## Chapter 1 : Henry and Mudge Book Unit page 1 | abcteach

*Anyway, Sparkle Days is a particular favorite, In it Henry, the main character of these books, and his big dog Mudge play in the snow and enjoy things about snowy wintertime days. The writing is good, the artwork is great, and the family seems somewhat familiar.*

Twenty-eight titles are now available in the Ready-to-Read line, each an engaging launch for lively classroom discussions, intriguing projects, and a lifelong love of reading. She resides in Cape Cod, Massachusetts. Henry and Mudge, the very first book in the series, is all about how the two friends found each other. Why did Henry need Mudge? Why did Mudge need Henry? How did they know, right from the start, that they were meant for each other? Mudge is a huge dog, but there are still plenty of animals bigger than he is. With your class, make a list of all the big creatures that make even Mudge look puny. Family plays a big role in the Henry and Mudge series. Why is family important to Henry and Mudge? What does Henry learn from his family members? And what do his family members learn in turn from Henry and Mudge? Even though Henry and his cousin Annie, in Henry and Mudge and the Careful Cousin, have very different ideas at first about what is fun, they still find a way to play together. Discuss how they reconcile their differences. Have your students ever been in a similar situation? Were they able to find common ground? Despite the fact that the Grandpas are considerably older than Henry and Mudge, they still know how to have fun! What surprises Henry during his visit? How are the Great Grandpas in some ways similar to Henry? And how are they different? Mudge might not be the smartest dog in the world, but when he goes to a dog school in Henry and Mudge Take the Big Test, he learns a lot. Discuss some of the qualities that make him a good pupil. What can your students learn from his example? Why do Henry and his parents decide that a bunny is a perfect pet for Annie? Henry and Mudge are an adventuresome pair! They go on many journeys and trips in their books. Ask your students to talk about their favorite Henry and Mudge adventure. If your students could choose to go anywhere they wanted for a vacation or adventure, where would they go? What fun activities would they do while they were there? Mudge is well-liked by people and even by other animals! Why do your students think the goose reacted to Mudge that way? What qualities does Mudge have that makes him so likeable to just about everyone else? When Henry is scared or worried, how does he react? What do your students do when they are upset? What calms them down? Hopper, his friendly neighbor across the street, is great. But his first impression of her houseâ€”with its dark windows and gargoyle on the doorâ€”is just the opposite! After reading Henry and Mudge and Mrs. Have your students ever had a wrong first impression about something? What helped them to change their minds? Who does Uncle Jake remind your students of? How does Henry try to keep everyone happy in this story? What wishes would your students make on a shooting star? His father hopes for world peace. His mother wants her favorite basketball team to win. Discuss what it means to be a friend. What do your students look for in a friend? How do they help their friends? How do their friends help them? How can they make themselves even better at being a friend? Why does Henry think that Mudge was the best dog there? What other reasons can your students think of that make Mudge a great dog and a great friend? How does Henry feel about Mudge not winning the popcorn catching contest? What future Henry and Mudge adventures would your students like to read? As a class, brainstorm some potential upcoming titles in the Henry and Mudge series. Then, have each of your students create their own Henry and Mudge story!

Activities, Projects and Research 1. After sharing Henry and Mudge and the Great Grandpas with your class, make a date to visit a local senior center, nursing home or assisted living facility in your community. Once there, have your students practice reading with the seniors. Or, bring along materials for a simple craft that your students and the seniors can work on together. Imagine that Henry and Mudge paid a visit to your classroom. Ask your students to write a story about or draw pictures of their visit. Would Henry and Mudge be treated like celebrities or just ordinary folks? Would your classroom need to be rearranged to accommodate Mudge? Encourage your students to be both specific and imaginative. Invite a dog trainer into your classroom,

either a professional or someone with experience doing it for themselves. Ask them for advice about raising a young puppy. What are some of the common mistakes that new dog owners make? What are the responsibilities of dog ownership? What are some of the pleasures? How well does the dog trainer think Henry is doing with Mudge? The importance of traditions is a theme in several of the Henry and Mudge books. Talk to your students about traditions. What is a tradition? Why are they significant? Do your students have any special family traditions that they can share with the class? Discuss souvenirs with your students. Why do people buy souvenirs when they travel? Ask your students to bring in a souvenir from a recent trip, and have them share with the class why they chose that souvenir to remember their trip. If there is a nearby hill in your community, climb it. If there is a tall building, try to take your class to an upper floor. Your students should bring drawing materials with them and make pictures to show how their neighborhood looks when observed from way up high. Initiate a pet-friendly classroom project in honor of Mudge. Your class can collect old towels and sheets from the families in your school to donate to a local animal shelter or humane society, where they would be used for the dogs and cats in their care. Sponsor a school-wide pet food drive. Or, host a bake sale during lunch or after school and give the proceeds to a local animal based charity. Introduce Henry and Mudge into your science curriculum: Spend May Day with Henry and Mudge. Be sure to mark his special day with a celebration in your class. Each Henry and Mudge book features a word or several words that might not be familiar to your students. And in Henry and Mudge and Mrs. Ask your students to make a list of the new words they learn after reading each Henry and Mudge book. Post each new word on this wall. Ask your students to use these new vocabulary words in an upcoming writing project, or even in a conversation. Inspired by Henry and Mudge and the Long Weekend, transform a gray day by building a castle in your own classroom. Your students can bring in boxes, discarded cardboard, and other appropriate building materials from home. This new award, named in honor of Theodor Seuss Geisel also known as Dr. Why was it created? Why is it named after Dr.
