

Chapter 1 : Across The Universe Sheet Music By The Beatles, Various - Sheet Music Plus

One of my favourite songs from the greatest bands ever, decided to do a slower version, still, hope you like it:) If you like it, please comment, rate and s.

In September , Lennon told Playboy magazine: We wrote a lot of stuff together, one on one, eyeball to eyeball. It was our big number one; the one that would eventually break us in America. The two songs were recorded on the same day, and each needed seventeen takes to complete. Both songs were translated by Luxembourgish musician Camillo Felgen , under the pseudonym of "Jean Nicolas". Their record producer , George Martin, having waited some hours for them to show up, was outraged and insisted that they give it a try. Two days later, the Beatles recorded "Komm, gib mir deine Hand", one of the few times in their career that they recorded outside London. However, Martin later conceded: Mark Lewisohn later wrote: And then it was bloody pandemonium. Demand had been building for quite a while, as evidenced by the one million advance orders for the single. When it was finally released, the response was phenomenal. A week after it entered the British charts, on 14 December , it knocked "She Loves You" off the top spot, the first instance of an act taking over from itself at number 1 in British history, and it clung to the top spot for five weeks. It stayed in the charts for another 15 weeks and made a one-week return to the charts on 16 May Beatlemania was peaking at that time; during the same period, the Beatles set a record by occupying the top two positions on both the album and single charts in the UK. Capitol had previously resisted issuing Beatle recordings in the US. The single had actually been intended for release in mid-January , coinciding with the planned appearance of the Beatles on The Ed Sullivan Show. However, a fourteen-year-old fan of the Beatles, Marsha Albert , wanted to hear the Beatles on the radio earlier. I wrote that I thought the Beatles would be really popular here, and if [deejay Carroll James] could get one of their records, that would really be great. Albert related what happened next: James took to playing the song repeatedly on the station, often turning down the song in the middle to make the declaration, "This is a Carroll James exclusive", [21] to avoid theft of the song by other stations. James and WWDC ignored the threat, and Capitol came to the conclusion that they could well take advantage of the publicity, releasing the single two weeks ahead of schedule on 26 December. Capitol was so overloaded by the demand, it contracted part of the job of pressing copies off to Columbia Records and RCA. By 18 January, the song had started its week chart run, and on 1 February, the Beatles finally achieved their first number 1 in Billboard, [22] emulating the success of another British group, the Tornados with " Telstar ", which topped the Billboard chart for three weeks in December Throughout , British pop and rock artists enjoyed unprecedented success on the American charts. In , Capitol Records airbrushed out the cigarette for the re-release of the single. Cynthia Lowery of the Associated Press expressed her exasperation with Beatlemania by saying of the Beatles: Their chords were outrageous, just outrageous, and their harmonies made it all valid. He was surprised when he met them and found out that none of them had actually smoked marijuana. It got us off our asses in the studio. However, in , the song won the Grammy Hall of Fame Award. The Ultimate Rock Collection. It was also the first of seven songs written by Lennon-McCartney to top the US charts in " an all-time record for writing the most songs to hit number 1 on the US charts in the same calendar year.
