God. Tatiana goes on to describe the Soviet Christian community that is growing, not despite persecution, but often because of it. She implies that closed doors of opportunity are not always bad, but are often the best thing for us. The experience of the persecuted Russian Church says to us quite clearly that suffering for God does not take us away from him, but on the contrary brings us nearer to him. Next time a door of opportunity opens or closes in front of you, ask God, "Is that you? What do you want me to do or learn? How do we know if an opportunity is presenting us an "open door? What has been your personal reaction to "closed doors? Which is the hardest for you to implement when a door is closed? Is it your habit to ask God, "Is that you?"

Chapter 6 : Opening demonic doors - Even with your thoughts!

This video is for the glory of Jesus Christ and to help His precious people who He loves. Acts And many who had believed came confessing and telling their deeds. 19 Also, many of those who.

More specifically, man has three parts: Evil spirits may take up resident in any or all of these three parts: Even a Christian may allow evil spirits to enter his body or soul Matt. Note, only the spirit of a Christian remains exempt from demonic occupation in that his spirit is in eternal union with the Holy Spirit I Cor. See also Acts 8: The mind of a man is like a TV screen that pictures various thoughts. Thoughts come from different sources: From physical stimuli the five senses. From the powers of darkness evil spirits. Man, unlike all other earthly creatures, was given a conscience by which he can judge the purity of thoughts. Man was also given the power of his will to choose which thoughts to entertain or reject. When one chooses by the will to entertain a specific evil thought, then he leaves his door the will open for an evil spirit to enter. The door is the WILL of man. The Opening Evil spirits crouch like wild animals at the door waiting for an opening to enter Gen. Again, the door is generally considered the will of man. The door may be opened by: Being knowingly involved in a sin-habit. Situations that call for fear. Situations that bring emotional hurt. Any kind of occult involvement. Drug and alcohol use. Sins of the forefathers. A New Resident If you have allowed evil spirits to enter into you house, then you should also know that you have no power of your own to overcome them. You may receive this stronger power by praying: I confess to you Jesus that I have sinned. I realized that the penalty for sin is death in the spirit-man. I believe that you, Jesus, died for all my sins and arose again. I ask you to come now and live inside of me by your Spirit. A vacuum is an invitation for evil spirits. By casting them out of people that he met. By overcoming Satan in his death and resurrection. By giving the same power and authority to Believers to bind and cast out evil spirits. Begin House Cleaning 1. Destroy by fire all physical objects in you possession associated with the occult or false religions. Some examples are books, magazines, records, CDs, tapes, videos, statues, art objects, charms and other objects of worship. Destroy all personal possessions of drugs, alcohol, and pornography. Confess to God the specific sins of your forefathers. Confess to God all known sins in your own life asking for His forgiveness. Tell God that you are willing to forgive everyone who has offended you and hurt you. Then ask God also to forgive them. Claiming Your Property 7. I bind and command every evil spirit to leave me and not to come back. Expect the curses to be broken and the spirits to leave. Continue to resist your enemy until you experience deliverance in your life. Praise the name of Jesus. Understand that nothing can separate you from the love of God. Be baptized immersed considering yourself dead to sin, but alive unto God. Cast all your cares upon Jesus because he cares for you. Put on all the armor of God and pray daily. Reject wrong thoughts and run from all temptations to sin. Jesus is now knocking at the door of your soul mind, will, and emotions desiring to enter. Be baptized in and filled with the Holy Spirit. Yield all personal rights that you may have to Jesus letting Him take control over all areas of your life. Join a local church and submit yourself to the authority of the Pastor and Elders. Greater is the Holy Spirit in you than then devil and his spirits in the world.

Chapter 7 : Closing down every satanic gates - All About GOD

Both "Faith" and "Fear" are motivating forces. "Faith motivates God to do things for His people. "Fear" motivates the Devil to attack God's people and gives him legal access into their lives.

