De ratione Divini Officii recitandi iuxta novum Psalterii ordinem. In recitatione Divini Officii, iuxta Romanum Riturum, Psalmi quotidie sumendi sunt, ad singulas Floras canonicas, de occurrente hebdomadae die, prout distribuuntur in Psalterio noviter disposito; quod deinceps, loco veteris dispositionis, in novis Breviarii Romani editionibus vulgandum erit. Apostolorum et Duplicia I et II classis, eorumque omnium integrae Octavae, si de eis fiat Officium, quod recitandum erit prout assignatur, vel in Breviario vel in Proprio Dioecesis vel Instituti, hac lege tamen ut Psalmi ad Laudes, Horas et Completorium semper sumendi sint ex Dominica, ut in novo Psalterio; ad Matutinum vero et ad Vesperas dicantur ut in Communi, nisi speciales Psalmi sint assignati. Ad Completorium sumantur Psalmi de Dominica, uti in novo pariter Psalterio. In quolibet alio Festo Duplici, etiam maiore, vel Semiduplici, vel Simplici, et in Feriis Tempore Paschali semper dicantur Psalmi, cum Antiphonis in omnibus Horis, et Versibus ad Matutinum, ut in Psalterio de occurrenti hebdomadae die; reliqua omnia, et Antiphonae ad Magnificat et Benedictus, ut in Proprio aut Communi. Quod si aliquod ex Festis huiusmodi proprias vel peculiariter assignatas habeat Antiphonas in aliqua Hora maiori, eas in eadem ipsa retineat cum suis Psalmis, prout habetur in Breviario: Mariae Virginis, vel Angelorum, vel S. Ioannis Baptistae, vel S. Ioseph, vel Apostolorum, aut Duplex I vel II classis, aut agatur de Festo, quod vel Lectiones habeat proprias, non vero de Communi, vel occurrat in Feriis Lectiones de Scriptura non habentibus, ideoque Lectiones de Communi necessario recipiat. In Festis vero, in quibus hucusque erant Lectiones de Communi, Responsoria vero propria, retineantur eadem Lectiones cum propriis Responsoriis. Porro sic erit persolvendum Officium in Festis Duplicibus et Semiduplicibus superius non exceptis: Mariae in Sabbato et in Festis Simplicibus sic Officium persolvendum est: In Feriis et in Festis Simplicibus Psalmi ad Matutinum, qui in novo Psalterio in tres Nocturnos dispositi inveniuntur, dicantur sine interruptione cum suis novem Antiphonis usque ad tertium Versum inclusive, omissis Versibus primo et secundo. Ut recte dignoscatur quale ex pluribus Officiis sit praestantius et proinde sive in occurrentia, sive in concurrentia, sive in ordine repositionis aut translationis praefendum, sequentes praestantiae characteres considerandi sunt: Mariae Virginis, Angelorum, S. In occurrentia, et in ordine repositionis aut translationis, alius quoque character considerandus est, nempe: Dicitur Festum alicuius loci proprium, si agatur de Titulo Ecclesiae, de loci Patrono etiam secundario, de Sancto in Martyrologio vel in eius appendice approbata descripto, cuius habetur corpus vel aliqua insignis et authentica reliquia, vel de Sancto, qui cum Ecclesia, vel loco, vel personarum coetu specialem habeat rationem. Igitur Festum quodvis istius modi proprium, ceteris paribus, praefertur Festo Universalis Ecclesiae. Excipiuntur tamen Dominicae, Feriae, Octavae et Vigiliae privilegiatae, nec non Festa primaria Duplicia I classis Universalis Ecclesiae, quae uniuscuiusque loci propria considerantur et sunt. Festum autem Universalis Ecclesiae, cuiusvis ritus, quia est praeceptivum, ceteris paribus, praeferrere debet Festis aliquibus locis ex mero Indulto S. Sedis concessis, quae tamen propria, sensu quo supra, dici nequeunt. De Festorum occurrentia accidentali eorumque translatione. De Dominicis maioribus I classis, quodvis Festum in eis occurrat, semper faciendum est Officium: Quoad Dominicam vero, quae occurrat a Festo Circumcisionis usque ad Epiphaniam, nihil innovetur. Duplicia I et II classis, quae seu ab aliqua Dominica maiori, seu a nobiliori Officio impediuntur, transferenda sunt in proximiorum diem, quae libera sit ab alio Festo Duplici I vel II classis, vel ab Officiis huiusmodi Festa excludentibus; salvo tamen privilegio a Rubricis concessio Festivitatibus Purificationis et Annuntiationis B. Festa Duplicia maiora cuiusvis dignitatis et Duplicia minora Doctorum Ecclesiae non amplius transferri possunt, sed quando impediuntur, de eis fiat commemoratio, uti de aliis Duplicibus minoribus impeditis Rubricae disponunt salvo quod numero sequenti statuitur de omittenda in Dominicis IX Lectione historica, nisi forte occurrant in Duplicibus I classis, in quibus nullius Officii agenda est commemoratio, nisi de occurrenti Dominica, vel de Feria, aut Octava privilegiata. Dies, in qua celebratur Commemoratio omnium Fidelium Defunctorum, excludit translationem cuiusvis Festi. De Festorum occurrentia perpetua eorumque repositione. Festa omnia ritus Duplicis sive maioris sive minoris,

