Share1 Shares Hopefully no one is coming to this looking for something they can sit down and play brilliantly in one sitting. Bear in mind though, the key to this, like anything, is practice. If you want something to sound good, you have to be prepared to work on it, but these are the top ten pieces, in my opinion, that sound amazing, and can be performed with not too much difficulty on your behalf. If you disagree with any of these, by all means, give your opinion in the comments. The right hand theme is also relatively simple, presenting only a small challenge to someone with a particularly small hand. The hardest part of this piece by far is the speed factor, but even played slowly, this is sure to blow everyone away, if you have the discipline to learn it as a slow piece, and avoid the temptation of running away with it. If played at a moderate speed, there are no excessively challenging passages in the entire piece. This is a must-have on any dinner party list, and given how well-known it is, people will immediately recognize this piece. Some of the stretches are wide – so wide hands are helpful, but it is actually a very simple piece. It manages to sound more complex than it is through unusual harmonies but it is well worth the go. The end is particularly cool. He is also known for extremely jarring and dissonant music. It also uses the sustain pedal throughout without lifting your foot so you can concentrate on the fingerwork not the footwork. This set of three pieces number 1 is the one we have here are considered to be precursors to the modern ambient music movement. The only tricky thing in this is to avoid heaviness, and maintain fluidity throughout. This will without a doubt be one of your most impressive pieces if executed correctly. While not a mainstream piece, this small gem is an astounding portrayal of emotion through music. The simple melody, interspersed with the accompaniment, is simply beautiful. Mozart adapted the theme of a well known French folk song into 12 different variations, each of which focus on a different aspect of the piano. I promise you, this piece is not too difficult, but it will sound amazing if treated right. This piece is technically very simple, but it takes a certain emotional maturity to play it as more than just notes. This may well prove to be one of the more challenging on the list, simply because there is a tendency to play it too fast, or too heavily, which will utterly destroy the piece. If perfected, this will be one of the most emotional pieces in your repertoire, I know many people who have actually been driven to tears by this piece. This animation is a perfect summary of the piece. This is a remarkably simple piece that is potentially among the most recognized pieces of all time, and remains one of the favorite piano pieces ever written. Nothing needs to be said, just listen. And for completion, here is the virtuosic talent of Glenn Gould playing the incredible third movement.