View Blog When ever it comes to the issue of destiny, the determining factor is the foundation or background of the individual. No man is an island. You are a product of your family background. Each family or lineage is an entity. What we see or know, most of the time, are the members who make up the family. But unknown to most people, every family has a spiritual gate. This gate hovers around every individual member like a dark cloud. For a long time, billions of people all the over the world have struggled to earn a living or attain the fulfillment of their destiny without success. Little or no effect has been done to tackle the spiritual factors behind the fulfillment of destiny. **THE TREND** If you have ever undertaken an intelligent research into the trend of events in your lineage and family, you would have discovered the fact that members of a family hardly rise above their roots. Common limitations, hindrances and problems are like a black thread around the members. Whether the family members are abroad or at home they manifest the same traits, suffer the same attacks, encounter the same problems and are victim of similar ugly circumstances. Therefore, you cannot fulfill your destiny unless you identify the spiritual gate of your family line and use the weapon of deliverance and spiritual warfare to wrest your personal destiny from the grip of collective captivity. The fact that you came from a particular family or raised in a particular community should make you to take cognisance of the fact that you are under the spiritual influence of your family gate. The forces behind the gates must be disarmed if you must rise above your circumstances and attain the optimum level ordained for you in life. You must expend enough prayer energy at the gate of your destiny. Constant spiritual bombardment will enable you to rise and attain the heights destined by God for your life. Who is the King of glory? The Lord strong and mighty, the Lord mighty in battle". There are entities known as the spiritual gates. These gates are addressed in the above text: Spiritual gates are access routes. They are entry points. They are spiritual doors or pathways of entry into a life, a family, a city, a nation, a continent, a career, a business or a marriage. The gates are not just access routes, they are legal access routes. **Some Gates To Consider:** Do you some times notice that you feel choked on your bed? It is the gate in operation. Then a gate is in operation. A few years ago. As a sister was sleeping in the middle of the night, she heard a voice calling all her five different names, including two that most people did not know. She got up of the bed, undressed, opened the first door, but as she was about to open the second door and jump out naked into the street, she heard a counter voice saying " Children of God never run mad". Then her sense came back. She went back to bed, put on her cloths. That was an evil gate in her family, trying to disgrace her. Do you often get very depressed suddenly? One morning you are so happy that you feel like jumping up and praising God, the next day you are so depressed that the thought of taking your life comes upon you. It means that a gate is opened. Do you some times notice a paralysing force moving all over your body? Something presses you down and to lift your body becomes a problem? A gate is opened. Do you sometimes find strange items like insects or human hairs in your food? Do you see all kinds of creatures come to fight you? Do you feel unusual heat in your head or does any mysterious object move in your head? Do you hear people calling your name without you knowing who is calling you? Do you generally go into sexual relationship in your dream? Do you receive emergency false messages? A message suddenly comes that you should come because someone is dying, but on getting there no body is actually dying? Do you sometimes see someone who was confirmed dead coming to speak with you? Do you see yourself in the dream picking eggs or picking dirty things to eat? Do you see yourself walking in a slippery place or do you see the material you put non blown by the wind in the dream? Know that a gate has been opened. The gate of witchcraft is revealed in Nuhum 3: Woe to the bloody city! It is all full of lies and robbery; the prey departeth not. Because of the multitude of the whoredoms of the wellfavored harlot, the Mistress of witchcrafts, that selleth nations through her whoredoms, and families through her witchcraft. A single witch in a family is a gateway to trouble in that family. The terrible problem is that witchcraft sells familie. They becomes a gate to the family, and the whole family will be sold to witchcraft. I warn people seriously against going to prostitutes

