Ages Hardcover 40 pages Publisher: With expressive illustrations by Diane deGroat, a new delicious recipe from Ree Drummond and the hilarious antics of Charlie, this picture book is a surefire hit! But when his daily routine of eating and sleeping is interrupted by a new baby calf, Abigail, Charlie is not happy! Will Charlie be able to adjust to the new addition? Charlie Goes to School. Charlie wants to start his own school for the ranch animals. If Suzie, Kitty, and Walter can learn how to lend a paw, he can focus on other important things, like napping! Ages 4 and up Hardcover: Some nice hitting loads the bases, and needless to say Homer hits a grand slam. But the teams are the Hounds and the Doggers, and all the players are dogs of many breeds, as are the umpires, spectators and the announcer. The story is told with the briefest of simple phrases and sentences, some in speech balloons or thought bubbles, and illustrated with double-page spreads and album-like panels of digitally collaged photographs. The format is everything here. The digital art supplies the uniforms, banners, and other odds and ends, while the dogs have been photographed in myriad head poses and body positions. A few might have been digitally enhanced, but if so, they are seamless. Even the endpapers are part of the fun, taking the form of doggie baseball cards. A howlingly good time! On "one special night," golden retriever Homer sneaks out to join his teammates, the "Doggers," in a baseball game against the "Hounds" endpapers feature baseball cards of the players from both teams, identifying their breeds. The dogs assume human poses and wear digitally drafted uniforms as they take the field; meanwhile dog fans yowl, yip, and enjoy ballpark treats in the bleachers. The artwork is filled with humorous detailsâ€”from the border terrier Rocket relieving himself on a fire hydrant before hitting a single, to a close-up of Homer, clutching the bat as his fans swoon. The game-time tension, along with the innate goofiness of the artwork, could make this a dog-eared favorite. Breakfast is his life, especially when bacon is involved. Charlie has dangly ears, floppy skin, and big fat paws. And he loves living in the country. New York Times 1 bestseller! Editorial Reviews Young readers will chuckle at the unabashed, obvious humor and will especially enjoy finding the hidden, unnamed chipmunk buddy on every page. An observant chipmunk adds an extra touch of humor, and a lasagna recipe is thrown in for good measure. The hysterical photographs and illustrations are paired with foldout fun. Dogs make us laugh with the many things they do. Everyone else in Mrs. A distressing class picnic inspires him, and he comes up with an Earth Day project that even Mrs. Byrd thinks is the best idea yet. Editorial Reviews The cartoon illustrations abound with visual tricks that observant viewers are sure to notice. DeGroat continues to show that she has a keen sense of classroom dynamics and the ability to connect with readers and their world. A popular choice for seasonal read-alouds. such relentless rivalry? He is so competitive that he turns everything into a contest. The children attend an Easter egg hunt and Wally fills his basket quickly while Gilbert takes the time to help his little sister search for eggs. Lola spots the golden egg, which signifies a prize, but neither she nor Gilbert can reach it high in a tree. Wally takes it from its perch but instead of giving it to Lola, keeps it for himself. In the end, Lola wins her prize, Wally learns to share, and the three become friends. Children will relate to the story, which imparts a gentle lesson on how to be a friend. Diane deGroat Illustrator Reading level: Byrd will give out the end-of-the-year awards. But will Gilbert even get one? What is Gilbert best at? Humorous and reassuring, this story by Diane deGroat perfectly captures the bittersweet emotions of the last day of school. Byrd, she reminds each of them how special they really are. In this humorous and reassuring story by Diane deGroat, Gilbert learns that first grade is not what he had expected. Lewis is a bully, and Philip already knows how to read big fat books! Byrd is nice, and she helps Gilbert discover that everyone has his or her own special talent. Editorial Reviews deGroat ably threads her way through some well-trod ground: Gilbert, our favorite opossum, has a classic case of the willies as he sets out on his first day of school: Will the teacher be nice, will he be able to do the work, will he make friends? Luckily, he already has one good friend, but then there are all those other unfamiliar faces, one belonging to the loud, bullying Lewis. Then the school day gradually begins to fall into place and Gilbert finds a comfortable niche therein: He also learns that Mr. Pugs just always look grumpy. School rarely meets their dire predictions, and even kids like Lewis have their time-honored place. Soon all the eggs are found -- except one. Where could it be? Paperback, 16 pages Publisher:
