We have excellent Brazilian Portuguese software engineers and quality assurance editors who can localize any software product or website. In the age of globalization, you definitely would want to localize your website into the Brazilian Portuguese language! It is a highly cost-effective investment and an easy way to expand your business! We also offer services for Brazilian Portuguese interpretation, voice-overs, transcriptions, and multilingual search engine optimization. **Brazilian Portuguese Language Facts:** The differences between European and Brazilian Portuguese are comparable to those one might find when comparing British and American English, though some claim they are much greater, especially considering the differences in Brazilian and European grammar. The Brazilian formal written standard, which is defined by law and international agreements with other Portuguese-speaking countries, is very similar to the European one; but there are nevertheless many differences in spelling, lexicon, and grammar. European and Brazilian writers also have markedly different preferences when choosing between supposedly equivalent words or constructs. Nevertheless, the cultural prestige and strong government support accorded to the written standard has maintained the unity of the language over the whole of Brazil and ensured that all regional varieties remain fully intelligible. **Translation plugin for website** For blogs and small, personal sites, we offer simple, free website translator tools and WordPress plugins you can self-install on your page template for fast, easy translation into dozens of major languages. If you fall into this category, check out our **Free Website Translation Services** for more details! **Translator specialization requirements** legal, medical, etc. **Language considerations including dialect preferences** Any design or desktop publishing needs **Deadline requirements** For even faster results, contact us directly using the full quote request form.
