*Details about the item: Acceptable Condition Ivanhoe Classic Fiction By Scott Walter Sir Oliver Jonathan Narrator On Audio Cassette. Our small business sells new and used items. We take great pride in our service and strive to make every shopping experience great, if you have any issues please contact us.*

Kindle Edition Verified Purchase I was somewhat daunted by the prospect of reading Ivanhoe and, when I found it at the top of my reading list, I wondered whether to skip it. Think Robin Hood, knights in shining armour, damsels in distress, jousting, jesters and bad Prince John. Indeed, Robin Hood and his merry men feature strongly in the novel as do Richard and John. The historical setting is fascinating. Set in the 12th century, it is a time when Saxons are not yet reconciled to the Norman invasion and the two sides are deeply suspicious of one another. It is a very unstable time with King Richard away fighting the Crusades in the Middle East and Prince John plotting his own route to the crown. The treatment of Jews features strongly in the novel. The Jewish race is treated with hatred and disgust, partly due to their prosperity through money-lending practices. It reminds us of far more recent history and how heavily Jews have suffered for their beliefs over the centuries. The hero of the story, Ivanhoe, is a young knight recently returned from the Crusades where he has been fighting alongside King Richard. Ivanhoe makes his return at a jousting tournament where he is badly wounded. Other notable characters are a Jew, Isaac of York, and his lovely daughter, Rebecca. There follows all sorts of adventures including kidnappings, a castle siege and the trial of Rebecca for witchcraft. There are some wonderful characters too, notably swineherd Gurth and jester Wamba who show bravery and loyalty beyond the call of duty. There is a hint of a love story too. Whilst Ivanhoe hopes to marry Rowena, there is a certain chemistry between himself and Rebecca too. This book is full of adventure and humour and it is unusual to see a medieval setting in 19th century literature. A couple of aspects make it not quite a 5 star read, most notably the unlikely resurrection from the dead of a minor character - whilst explained, I did have to suspend belief. Also, I felt that Ivanhoe himself was not fully described - he spends much of the novel injured on the sidelines and, as a result, his character was one-dimensional and I would have liked to have seen much more of him. I highly recommend this book though for sheer adventure and entertainment and urge readers not to be afraid to give it a go.

### Chapter 3 : Ivanhoe Audiobook | Walter Scott | calendrierdelascience.com

*Ivanhoe is an important novel, but beshrew that, kind sirs and ladies: read it and dream of castles that have pennants on the battlements, Dark Knights that save the day, the clash of swords, the shattering of lances, fire-breathing war horses, and excellent archers that can split a wand at a hundred yards.*

*A century has passed since the Norman Conquest, and England is still a colony of foreign warlords. Prince John is plotting to seize the throne from his brother, Richard the Lion-Hearted, and Robin Hood and his merry band are making fools out of the Sheriff of Nottingham.*

### Chapter 9 : Ivanhoe by Sir Walter Scott on Free Audio Book Download

*The narrator is captivating, and I found this audio book to be one of the most enjoyable I have listened to. Many may have the impression that Ivanhoe is an uninspired children's story, but this Sir Walter Scott novel is rich in detail and plot, and thoroughly intriguing.*
