Illuminati Book Is there such a thing as The Illuminati? Does this fit into our sophisticated age? Some ridicule the very idea, but in these chapters a fascinating portrayal is uncovered. Are such words as Illuminism or The Illuminati new to you? That is not strange, for today these expressions are unknown to millions, even among many well educated people. This results from the plan to keep that giant Conspiracy under cover, to always remain secret. This world-wide cover-up has been so cleverly conducted through the centuries, even milleniums, that most folk are entirely unaware of its existence. This Conspiracy goes back to the time of Nimrod, that evil genius who began that ancient apostasy in Mesopotamia. While every Sunday School teacher knows something about the Tower of Babel, yet few realize that the principles and philosophies of that ancient movement are right now playing a tremendous role in both our political and religious life. In this book, The Illuminati , we bring together many startling, almost unbelievable, facts. Before getting into the depths of our story, let us note briefly some of our sources. How thankful we are for books, even those with which we do not agree, for they show us the thinking of other writers. Their attitude, however, only reveals how sadly ignorant they are of the real issues. Of course we could not expect Hislop to know many things we know today. They had not been discovered at the time he wrote, which leads us to wonder what he would write were he living today. His most valuable contribution has always been what history he opens up for a real researcher. This was picked up in a London used bookstore, more than 50 years ago. Hislop presented it to Spurgeon after he had dedicated it to Lord John Scott, a contemporary who is regarded as an authority on "Primeval Antiquity. In both the Old and New Testaments much has been brought to light to clearly identify the Conspiracy, which is the purpose of this present work. In his second letter to the Thessalonian believers he describes the "Mystery of Iniquity" whom he calls, "The Man of Sin", "who opposeth and exalteth himself above all that is called God or that is worshipped; so that he as God sitteth in the temple of God, shewing himself that he is God II Thessalonians 2: But he foretold a greater demonstration of Satanic power that was to come. It would be backed up by "all power and signs and lying wonders" verse 9. The elements of deception were already evident, especially while Philip was doing a mighty work in Samaria. The story of this is in Acts 8: Then there comes "a certain man, called Simon, which beforetime in the same city used sorcery and bewitched the people of Samaria" with sorceries. This man was also baptized and the scripture says, "he continued with Philip, and wondered, beholding the miracles and signs which were done". It is evident this man was more interested in the miracles than he was with the marvelous conversions. When news reached the headquarters at Jerusalem, they sent Peter and John who prayed for these young converts that they might also receive the baptism of the Spirit of God, for as yet it had fallen on none of them. After the apostles prayed for them and laid their hands on them they, too, received the Holy Spirit in power. This man Simon was watching closely what was being done. Then, coming to Peter and John he said, "Give me also this power, that on whomsoever I lay hands, he may receive the Holy Spirit. And this brought perhaps the sharpest rebuke recorded in Scripture: Now who was this Simon? The Scriptures make clear he was a Samaritan deceiver who practiced divination. He "used sorcery, and bewitched the people giving out that he himself was some great one, and the people from the least to the greatest were so bewitched that they proclaimed him to be the great power of God Acts 8: They were placed in the cities of Samaria instead of the children of Israel; and they possessed Samaria and dwelt in the cities thereof, but "they feared not the Lord. The author of this baptised heathenism He unquestionably adulterated Christianity with pagan ideas and practices see Apostolic Christianity, Vol. This paganized Christianity was already having its effect while the apostles were living, for in II Corinthians The mystery of iniquity was already working, and later it blossomed into a full and diabolical apostasy. Simon is never spoken of as a member of the true church - the body of Christ. He took the name of Christ and espoused a few of His teachings. These he mingled with his Babylonian mystery religion.

When he wrote his Apology in A. He "came to Rome in the day of Claudius Caesar and made such an impression by his magical powers, that he was honored as a god, a statue being erected to him on the Tiber, between the two bridges, bearing the inscription: It is not generally known that pagan deities were known as "Peters" or "Patres" and that the special gods, or the Hierophantae, in the majority of their temples had particular priests who were constantly "occupied in the celebration of mysteries see Ancient Mythology, Vol. It is not surprising then that Simon Magus the bewitcher from Samaria became known as Simon Peter or Simon the interpreter. Moses evidently knew this when he wrote the Pentateuch, for we read in Deuteronomy We read in Numbers Mesopotamia was the very home of idolatry or the Babylonian mysteries. The name Balaam in Semitic language means "Conqueror of the People" and definitely links us with "Nimrod the mighty hunter before the Lord Genesis He was the great grandson of Noah and "the beginning of his kingdom was Babel verse Nimrod is styled "the mighty hunter before the Lord," or as Dr. Strong renders it, "against the Lord. Nimrod was a great leader and he and his cohorts "changed the glory of the incorruptible God into an image liken to corruptible man, and to birds and fourfooted beasts and creeping things Romans 1: Nimrod was certainly "against" the Lord in all he planned and did. That was the reason behind the Babylonian Mystery cults. Nicholaius was the name he was known by in Greece and that also means "Conqueror of the People". Some claim that Balaam was the chief of a college of priests at Pethor, a sacred high place in Mesopotamia. From that old location near the site of the tower of Babel he organized what he thought was a complete cover-up destined to become one universal religion. And his plan almost succeeded. By the end of the fourth century, real Christianity was almost dead and in its place, but under the name of Christianity was, to use the words of Griffen, "a corrupt hierarchy controlling the nations of Europe, making the Church a veritable cesspool of iniquity, spiritual corruption, heathen philosophy, and whoredoms Thus was the church led into a period of degeneration, often styled the "Dark Ages". A subline in his History of the Reformation on page 17 says, "The nations of Christendom no longer looked to a holy and living God, but had recourse to all the means that a superstitious, fearful and alarmed imagination could devise". And that condition prevailed for over a thousand years, at least until the Renaissance, beginning in the 14th century, which revived interest in science and literature, followed by the Reformation in the 16th century. Then things began to happen. Part-1 of Chapter-1 and the following chapters of this book plunge us into the background of the great apostasy showing its results and the Divine call back to the apostolic faith found in the Holy Scriptures.
