I just want you to know that I've been fighting to let you go Some days I make it through and then there's nights that never end I wish that I could believe that there's a day you'll come back to me.

Rosaline-C "I just want you to know how much I lo-". OMG I am so sorry! I totally uploaded the wrong story on here! I wish you well. Less than ten minutes later both Castle and Beckett were free to go. After letting his mother and daughter know he was fine and where he was going Castle called a cab for himself and Beckett. When they got there Kate grabbed a blanket and crawled under it on the couch. He never wanted to let her go. She lifted her head to look him in the eyes. His piercing blue ones met her hazel ones and their heads moved closer. He softly brought his lips down on hers and brought his right hand up to cup the back of her neck. Her lips moved against his and then parted slightly allowing him to slide his tongue in. The kiss was frenzied, passionate. After what seemed like an eternity of passionate kissing they broke away and Castle held Beckett to his chest. The first thing Kate Beckett saw when she opened her eyes the next morning was Richard Castle with his arms still around her. She nuzzled her head back into his chestâ€”which had made a surprisingly good pillowâ€”and gave out a happy sigh. Why had it taken so long for them to admit their feelings for one another? Apparently this is getting out of hand. It was supposed to be a one-shot, then a two-shot Your review has been posted.