aut Semiduplicis, si perpetuo impediatur, reponuntur in primam diem liberam, iuxta Rubricas. Festa Duplicita I et II classis perpetuo impedita reponuntur, tamquam in sedem propriam, in primam diem liberam ab alio Festo Duplici I aut II classis, vel ab aliqua die Octava, vel ab Officiis huiusmodi Festa excludentibus, salvo privilegio Festivitati Purificationis B. Dominicae maiores excludunt assignationem perpetuam cuiusvis Festi Duplicis etiam I classis: Dominicae vero minores assignationem excludunt cuiuscumque Duplicis maioris aut minoris, nisi sit Festum Domini. Nominis Mariae perpetuo assignatur diei duodecimae mensis Septembris. Dominicae maiores Vesperas habent integras in concurrentia cum quovis Festo, nisi sit ritus Duplicis I aut II classis: Leges, quibus ordinantur Vesperae infra Octavam Nativitatis Domini, immutatae manent. In Duplicibus I classis non fiat commemoratio de praecedenti, nisi fuerit aut Dominica quaevis, etiam per annum, aut Duplex I vel II classis, aut dies Octava alicuius Festi Domini primarii, aut dies infra Octavam privilegiata, aut FERIA maior. In occurrentia fiat tantum commemoratio de Dominica quacumque, de Octava privilegiata et de FERIA maiori. De sequenti vero Officio etiam ad modum Simplicis redacto fiat semper commemoratio, minime autem de die infra Octavam non privilegiata aut de Simplici. In Duplicibus II classis de praecedenti Officio semper fieri debet commemoratio, nisi fuerit de aliquo Festo Semiduplici, vel de die infra Octavam non privilegiata. In occurrentia fit commemoratio de quavis Dominica, de quolibet Duplici vel Semiduplici ad modum Simplicis redacto, de Octava privilegiata, de FERIA maiori et de Vigilia: De sequenti autem Officio quolibet, etiam Simplici vel ad modum Simplicis redacto, fit semper commemoratio, ac etiam de die infra Octavam, si in crastino Officium de ea agendum sit; et tunc cum Antiphona et Versiculo e I Vesperis Festi. Licet Festa Domini eorumque Octavae privilegio gaudeant ut in occurrentia praevaleant Dominicis minoribus, nihilominus, quando plures fieri debeant commemorationes cauto quod in Vesperis semper fiat prima commemoratio de Officio concurrenti, cuiusvis ritus et dignitatis, tam in Vesperis, quam in Laudibus et Missa hic ordo servetur: Quando eadem die occurrunt plura Officia, quae propriam habeant conclusionem Hymnorum vel proprium Versum ad Primam, conclusio et Versus dicantur, quae propria sunt Officii, quod ea die recitatur. Deinceps, quando facienda erunt Suffragia Sanctorum, unum tantum fiet Suffragium, iuxta formulam propositam in Ordinario novi Psalterii. Trinitatis et in Dominicis tantummodo post Epiphaniam et post Pentecosten, quando de eis persolvendum est Officium salva exceptione, de qua n. De Officiis votivis deque aliis Officiis additiis. Cum per hanc novam Psalterii dispositionem causae cessaverint Indulti Generalis d. Cessat pariter obligatio recitandi in Choro, diebus a Rubricis hucusque vigentibus praescriptis, Officium parvum B. Capitula vero, quae ad ista Officia additiis ex peculiari constitutione aut legato tenentur, a Sancta Sede eorum commutationem impetrabunt. Marci et in Triduo Rogationum integrum manet onus recitandi Litanias Sanctorum, etiam extra. Festum Dedicationis cuiuslibet Ecclesiae est semper primum, et Festum Domini. Anniversarium Dedicationis Ecclesiae Cathedralis et Festum Titulare eiusdem celebranda sunt sub ritu Duplici I classis cum Octava per totam Dioecesim ab universo Clero saeculari et etiam regulari Kalendarium Dioecesanum adhibente: Quum Sacrosancta Lateranensis Archibasilica omnium Ecclesiarum Urbis et Orbis sit mater et caput, tum ipsius Dedicationis Anniversarium, tum Festum Transfigurationis Domini, quod, praeter magnam Resurrectionis Dominicae sollemnitatem, tamquam Titulare ab ipsa recoli solet, ab universo Clero tam saeculari quam regulari, etiam ab illis qui peculiarem ritum sequuntur, sub ritu Duplici II classis deinceps celebrabitur. Festum Patroni principalis Oppidi, vel Civitatis, vel Dioecesis, vel Provinciae, vel Nationis, Clerus saecularis, et regularis ibi degens et Kalendarium Dioecesanum sequens sub ritu Duplici I classis cum Octava celebrabit: Regulares vero ibidem commorantes et Kalendarium proprium habentes, idem Festum, quamvis feriatum numquam