## Chapter 1 : Ocean City, Maryland - Wikipedia

*These outlet shopping malls in Maryland and Virginia are worth the drive. Within an hours drive from Washington, DC, you will find the best selection of stores and the best prices on designer and brand name items from clothing to electronics to housewares.*

By car[ edit ] Maryland is served by several main Interstate highways, and a number of other routes enter the state. Interstates 68 and 70 are the main east-west interstate highways in the state. In addition, US Routes 40 and 50 are major east-west arteries. Interstates 81, 83, 95 and 97 are major north-south routes. In addition, US Routes , , 29, 11, 15, 1, and 13 are major north-south arteries. Use of cell phones while driving[ edit ] Throughout the state, talking on hand-held cell phones without a hands-free device while driving is illegal. Naval Academy, and a lovely historic center. Ocean City has its fair share of fun tourist kitsch as well. Do[ edit ][ add listing ] The big activities here revolve either around sporting events, or outdoor sports. Sports are a big deal in Baltimore , which is a city utterly mad for Baltimore Ravens footballâ€”half the businesses in the city deck themselves out in the teams colors. No less important to the city is the Baltimore Orioles baseball team. Sports are just as big a deal on the college scene at the University of Maryland, in College Park , where the Terrapins draw huge crowds from the counties surrounding the school. Outdoor sports are concentrated in the east and the west of the state, since the middle is overrun by dense suburbia. In the west, there is great trekking opportunities in the Appalachian Mountains â€” Appalachian Trail or otherwise. On the trail in Maryland, is a huge rock climbing draw at Annapolis Rock. The big state parks, like Catoctin Mountain Park and Patapsco Valley State Park , also have loads of really nice woodland hiking trails. Annapolis Rock on the Appalachian Trail Other more eccentric local activities include: Duckpin bowling Maryland is one of the few remaining places to experience this dying sport. With smaller bowling balls, funny-shaped pins and three throws per frame, duckpins represent a unique regional experience. Lacrosse Maryland is perhaps the hotbed of high school and college lacrosse -- it became the official state team sport in A ticket to one of these matches represents a different sort of spectator experience than you get at a football, baseball or basketball game. Celebrating its 30th year as of , the Renaissance Festival is held every fall on the weekends and Labor Day between the last weekend of August and the third weekend of October. Probably your only chance to view the Maryland state sport of jousting. Livestock shows, entertainment, a vast midway full of thrill rides and carnival attractions, and even a horse race all make up the Maryland State Fair, held the last weeks of August through the first days of September. Preakness Baltimore , MD. The second jewel in the legendary Triple Crown of thoroughbred horse racing happens every May at Pimlico Race Track in northwest Baltimore. Parties, parades, and other events throughout the Baltimore lead up to the anticipated race. A small portion of your crabs at a feast A crab feast primer A quick review of crab-eating technique can be useful: To open the crab, flip it upside-down and look for the long "lever" on the belly. Get your finger under it and pull to pry the shell open, revealing the meat and guts inside. Most are too squeamish to eat the greenish fat, liver, and innards referred to locally as "mustard", but a true Marylander eats all of the crab - apart from the grayish gills which are always removed. Local Maryland cuisine is as richly exotic. Without a doubt, the state is known first for its Maryland Blue Crabs, fished from the Chesapeake Bay , served in magnificent quantities, drenched in Old Bay a peppery mix of celery salt, bay leaf, mustard seed, black and red pepper, cinnamon, and ginger , accompanied by copious amounts of beer, and a total, wonderful mess. The blue crab, symbol of the state, adorns drivers licenses and other state paraphernalia, and is a considerable source of state prideâ€”all the more disappointing that farm run-off into the bay from the nine states of the Chesapeake Basin has decimated the local blue crab population, greatly limiting the fishing haul, and meaning that you are often eating crabs from the Gulf of Mexico unless you caught them yourself. The no less magnificent crab feasts continue, though, along and around the Bay in small crab shacks and in restaurants around Annapolis and Baltimore , and throughout the Chesapeake Bay region. The Chesapeake Blue Crabs are a bit of a natural freak, crabs that

## DOWNLOAD PDF FACTORY OUTLET SHOPPING GUIDE: WASHINGTON, D.C. MARYLAND, DELAWARE, VIRGINIA , 1978

"molt" annually as they outgrow their shells. Further along the Maryland line of crab cuisine is the crab cake, which comes in many varieties. You can find them anywhere in the state, at any American restaurant. But quality varies wildly, and most will leave you thinking, "well, I would have rather just had the crab. Aside from crabs, shellfish in general are a classic cornerstone of Maryland cuisine, no surprise, given "Chesapeake" is Algonquian for "Great Shellfish Bay" and raw oysters on the half shell are a local delicacy. From here, the cuisine gets stranger and harder to locate: The most esoteric Maryland dishes range from roasted terrapin to fried muskrat to roasted eel to boiled raccoon. Good luck finding these, though. Hopefully top local chefs will come to their senses and start cooking upscale variations on these interesting local dishes, and realize that the Italian-French-American fine dining you can find in any city throughout the country is a little uninventive. Lastly, there are several Mid-Atlantic foods worth looking for, mostly in diners. A slice of scrapple for breakfast is a fried delicious must, despite its origins pig organs and scraps , which do terrify the uninitiated and the cowardly. The best places around the state to enjoy some nightlife and drinks, unsurprisingly, are in the more metropolitan areas, like Bethesda , Silver Spring , and above all Baltimore in Fells Point and Washington Square. The great drink of Maryland, however, has all but disappeared since Prohibition " Maryland rye whiskey. The distilleries that once dotted the Baltimore County countryside have all shut down, and production of rye whiskey is now centered around Kentucky. Stores in the area sell "Pikesville Rye" at a great value, which is the only Maryland rye that never ceased production, although the operations have relocated to Kentucky. Stay safe[ edit ] In Baltimore , the main tourist areas are very safe and heavily patrolled by police ; one does not, however, have to wander far to find more dangerous areas. The rest of the state is generally quite safe, with the exception of some pockets in Annapolis , Frederick , Hagerstown , and the DC suburbs. Earthquakes[ edit ] Not being very close to fault lines, earthquakes in Maryland are infrequent due to its distance. The earthquakes that do occur are small, but may be felt over wide areas. Bear in mind that buildings in the state are poorly designed to withstand any earthquakes that may or may not occur. This is a guide article. It has well developed information throughout the entire article, and throughout all of the articles on destinations within the region. Plunge forward and help us make it a star!

## Chapter 2 : Staying in DC What's the best place/closest ocean beach? - Rehoboth Beach Forum - TripAdvisor

*College Student Arrested For Recording Women On iPhone In Maryland, Delaware Bathrooms*  
*A year-old college The Full Scoop: Washington D.C.'s Top 5 Spots Nike Factory Outlet, Old Navy.*

Transportation[ edit ] Westbound view on U. Sign over Eastbound lane displays distance to Sacramento, California , 3, miles. MD continues north into Delaware as Delaware Route 1. Most east-west streets are numbered, starting at N. Division Street and N. Division Street are several streets named after counties on the Eastern Shore of Maryland. Division Street is S. Three bridges connect the spit to the mainland. Route 50 crosses the Harry W. Ocean City is the eastern terminus of US Delaware Route 54 can also be used to reach Ocean City, as it meets Coastal Highway just north of the border. Cropper Inlet Parking Lot is located just north of the Ocean City Inlet adjacent to the beach and boardwalk and offers 1, spaces, with paid parking from April to October. Parking lots and parking meters in Ocean City use a pay-by-plate parking system. The boardwalk is home to food, shops, arcades, and amusements. After being damaged by a storm in , the boardwalk was rebuilt to stretch a total of 2. Many years later the boardwalk would suffer extensive storm damage during Hurricane Gloria in which pummeled Ocean City with 89 MPH winds; however, the boardwalk was refurbished and a concrete sea wall was soon constructed following the storm to prevent further damage, and the aftermath of Hurricane Gloria led to the first phase of extensive beach replenishment projects in Ocean City. The boardwalk was flooded and half of it was destroyed as a result of the water coming so far onto shore. Midtown dining and nightlife[ edit ] The Midtown section of Ocean City stretches from 28th Street to 90th Street and is home to dining along the bay and nightlife. This area also features the Seacrets entertainment complex on 49th Street, one of the highest-grossing bars in the country. This section of the city has numerous condos along with movie theaters. North Ocean City is also the location of Northside Park, which has sports fields, gyms, a playground, and a jogging path. The high-rise condominiums are currently located in North Ocean City, starting with the story up on 94th St and continuing to the Carousel on th St. Many of these buildings are over 20 stories tall and offer some of the best oceanfront views of the Atlantic Ocean in the area, and several of the high-rise condominiums now feature upscale amenities such as spas, restaurants, indoor and outdoor pools as well. More and more sharks have been spotted close to shore on beaches in Delaware and Ocean City. Some biologists believe that this may be a result of the fishermen who are attempting to catch sand sharks through bait that they have placed in the ocean. Besides sand sharks, there have been sightings of Tiger Sharks as well. On August 1, , a The female shark was nicknamed Septima by scientists, and has traveled over thousands of miles along the East Coast since being tagged in South Carolina. North Ocean City in recent years has seen more deer sightings and red foxes as well as development has increased on the barrier island as well. The Atlantic Hotel, located at S Baltimore Ave, is another historical site that is also still open for business. After a fire that destroyed the original and first ever hotel in Ocean City, Maryland, the Atlantic Hotel was rebuilt in and is one of the oldest and most historic hotels in Ocean City. The station was part of the coastal system and was important for the saving of vessels and lives in distress. It was built in , and after much debate over having it demolished, the station was saved and eventually dedicated as a museum in The museum attracts people due to the interesting facts and exhibits of ocean life, nature, and life-saving services. Recently graduated high school seniors from Maryland and surrounding states travel to Ocean City to spend a week with friends and away from parental supervision. Senior Week traditionally begins the first week after graduation. The Town of Ocean City has a "Play it Safe" campaign with scheduled events to keep the graduates safe. Due to time, wear and the current needs of skaters, the original bowl and legendary steel halfpipe ramp were torn down in the Fall of and the newly constructed skatepark opened in July on the same site. The park has attracted the National Dew Tour for several years running, [56] and many pro skateboarders from around the world have skated the legendary Ocean Bowl park. Aside from the boardwalk, other attractions in Ocean City, Maryland include mini-golfing. Old Pro Golf, the

## **DOWNLOAD PDF FACTORY OUTLET SHOPPING GUIDE: WASHINGTON, D.C. MARYLAND, DELAWARE, VIRGINIA , 1978**

most well known chain of mini-golf in Ocean City, is located at several different addresses in Ocean City. The indoor and outdoor Old Pro Golf is located at Coastal Highway, which is in close proximity to the Golden Sands condominium complex. Herbert became obsessed with the game of golf and began building and designing hundreds of golf courses. He first built the outdoor dinosaur golf course at Coastal Highway, and then eventually added the indoor golf course to attract more people.

## Chapter 3 : Virginia | calendrierdelascience.com

*The second Maryland outlet mall to consider is Prime Outlets of Queenstown, which is 75 minutes out of Washington, with over fifty designer and popular brand name outlet stores. Having driven this far, you should know that your trip will take you quite close to the Maryland/Delaware beach area, so you may want to pick up some new swimwear, and.*

The weekly Washington Afro-American is available at newsstands, as are various smaller dailies and weeklies. Destination DC 7th St. Rental Cars Rental car agencies in Washington are numerous; most have conveniently located offices in the city and nearby Maryland and Virginia suburbs. Arrangements should be made before you leave on your trip. Your local AAA club can provide this service or additional information. Hertz offers discounts to AAA members; phone Amtrak trains travel to New York daily; the trip takes about 3 hours. Buses The Greyhound Lines Inc. Taxis Taxicabs in Washington are metered. Public Transportation Transportation by bus or subway is available in Washington. The eastern portion merges with I, which links Baltimore to the north and Richmond, Va. Entering the District from the south, via Alexandria and Arlington, Va. The remainder of the beltway is intersected by US 29 from greater Baltimore; I links the Washington metropolitan area with transcontinental I at Frederick, Md. Reagan National, just across the Potomac from downtown Washington, is by far the most centrally located. Memorial Bridge northbound and the George Mason Bridge southbound. To get to Arlington, Alexandria or other nearby Virginia suburbs, take the I South exit off the parkway just past the 14th Street Bridge exit. For additional Washington Flyer schedule and fare information phone , or From the airport terminal area, follow the exit signs to SR , then take the parkway west toward the Washington area. You can either exit east or west onto the Beltway or continue into the District, where the parkway becomes New York Avenue. SuperShuttle provides van service from the D. Making reservations at least 24 hours in advance is recommended; phone Various rental car agencies have offices at the airports. North-south streets are numbered; east-west streets are designated alphabetically by letters with the exception of J, X, Y and Z. Major diagonal avenues named after states crisscross in both directions; where they intersect there are either traffic circles or rectangular squares or parks. North, East and South Capitol streets and the National Mall divide the diamond-shaped District of Columbia into quadrants; the Capitol is the central starting point for the street numbering system. McNair, a major 19th-century U. Most of Northeast and Southeast are residential, as is the upper part of Northwest. North of W Street, east-west streets are assigned two-syllable alphabetical names Belmont, Quincy, Randolph , then three-syllable names Buchanan, Hamilton, Underwood. Above Whittier Street in upper Northwest, alphabetical names shift to trees and plants with two- Aspen , three- Butternut or four-syllable Geranium names. At this point the District ends and Maryland begins, which no doubt delighted planners. There also are irregularities that confuse even residents. Pennsylvania Avenue, for example, enters southeast Washington from suburban Maryland; is interrupted at Independence Avenue S. The speed limit is 25 mph or as posted; on major arteries it is usually 30 mph. A right turn on a red light is permitted unless otherwise posted. High-beam headlights are prohibited at all times. The weekday afternoon backup on I southbound out of the city begins early particularly on Fridays and the beginning of holiday weekends , and traffic soon slows to a painful crawl. Also remember that carpooling regulations HOV govern the number of people in vehicles that use certain heavily traveled highways, such as I and I inside the Beltway. Signs denote designated HOV lanes; the restrictions apply during both morning 6: Parking Downtown parking is limited, particularly in the vicinity of the National Mall. Most meters run for up to 2 hours. Meters are not in force on Sundays and federal holidays, but there is usually a 2-hour parking limit. Nighttime parking enforcement hours are in effect until 10 p. Parking on residential streets in Capitol Hill is often reserved for residents, and a special zone sticker must be displayed on the front windshield. You can park on the street, but usually only for a 2-hour period. Solar-powered meters in Northwest and Southwest accept credit and debit cards as well as coins. Hours of operation, time limits and rates are displayed on a decal on each meter; check the information to make sure the parking space is valid before leaving your

## DOWNLOAD PDF FACTORY OUTLET SHOPPING GUIDE: WASHINGTON, D.C. MARYLAND, DELAWARE, VIRGINIA , 1978

vehicle. Parking is prohibited within 10 feet of a fire hydrant, 25 feet of a stop sign and 40 feet of an intersection. Statutes are strictly enforced by tickets, but cars are generally towed only when they endanger public safety. If your vehicle is towed Friday after 7 p. No Standing zones also are enforced; automobiles are not permitted in these areas except briefly to pick up or discharge passengers. Downtown stores may offer shoppers a parking discount; inquire at the individual establishment. Many garages close by about 7 p. For a cheaper and frequently more convenient alternative, use Metro. Other factors, from the amount of baggage to the time of day to the time spent below 10 mph in traffic, might increase the fare. Fares for trips to or from nearby points in Maryland and Virginia vary; determine the rate with the driver before setting off. Cabs with Virginia or Maryland license plates can transport passengers in and out of the District, but not between points within the District. Public Transportation Reaching nearly every point in the D. One or two children ages may ride free with an adult paying full fare. Bus-to-bus transfers are free when paying with a SmarTrip card. Bus-to-rail or rail-to-bus transfers are worth 50c off your trip when paying with a SmarTrip card not when paying with cash. The transfer time window is two hours from the start of your first trip. Metrobus operates 24 hours a day, 7 days a week, but service intervals vary by time of day and day of week. Exact fare is required. For information about Metrobus fares and schedules phone or TTY The red, white, black and yellow buses of the DC Circulator run every 10 minutes daily 7 a. The system connects riders to many locations throughout the District of Columbia. Free transfers between Circulator buses are available with a SmarTrip card. Transfers between Metrorail, Metrobus and Circulator buses automatically receive discounted fares beginning at 50c with a SmarTrip card. For information about routes and fares phone or visit the DC Circulator website. The Metrorail subway system reaches every part of the city as well as the nearby Virginia and Maryland suburbs. The Red Line runs from Glenmont, Md. During weekday morning and afternoon rush hours, the Yellow Line terminates at Greenbelt. The Green Line extends from Greenbelt, Md. An extension connecting to Dulles International Airport and points west is planned. System maps also are posted near the doors of each train car. A SmarTrip card or paper farecard is required to enter and leave station faregates; farecard machines are located on the mezzanine level. Peak fares are effective Mon. Fares are subject to change. Exact fares depend on when and how far you travel. To avoid paying this additional surcharge, riders should purchase a SmarTrip card. Paper farecard sales at Metro stations began ending on a rolling basis in October , and all sales were expected to end by January By March paper farecards will no longer be accepted at fare gates, although their value can still be added to a SmarTrip card until June Up to two children ages may ride free with an adult paying full fare. Reduced-fare cards are not available at station farecard machines. Parking at Metro-operated lots is free on weekends and federal holidays. Parking fees can be paid using a SmarTrip card; major credit cards also are accepted at most parking lots. Hours are reduced on the following holidays: If Metro is your only means of transportation in the evening, check the scheduled departure time for the last train; it may depart before the station closes. Final departure times are posted at each station kiosk. Intervals between trains vary by time and route but are usually between 5 and 20 minutes and are more frequent during rush-hour periods. In addition to the ticket machines at Metro stations, riders can purchase passes, farecards and full-fare SmarTrip cards at Metro sales offices at 5th St. For assistance with your SmarTrip card, phone , Mon. In the Attractions section, attraction listings include the nearest Metrorail stop if applicable. The Rotunda is filled with paintings, frescoes and an encircling frieze that together present more than years of U. Then look to the east for an inspiring vista that takes in the Reflecting Pool, the green expanse of West Potomac Park and the Washington Monument. Take a moment to relax by the fountain in the sculpture garden adjacent to the West Building. On a sunny afternoon, stroll the leafy residential streets lined with handsome brick town houses. Wander among tropical plants and flowers, then cross Independence Avenue to lovely Bartholdi Park and admire the grand, cast-iron Bartholdi Fountain. By Greg Weekes D.

*Potomac Mills in Woodbridge is located along I at exit , 30 minutes south of Washington, D.C. Shop % off retail! retailers, include upscale clothing outlets, make for a fun shopping experience! Take advantage of savings from Abercrombie and Fitch, Ann Taylor, Banana Republic, bebe.*

This is all untrue. Although what is now the National Mall was originally mudflats, there was no swamp. The weather is actually quite pleasant during the spring and fall. The northerly subtropical climate results in cool breezes, moderate temperatures, lush growth, flowers, budding trees, and, of course, the cherry blossoms. The most beautiful time of spring usually falls from April to mid-May. Domestic tourists know this, though, and you can expect the cherry blossom walk around the Tidal Basin to see pedestrian traffic jams that put the Beltway to sham, although truly savvy tourists can escape the crowds but still enjoy the cherry blossoms at the National Arboretum in Near Northeast. Fall rivals spring for perfect temperatures. Winter is a great time to visit due to the practically empty museums and the absence of the summer theatre vacations. Winter temperatures are relatively mild, with very sporadic snow. On a hot day in D. It is not the best time to visit. Before heading to D. There are also several weeks during the year, as well as most of August, when Congress is on recess. During these weeks, there are fewer official visitors, elected officials, and staff members; the Metro becomes less crowded and there are overall fewer people in the city. Literature[ edit ] Rowhouses in Dupont Circle Washingtonians are avid readers, and not just of the newsâ€”each Metro car at rush hour is a veritable library. Nonetheless, there is only a little "D. Republicans may get an unfair portrayal, but this is a good page turner. Pelecanos is one of D. Woodward remains a huge influence in Washington, particularly due to his eminently readable insider accounts of the workings of the Bush Administration. Bush at War and Plan of Attack stand out. In addition to the above, a trip to D. A Rendezvous with Destiny. A Washington biography is an obvious reading choice on a trip to his namesake city, as his story is the story of the founding of both the nation and the capital and his estate in Mount Vernon is an easy day trip outside the city. Some of these films are featured at the free outdoor movies shown in the summer. The following films, in order of release date, stand out either for their creation of national myths or for having actually captured something of the real culture of the city. Smith Goes to Washington ; Frank Capra, Jimmy Stewart is the defining American myth of the ability of political idealism to stand up for the people against entrenched political interests and corruption. The More the Merrier ; George Stevens: The Day the Earth Stood Still ; Robert Wise, Michael Rennie, Patricia Neal, Sam Jaffe is a cult science fiction movie in which an alien lands in Washington with a message for the world -- live in peace or the earth will be destroyed by the other planets. A innocent Washington with streetcars and boarding houses is shown. The Exorcist ; William Friedkin is a derivative of popular culture in the early s. Formidable evil forces and equally formidable Jesuits collide in the struggle for the soul of a year old girl living in Georgetown , in a tale where the modern humanist world quivers in the face of the ancient and the mystical. A scene from the film was ranked as one of the scariest moments in a horror film. During the film, people are killed by being thrown down a steep set of stairs adjacent to the house at Prospect Ave, which remains a popular tourist attraction. A historically accurate portrayal of the events surrounding the Watergate scandal and the subsequent investigation by Washington Post journalists Bob Woodward played by Robert Redford and Carl Bernstein played by Dustin Hoffman. Kevin Costner plays a Soviet mole at the Pentagon who becomes involved in a political murder and its coverup. The movie features the Pentagon. An exciting scene is set in the DC Metrorail system. A dynamic Navy attorney blends two D. Lieutenant Daniel Kaffee played by Tom Cruise realizes that his Naval service is more than just a resume bullet as he defends two Marines charged with murder. More importantly, the story is a window into the idealism of many young D. In the Line of Fire ; Wolfgang Petersen: If you intend to watch, you should also plan to add the legendary restaurant, Old Ebbitt Grille in the West End , to your dining itinerary. Wag The Dog is the story of a movie producer that creates a fake war to boost the ratings of the President after a sex

## DOWNLOAD PDF FACTORY OUTLET SHOPPING GUIDE: WASHINGTON, D.C. MARYLAND, DELAWARE, VIRGINIA , 1978

scandal. By plane[ edit ] Washington, D. WAS for all airports is served by three major airports. All three airports offer unlimited free WiFi. DCA , is the closest and most convenient airport to D. However, there are no customs clearance facilities and therefore it can only serve destinations in the United States or airports in Canada and the Caribbean that allow U. Moreover, due to the noise created by planes flying directly over a heavily populated area, the number of non-stop long-haul flights is limited. At Gravelly Point Park, directly north of the runway, you can watch planes takeoff and land, providing some great photo opportunities. To get to D. Hours of operation are generally M-Th: IAD , is located 26 miles west of D. The main terminal is an architectural masterpiece, with a curved roof that arcs gracefully into air, suspended over a huge open ticketing and check-in area. Unfortunately some functionality was scrapped in pursuit of aestheticsâ€”the layout includes lengthy corridors and long escalators and you will have to take a train between the main building and the concourses - expect that you will need some extra time to get to the gate. Many international carriers serve the airport, which serves as an East Coast hub for United Airlines. Transatlantic flights are operated by British Airways and Virgin Atlantic. From there, after crossing the pedestrian bridge over the highway to reach the Metrorail station, the journey by Metrorail to the East End takes another 45 minutes. The Silver Line of the Metrorail is in the process of being extended to the airport; however, the projected completion date is in The bus stops near Curb 2E outside of the airport terminal. Uber is a popular method of transport between the airport and the city due to the complexity of public transport. The pickup point can be reached by walking up the ramp after exiting the baggage claim area. Washington Flyer Taxi is the exclusive provider of taxis from the airport. The taxi stand is down the ramp from the baggage claim area. SuperShuttle operates door-to-door shared ride services to anywhere in the D. The fare to D. The ticket booths are down the ramp from the baggage claim area. Shuttles leave when full or 20 minutes after the first passenger bought a ticket. Note also that the Access Road is divided into a tolled outer lanes and slower and often more congested toll free inner lanes section. At the approaches from the airport exit, it is very easy to drive onto the tolled section by accident so pay attention to the signs. If you do, make sure you have a pile of coins handy to pay the toll. BWI , is 30 miles northeast of D. From there, the Metrorail to the East End takes another 25 minutes. The bus makes 2 stops on the lower level of the airport: From there, the Metrorail to the East End takes another 35 minutes. The journey takes 10 minutes. MARC service is infrequent on the weekends; check the online schedules. SuperShuttle operates a door-to-door shared ride service to anywhere in the D. By train[ edit ] Amtrak trains arrive from all over the country, particularly the Northeast Corridor Boston -to- Richmond. By car[ edit ] D. It does not go into the city itself, dodging the District by running along the eastern portion of the Beltway I Coming from the south, I serves as a sort of extension of I going past the Beltway into the city. I is the Capital Beltway. The Beltway is reviled across the nation for its dangerous traffic patterns and miserable rush hour congestion. Still, the Beltway is often the only practical way to travel between suburbs. Because the Beltway is a circle, the direction of travel is often referred to by which "loop" is being used. Other particularly notable routes include: The HOV-2 restriction applies to the entire highway, not just specific lanes. Parking[ edit ] Parking regulations are complicated in D. Metered parking is available throughout commercial areas, but meters limited to 2 hours during the daytime. Zoned parking is free, but you are limited to parking for two hours in each designated zone per day, although there is no parking time limit between 10PM and 7AM. Presumably, you could move your car to a different zone every 2 hours during the day and then find a metered spot to ditch your car overnight, but that would not be practical. Weekends and federal holidays are more accommodating to guests as there are less parking restrictions. So if you are coming by car during the week, what do you do? If you have a friend in the city, they can go to their local district police station to get you a temporary visitor parking permit , good for 15 days. Parking at Metrorail station lots is free on Sundays and federal holidays. Three stations have a very limited number of multi-day parking spots, up to ten days: Greenbelt, Huntington, and Franconia-Springfield. However, if you are staying for a while, be aware that enforcement is strict on "abandoned" cars in the outlying counties.

*Depending on where you're staying in the DC area, your closest outlet shopping option is probably Leesburg, calendrierdelascience.com outlets within a minute drive include Hagerstown & Queenstown in Maryland and Gettysburg, Pennsylvania.*

His work has exhibited throughout the United States, and has been awarded several grants from the D. Commission on the Arts and Humanities. Blake is a two-time finalist in the Bethesda Painting Awards in and a semi-finalist in The Trawick Prize: Bethesda Contemporary Art Awards in His work has been shown at the Lab School of Washington, D. She was an inaugural artist fellow at Hamiltonian Gallery from and a finalist for The Trawick Prize in Clark has been a continuous participant and leader in local camera clubs for nearly 50 years. Clark is currently a member of four camera clubs: From an early age, Elliott showed an interest in the arts, particularly drawing and painting, but was always interested in the ongoing application and use of computers. Elliott received his first formal training in art and photography at Rice University while pursuing his degrees in architecture. Following his studies at Rice, he moved to Chicago to practice architecture and worked on a number of significant design commissions under the direct supervision of internationally renowned architect, Helmut Jahn. In , Elliott stopped practicing architecture to pursue a career in real estate in the United States and abroad. He moved back to Bethesda in and has been working in real estate development. His art work has been seen and sold at a number of local shows over the last 10 years. Manlapaz has served as a curator for Realism Now: Commission on the Arts and Humanities that same year. In , two of his paintings were selected to be included in an exhibition at the U. Embassy in Guatemala as part of the Art in Embassies Program. Minah currently lives and works in Baltimore. Porter is a Washington, D. His work has always benefited from the combination of a family life that found him frequently outdoors, and the inspiration of many great art instructors. By the time he completed high school, Porter had already spent years developing skill in both oil and acrylic painting, but was focused increasingly on watercolor landscapes. He started studying art in and seriously focused on art in He primarily works digitally, but also enjoys different types of printmaking. He has created many designs for school and charity events and painted the entrance sign to the art department at Walter Johnson High School. Aside from art, some of his other interests include swimming and diving competitively, soccer, longboarding and spending time with friends. At a young age, she was named Maryland Distinguished Scholar and was offered scholarships to art schools around the United States. She also studied art abroad at the Venice Art Academy in Italy.

## Chapter 6 : Washington to Tanger Outlets The Walk - 5 ways to travel via train, and bus

*Find shopping malls in Washington, D.C.. List of mall locations, hours, store lists, phone numbers, service information and more.*

Another river flowing into Chesapeake Bay is the Wicomico River , not to be confused with the tributary of the Potomac River. There are over species of fish and numerous shellfish and crab species. Some of these include the Atlantic menhaden , striped bass , American eel , eastern oyster , and the blue crab. The manatee, recognizable due to distinct markings on its body, was nicknamed "Chessie" after a legendary sea monster that was allegedly sighted in the Bay during the 20th century. Common submerged aquatic vegetation includes eelgrass and widgeon grass. A report in suggested that information on underwater grasses would be released, because "submerged grasses provide food and habitat for a number of species, adding oxygen to the water and improving water clarity. Dense stands of Brazilian waterweed can restrict water movement, trap sediment and affect water quality. Various local K schools in the Maryland and Virginia region often have programs that cultivate native bay grasses and plant them in the Bay. In this version, the Chesapeake Bay appears named for the first time. The map is oriented with west at top. In , Italian explorer Giovanni da Verrazzano , " , in service of the French crown , famous for sailing through and thereafter naming the entrance to New York Bay as the " Verrazzano Narrows " , including now in the 20th century, a suspension bridge also named for him sailed past the Chesapeake, but did not enter the Bay. The arrival of English colonists under Sir Walter Raleigh and Humphrey Gilbert in the late 16th century to found a colony, later settled at Roanoke Island off the present-day coast of North Carolina for the Virginia Company , marked the first time that the English approached the gates to Chesapeake Bay between the capes of Cape Charles and Cape Henry. Three decades later, in , Europeans again entered the Bay. The Bay would again see conflict during War of During the year of , from their base on Tangier Island , British naval forces under the command of Admiral George Cockburn raided and plundered several towns on the shores of the Chesapeake, treating the Bay as if it were a "British Lake". The Chesapeake Bay Flotilla , a fleet of shallow-draft armed barges under the command of U. Navy Commodore Joshua Barney , was assembled to stall British shore raids and attacks. After months of harassment by Barney, the British landed on the west side of the Patuxent at Benedict, Maryland , the Chesapeake Flotilla was scuttled, and the British trekked overland to burn the US Capitol in August A few days later in a "pincer attack", they also sailed up the Potomac River to attack Fort Washington below the National Capital and demanded a ransom from the nearby port town of Alexandria, Virginia. There were so-called " Oyster Wars " in the late 19th and early 20th centuries. Until the midth century, oyster harvesting rivaled the crab industry among Chesapeake watermen, a dwindling breed whose skipjacks and other workboats were supplanted by recreational craft in the latter part of the century. Navigation[ edit ] Lighthouses and lightships such as Chesapeake have helped guide ships into the Bay The Chesapeake Bay forms a link in the Intracoastal Waterway , of the bays, sounds and inlets between the off-shore barrier islands and the coastal mainland along the Atlantic coast connecting the Chesapeake and Delaware Canal linking the Bay to the north and the Delaware River with the Albemarle and Chesapeake Canal linking the Bay, to the south, via the Elizabeth River , by the cities of Norfolk and Portsmouth to the Albemarle Sound and Pamlico Sound in North Carolina and further to the Sea Islands of Georgia. A busy shipping channel dredged by the U. Army Corps of Engineers since the s runs the length of the Bay, is an important transit route for large vessels entering or leaving the Port of Baltimore , and further north through the Chesapeake and Delaware Canal to the ports of Wilmington and Philadelphia on the Delaware River. During the later half of the 19th century and first half of the 20th century, the Bay was plied by passenger steamships and packet boat lines connecting the various cities on it, notably the Baltimore Steam Packet Company "Old Bay Line". In the later 20th century, a series of road crossings were built. Memorial Bridge between the state capital of Annapolis, Maryland and Matapeake on the Eastern Shore , crossing Kent Island , was constructed A second, parallel, span was added in The

Chesapeake Bay Bridge-Tunnel was opened for two lanes in and four lanes in Tides in the Chesapeake Bay exhibit an interesting and unique behavior due to the nature of the topography both horizontal and vertical shape , wind driven circulation, and how the Bay interacts with oceanic tides. Research into the peculiar behavior of tides both at the northern and southern extents of the Bay began in the late s. Baltimore, in the northern portion of the Bay, experiences a noticeable modulation to form its mixed tidal nature during spring vs. Spring tides, when the sun-earth-moon system forms a line, cause the largest tidal amplitudes during lunar monthly tidal variations. In contrast, neap tides, when the sun-earth-moon system forms a right angle, are muted, and in a semi-diurnal tidal system such as that seen at the CBBT site this can be seen as a lowest intertidal range. Two interesting points that arise from comparing these two sites at opposite ends of the Bay are their tidal characteristics - semi-diurnal tide for CBBT and mixed tide for Baltimore due to resonance in the Bay - and the differences in amplitude due to dissipation in the Bay. Fishing industry[ edit ] A skipjack , part of the oystering fleet in Maryland The Bay is mostly known for its seafood production, especially blue crabs, [50] clams and oysters. In the middle of the 20th century, the Bay supported 9, full-time watermen, according to one account. The plentiful oyster harvests led to the development of the skipjack , the state boat of Maryland, which is the only remaining working boat type in the United States still under sail power. Other characteristic bay-area workboats include sail-powered boats such as the log canoe , the pungy , the bugeye , and the motorized Chesapeake Bay deadrise , the state boat of Virginia. The Chesapeake Bay Program is using oysters to reduce the amount of nitrogen compounds entering the Chesapeake Bay. Once on the verge of extinction, rockfish have made a significant comeback because of legislative action that put a moratorium on rockfishing, which allowed the species to re-populate. Rockfish can now be fished in strictly controlled and limited quantities. The water is glassy, smooth and gorgeous, his wake white against the deep blue. They are unmistakable with their deep tans, their baggy shorts, their frayed polo shirts, their Top-Siders worn without socks. Some may not even own their own boats, much less win regattas, but they are inexorably drawn to the Chesapeake Bay I planned to spend my days boating, eating as many Chesapeake Bay blue crabs as possible and making a little study of Eastern Shore locals.
