## Chapter 2 : Good-Bye, Chunky Rice (ExLib) by Craig Thompson | eBay

*Good-bye, Chunky Rice* was originally published by Top Shelf Productions. It would be re-released in a new format by Pantheon Books in May Before this, the graphic novel had six printings with Top Shelf.

Those musical notes were melancholic and were not from an earphone bud. Rather, it was from the plucked strings of my aching heart that vibrated with each stroke of the strip drawn by Craig Thompson. I read the last page and sat for a long time contemplating the transience of all. Friendship Graphic Novel of the Decade I read this book with a music in my mind. Friendship bonds that develop overtime, only to be torn apart due to circumstances. Regardless to say, this is a book that will make you cry your heart out. It atleast did with mine. Shattered it into a hundred different pieces. Goodbye Chunky Rice is a story that you may come across in a bookstore and zoom through the pages just because you heard its name somewhere. The fact is, it is not. It is a work of mammoth proportions. Solomon the human faced roommate of Chunky is overburdened with childhood memories of being lost in the sea of emotions. Guilt and longing make up for much of his mindset of young years. The friendship is strongly and beautifully presented to the reader in black and white sketches. Then, came a line. Chunky, as many of us do, go to seek out greener pastures of opportunities like jobs and exploring the unknown. The painful part is leaving an ocean of memories behind. Parents, friends and companions - all are left behind. Chunky wants to take Dandel along but as often is the case again, as with humans it is not practical. A deer mouse has nothing to do in the world of water. It has to stay ashore. But the heart belongs to a little green piece of life who is moving away. Dandel, keeps you warm and your eyes wet by the brave facade it shows to Chunky in the days leading up to his departure. Acts cool, staying positive and showcasing that it is eager for the friend to go through the decision. The truth being is that Dandel implodes from within. Dandel throws letter after letter in the sea in the hope that its thoughts could reach Chunky some day. But try as you might, emotions do not bottle up. They pour as rain on the searing earth. With the human roommate we encounter an incident that could not be formulated into words, sentences, or in language I ever learnt. He adored playing with the puppies of his pet dog. Those puppies are taken to the beach along with their moms. A stick is thrown far enough for her to catch. And the puppies are killed by suffocating in the water. And this is just one of the many waves that crash into the lives of the people in the novel. The ideas and events are drawn with pristine black and white colored strokes that open a world full of feelings for you. With immaculately drawn characters, marvelously planned anecdotes and cute little pictures - this is an animal centered story that you should read as a human being. Soul Rendering 5 Stars.

## Chapter 3 : Craig Thompson - Wikipedia

### Chapter 7 : Top Shelf Productions solicitations for product shipping January,

*When you take a look at 'Good-bye, Chunky Rice' with it's almost comical style of illustrations and cute, talking animal characters, for the first time, you will be almost duped into believing that this is a children's book and give it a pass; this nearly happened for me.*

### Chapter 8 : Good-Bye, Chunky Rice by Jennah McCourt on Prezi

### Chapter 9 : Craig Thompson Books, Book Price Comparison at bookstores

*Good-Bye Chunky Rice, it's hard to explain this sort of a graphic novel. The characters are adorable but also very real, the story is absolutely captivating, and the characters, for the very little time they appear, have intensely developed personalities.*
