Diane's Delectables made our wedding cake for our beachy-themed wedding September 7th in Rhode Island. Diane was absolutely fabulous to work with, super accomodating of all my ideas and hopes for this cake.

Contact me at or by email at dianedorsey verizon. What customers are saying Wedding: My cake came out amazing. It was everything I wanted. I had elements from a few different photos that I loved and Diane was more than willing to piece them all together to make my dream cake. The flavor selections she has are delicious, and her cakes are not dry like some professional cakes tend to be. On top of all this, she is also extremely reasonable and fair in her pricing and we definitely felt like we got a lot for our money. You will not find another cake that tastes as good as hers. We chose the white chocolate raspberry cake and it was incredible!!!! I would recommend her to anyone for any occasion!! I had an idea what I wanted and she made it come to life. She was very helpful with the design and logistics and was very patient with me when I asked questions. The cake tasted phenomenal, and looked even better. Everyone loved the cake and the presentation. I will certainly refer friends and family to Diane!! I want to thank Diane for the most moist wedding cake, we were very happy with your cake and my guests loved it, I heard more compliments on your cake. Diane was absolutely fabulous to work with, super accomodating of all my ideas and hopes for this cake. She created a beautiful sandcastle with two adirondack chairs on top for toppers! My choice was a champagne cake with lemon strawberry filling and whipped topping, his choice was a chocolate cake with oreo cream filling All of our guests were so happy The display cake was beautiful just what I was hoping for. Diane did an amazing job and I have already referred a friend who is using her for her wedding coming up in June. If you want value and a delicious cake use Diane, she will make it happen! Our guests loved it and we loved it too. Not only was it beautiful but it tasted delicious. It was so nice to work with someone who has such reasonable prices but still delivers an exceptional product. Diane not only creates yummy cakes, she is extremely affordable! Most bakers in and around the Newport area are off the charts expensive and it was amazing to find someone who is affordable and also puts out a great tasting and beautiful product. We ordered a dummy cake and sheets cakes for the guests The weather ended up being so hot and humid our cake would have melted all over the floor if it was real It also allows you to have fresh toppings, such as whip cream on your cake as it hangs out in the fridge till it is ready to be served. Thank you Diane, I will be returning to you on our 1st anniversary: Our cake was to die for!!! Diane listened to exactly what we wanted and within our budget. She was an absolute pleasure to work with for my most special day and I will be forever grateful. The cake was so so beautiful and added to the most perfect day of my life! Much love to you and I will be back soon for the next occasion! Considering her talent for design, her countless flavor choices and her unbelievable prices I bet you will book her within minutes of meeting herâ€I did! Where do I begin? From the very first e-mail we shared Diane was professional and amazing! I met with her for a tasting where she had 14 of her many flavors for me to try. Deciding was nearly impossible as they all tasted amazing. My fiance was unable to attend so she even wrapped them up for me to take home for him to try. Our wedding cake came out better than I could have imagined! I have received many compliments on the cakes look and taste! I highly recommend her to anyone for any cake occasion! After reading all of the incredible reviews and with just a glance at her flavor list, we booked Diane before even scheduling a tasting. She absolutely exceeded our expectations! Our cake was amazing!!!!!!!!!!!! We had the "Ultimate Wedding Cake" and it was everything we wanted it to be and more. We served it with milk "shots" and all we heard was rave reviews about the cake all night! It was beautiful we told her what we had in mind and she designed it as a one-of-a-kind creation perfect, moist and knee-bucklingly delicious. After eating our still delicious frozen

anniversary piece one year later, we knew it would have to be a tradition. And as an added bonus, how many people can say that they still keep in touch with their "cake lady? I never had to worry about one thing while working with Diane. Wonderful experience from start to finish and worth every penny.

Tina S 4 months ago on Google I have had her cupcakes which are tasty, moist and flavorful! They definitely taste homemade! We needed a cake for our gender reveal party and Diane was responsive by email discussing pricing and details. However, she is really busy so I felt it was easier to go in and discuss the cake and place my order. She is very friendly and easy to work with. I showed her a picture of what we were looking for and she confirmed that she would be able to make it. We ordered a dyed cake of the gender along with half buttercream and half strawberry with a fondant topping. We do love buttercream but our design made sense for it to be fondant. The cake did have a nice layer of buttercream along with the fondant. It was dyed blue so we are having a boy! The pricing was very reasonable and the cake was beautiful and delicious! Our guests were delighted with our cake and how delicious the cake tasted! She also communicates a lot via text which was helpful and easy! We will certainly choose her again for cakes in the future! I also hear her ice cream is delicious which I have not tried yet!