and committing immoralities. Once you look into their eyes you will know that they are into witchcraft. When a man goes to sleep with a witch, he becomes a wizard and he introduces witchcraft into the family. These days, we have executive witches working in offices and all kinds of men are being caged, they suck human blood and take it to witchcraft covens. Do not deceive yourself by thinking that witches are old women with grey hairs. Modern day witches and wizards are not so, they dress properly and use the latest perfumes. The strongest gate is immorality. It will always open the door to witchcraft into your life, why? It is because your sexual organ is a strong gate into your life. The enemy will have access into your life and thereby introduce witchcraft into your family. Notice that it was the Lord that delivered Israel into the hands of the Midianites and the devil. When you are living in sin, you put yourself and your family into trouble. When God delivers you into the hands of your enemies there is a problem. If you read the book of psalms it appears as if David discussed all his problems to God, but he did not discuss the problem of women with God. If he discussed it, God would have broken the bondage! Solomon his son broke the Guinness book of records in marrying many wives and concubines because of the family sin that was not dealt with. Family sin will open doors to satanic attacks. He put light on them and start smoking. When a father commits sin, the same might be transferred to his children. Steps to deal with the gates: You must investigate your family foundation. Go into deep repentance. Repentance will set you free. Covenants will continue to speak unless renounced. Rededicate your life and family to God. Continue to live a holy life. Every gate of darkness, in my life, be closed in the name of Jesus. Every wicked gate rejoicing at my problems, fall and die in the name of Jesus. Magnets of favor, envelop my head. I re-posses all my lost blessings in the name of Jesus. Stay blessed in Christ.

Chapter 9 : Closing the Door Overcoming Satanic Forces, Otis Thomas McMillan. (Paperback X)

Learn how you too can close the door to demons, plus a video clip about a guy who was a wiccan, who realized his big mistake, and came to Jesus!

Spanish version Doors present some of the most common accessibility issues. They may close too quickly for some people to pass through easily. People who move slowly or use mobility devices like wheelchairs or walkers may not be able to pass through fast enough. Fortunately, these common problems can often be resolved by simply adjusting door closers. Follow these steps to make sure your doors are accessible to all.

Measure Door Opening Force and Closing Speed The best way to measure door-opening force is by using a door force gauge, also called a door pressure gauge. To do this, first unlatch the door and then press the gauge against the door. Push until the door opens all the way. The readout on the gauge shows you the force required to open the door. Some gauges have hooks to help you pull the door open. Door force gauges are available online and in some specialty hardware stores. You may also use a simple mechanical or digital fish scale. These options may be less accurate since you have to read the scale while opening the door. To use a fish scale, attach a string to the scale and the door opening hardware. Measure the maximum force required to pull the door open. Interior doors should require no more than 5 lbs. This does not apply to the initial force needed to overcome the weight of a motionless door. Opening force for exterior doors is not specified in the ADA Standards, but exterior doors that need to be accessible should have the minimum force possible. Typical maximum opening force for exterior doors ranges from 8. Any door so heavy that it prevents entrance by people with disabilities may deny them access to goods and services, which is covered under the ADA. Also, state or local government codes may have specific accessibility requirements for exterior doors. The closing, or swing speed must not be faster than five seconds. The closing or swing distance is from the open position at 90 degrees to 12 degrees from the latch. Determine the Simplest Solution Check to see if the problem is due to warping of the door or door frame, loose weather stripping or threshold, or door hinges that need tightening or lubricating. Check to see what type of closer is installed. Most closers are mounted at the top of a door or above it on the jamb. However, some doors use internal models hidden inside the door frame. Check to see if the closer is damaged or leaking oil. Check to see if the closer is still under warranty. Adjusting or repairing it may void or cancel your warranty. Decide whether to replace, adjust, or in some extreme cases remove the door closer. Be sure to refer to the closer maintenance manual before trying to make adjustments, or ask building maintenance staff for help when possible. Mechanical door closers use the hydraulic force provided by the user to shut the door after it is opened. Most closers allow you to adjust the speed and power of the door. To adjust the latch or sweep speed: Turn it clockwise to reduce the speed, counterclockwise to increase the speed. The set screws are usually located on the end of the closer. Make adjustments To achieve the 5 lbs. Foot or shoe adjustment: In the standard position, the mounting hole is at the normal dimension. By rotating the foot or shoe, the adjustable arm can be offset to provide a power increase. With a closer with a three-hole shoe, you can increase the power up to 7. Moving the arm from the center position to the latch side of the door can decrease the power as much as 7. For more information about accessibility requirements for doors and facilities:
