Good Things Come In Threes - has a definite positive connotation. up vote 1 down vote favorite From fairytales to hollywood blockbusters, " the rule of three " (Latin-"omne trium perfectum") principle suggests things that come in threes are inherently more humorous, satisfying and effective than any other number of things.

Staff Writer jkirk marshallindependent. On Saturday, the longtime dairy farmer had triplet calves born. But I had no idea she was going to have triplets. The last one ended up being the biggest one at 70 pounds. So they were small, medium and normal size. Oftentimes, multiple births can take a heavy toll on a cow. Fortunately, VanLerberghe said the 1,pounder is doing alright. VanLerberghe estimates the probability of having triplets at roughly , When I did, it was a little small, so I checked and found there were four more feet. We pulled that one and got it breathing. With 80 cows â€” a couple of Brown Swiss, but mostly Holsteins â€” there is a lot of milking to do in addition to tending to the newborns and constantly checking for imminent births. A lot of the times, I have to carry them into the milking parlor to warm them up. A normal size one gets two quarts twice a day. I stick a tube down and bag her. He has won several awards as a member of Associated Milk Producers Inc. We had out very few of those awards. Brad does a good job. She was thrilled to hear about the birth of triplets. But, when people have problems they often complain that several bad things always happen all at once. Or maybe a little more serious: Good luck and bad luck are just that "luck" and according to the law of averages they should be evenly occurring throughout our lives. However, most people reading this could pinpoint periods of their lives when they were in a bad place where bad things just seem to follow them around and misfortune was piled upon misfortune. Similarly, we all remember, I hope, good times when fortune was smiling on us and we were always the grateful recipients of favorable happenstance. Your suspicions will turn into convictions and become self-fulfilling prophecies. The fact that these people were seeking help and were suffering as a result of their misfortune came as no surprise to Peck. But I would take this further. The yin and yang of the universe means there is good and bad in your life "and I think we all accept that. Bad and good in equal measure throughout your life? That may be your first choice. But would that really be the best thing? Would life become a predictable dirge of frequently space out bits of rubbish? It may not seem nice but all these bad things happening at the same time are good because you can handle them. So where are we going with this? My point is bad luck can come in threes, fours, fives sixes. We can handle more bad luck during those challenging moments. So, smile through the bad times. The universe will look after you.
