Chapter 1 : Wedding Music: Handel Water Music | Patrick Byrne, Piano

"Sheep May Safely Graze" BWV - Johannes Sebastian Bach, Arr. Egon Petri - Pianist Lucas Porter - Duration: Lucas Porter 60, views.

The video above is of all three suites and lasts just about an hour. Bach, one of the most important composers of the Baroque Era. The history of music is divided up into several eras. The Baroque Era lasted from roughly until the deaths of Bach and Handel in the mid-18th century. Although Handel was born in what is now Germany he had his greatest successes during the many years that he lived in Great Britain where he settled. That is where he composed his most famous work "The Messiah" which was premiered in Dublin, Ireland in 1742. The preferred method of travel for the British Royalty in those days was by boat. Royalty can bore very easily so Handel, who was a relative new comer at the time, used this Royal commission to write some sprightly out-door music to entertain the King and his Court as the Royal fleet made its way up the River Thames. At about 8 p.m. The rising tide propelled the barge upstream without rowing. Many other Londoners also took to the river to hear the concert. On arriving at Chelsea, the king left his barge, then returned to it at about 11 p.m. The king was so pleased with the Water Music that he ordered it to be repeated at least three times, both on the trip upstream to Chelsea and on the return, until he landed again at Whitehall. This video gives a look at how this popular music came to be used in the ballrooms of the 18th Century. The people of the Baroque Era loved to dance. The music of this time is filled with dances from various sources. Baroque composers like Handel adapted them for a more refined aristocratic audience: Of course, at the end of your Wedding Ceremony you are not expected to march down the aisle at such a slow pace. If a pipe organ is available, it is possible to capture the Baroque sound of the original.
