He is a frightful snob and looks down at most of the people in Oakham. He is very self-centred and likes to boast about his social status back in Peckham and his money. He used to be teased by Del Boy due to his low sperm count. This is a joke that has continued into the spin-off series, along with the ongoing joke referring to an unseen affair between Marlene and Del. He was forced to leave Peckham due to an incident involving the Driscoll Brothers and illegal immigrants, which led to Boycie grassing on the brothers and getting them sent to prison. She is a cheerful, slightly daft, optimistic person who is speculated to have had an ongoing affair with Del which resulted in the birth Tyler. The character has been expanded massively for the spin-off series but is still the same loving wife who Boycie married in His similarity in looks to Del Boy has led to a continuation of a running gag dating back to the late eighties. His introduction in the spin-off hyped the speculation that Tyler might have been a result of something between Marlene and Del. He is a rather strange man, who likes to appear a bit thick to ensure his workload remains light, but likes to show people that he is capable of outsmarting Boycie any day. He always carries his briefcase with a string shoulder strap around with him, to help remind people that he is still farm manager, even though it looks empty on occasions. Elgin is married to his unseen wife, who apparently has a glass eye. He has shown deep affection towards his wife on many occasions, although he obviously fancies Marlene. Whenever she has her back turned, he is copping an eyeful; on one occasion he went as far as to dive across to kitchen floor in an attempt to woo an unsuspecting Marlene. He has, on occasions, reduced his workload by bluffing to an out-of-his-depth Boycie. Bryan can be a little over the top on occasions, especially when thinking about his ex-girlfriend Myrtle. In one particular episode, he states that she chucked him seven times, and every time he found exactly the same wedding ring in a second-hand shop. Little else is known about the character besides the fact that he lives alone in a caravan on the edge of Winterdown Farm. He is renowned for having a family of five children. Bryan just accepts this as a usual occurrence and lets him in. Various jokes have been made to her expense, referring to her non-cleaning and biscuit-eating habits. She has even on occasions been asked to lift her legs whilst Marlene does the Hoovering. Boycie sacks her in the episode " Bothered and Bewildered " after he catches her sitting around doing nothing. However, after some strange experiences he re-hires her. Mrs Cakeworthy has a husband who has been seen on occasions, most notably in the Christmas special " From Here to Paternity ". She has also been seen to hold seances within the house. Boycie continually refers to him as a mad Welshman. He has been known to look after himself and puts his thoughts before others. This could have put Boycie in prison for up to five years. Rhian has appeared in two episodes. She is clever, attractive and vegetarian. First, Tyler showed no interest in supporting her horse racing protests, then he put meat before her, and, to top things off, she peers through the window to see Boycie completely naked, thanks to Earl, in Mother Earth. Tyler eventually asked her out in the episode " Your Cheating Art ", after some help from his mum and Dora. Tyler even managed to get her to strip naked for a piece of artwork. He first appeared in the episode "Testing Times" and appeared in another ten episodes since. He is known to lash out in extreme circumstances, such as the misunderstanding in "From Here to Paternity" in which he punches Boycie. They made their third ever appearance in Brothers and Sisters when they finally caught up with Boycie and made him a deal. She is hated, as always in classic comedy, by Boycie, her son-in-law. She is reluctant to let him in her house and is always making uncalled for comments towards him. He became more tolerant of her as the series progressed. Other characters[edit] Guest actors were brought into The Green Green Grass on an infrequent basis however, there were a few guests stars over the thirty-two episodes of the sitcom. Occasionally guest actors were essential to the plot such as when Tyler fell in love with his school teacher, Rhian Karen Paullada and four con men tried to get Boycie to invest in a fictional polo club. The show aired in four series 2007; and also aired three Christmas special editions 2007 All of the regular series episodes had a running time of 30 minutes, and all subsequent specials had a running time ranging from 40 to 50 minutes.