fuerit, eodem ritu celebrabunt, absque tamen Octava. In Dominicis, etiam minoribus, quodcumque Festum occurrat, dummodo non sit Festum Domini, vel eius dies Octava, aut Duplex I vel II classis, Missa semper dicenda erit de Dominica cum commemoratione festi. In Quadragesima vero Missae privatae Defunctorum celebrari tantum poterunt prima die cuiuscumque hebdomadae libera in Kalendario Ecclesiae, in qua Missa celebratur. Si alicubi aliquod Festum impeditum a Dominica minore, celebratur ex voto, vel cum populi concursu cuius rei iudex erit Ordinarius, Missae de eodem festo impedito celebrari poterunt, dummodo una Missa de Dominica ne omittatur. Quoties extra ordinem Officii cantetur vel legatur aliqua Missa, si facienda sit commemoratio aut Dominicae, aut Ferae, aut Vigiliae, semper de hisce etiam Evangelium in fine legatur. Ad Missam Dominicae

etiam minoris, cum commemoratione Festi Duplicis tum maioris tum minoris ac diei infra Octavam quomodo libet celebrandam, retinetur color proprius Dominicae, cum Praefatione SS. Leges pro Missis Defunctorum in cantu, immutatae manent. Missae vero lectae permittuntur in Duplicibus tantummodo in die obitus, aut pro die obitus, dummodo ne sit Festum de praecepto, aut Duplex I vel II classis, vel Feria excludens Duplicia I classis. Quoad vero Missas lectas Defunctorum dicendas diebus ritus Semiduplicis aut Simplicis, in posterum numquam celebrari poterunt in Feriis n. Licebit tamen in huiusmodi Missis de Feria orationem addi pro Defunctis, pro quibus Sacrificium applicatur, paenultimo loco, prout permittit Rubrica Missalis. Cum autem ut applicari possint Indulgentiae Altaris privilegiati, Missae Defunctorum debuerint hucusque in nigris celebrari, Summus Pontifex easdem indulgentias in posterum benigne concedit, licet Missa dicatur de Feria, cum oratione pro Defunctis. In reliquis autem Feriis per annum n. De Collectis in Missis. Quod ad Collectas ab Ordinariis locorum imperatas attinet, deinceps prohibentur nisi sint pro re gravi praescriptae non tantum in Vigiliis Nativitatis et Pentecostes et in Duplicibus I classis, sed etiam in Duplicibus II classis, in Dominicis Maioribus, infra Octavas privilegiatas, et quaecumque in Missa dicendae sint plus quam tres Orationes a Rubrica eo die praescriptae. In Ecclesiis, in quibus adest obligatio Chori, una tantum Missa cum assistentia Choralium semper celebretur; et quidem de Officio diei, nisi aliter Rubricae disponant; aliae Missae, quae hucusque cum praedicta assistentia celebrabantur, in posterum extra Chorum legantur, post propriam Horam Canonicam; excipiuntur tamen ab hac regula Missae in Litanis maioribus et minoribus, et Missae in Festo Nativitatis Domini. Excipiuntur pariter Missae in anniversaries Creationis et Coronationis Summi Pontificis, Electionis et Consecrationis seu Translationis Episcopi, nec non in anniversario ultimi Episcopi defuncti, et omnium Episcoporum aut Canonorum; omnesque Missae ex fundatione. De Commemoratione Omnium Fidelium Defunctorum. Si die 2 Novembris occurrat Dominica vel aliquod Duplex I classis, Commemoratio Defunctorum celebrabitur die proxime sequenti, similiter non impedita; in qua, si forte occurrat Duplex II classis, hoc transfertur iuxta regulam traditam Tit. Mariae Virginis, vel dies Octava, quae non sit Festorum Domini, tum Officium in privata recitatione, tum Missae lectae erunt ad libitum, vel prout notatur in Calendario anni, vel de Dominica cum commemoratione duplicis maioris aut minoris. In Feriis quoque, de quibus Tit. Mariae Virginis, sive Sanctarum aut Beatorum, ritus Duplicis maioris aut minoris, Dominicis diebus assignata, locorum Ordinarii seu Superiores Regularum, aut in utrisque Vesperis, Laudibus et Missa commemoranda praescribant; aut in aliam diem, validis S. Script courtesy Arik Segal The Romans were active in trade and commerce, and from the time of learning to write they needed a way to indicate numbers. The system they developed lasted many centuries, and still sees some specialized use today. Roman numerals traditionally indicate the order of rulers or ships who share the same name i. They are also sometimes still used in the publishing industry for copyright dates, and on cornerstones and gravestones when the owner of a building or the family of the deceased wishes to create an impression of classical dignity. The Roman numbering system also lives on in our languages, which still use Latin word roots to express numerical ideas. Here are the basics: However, four strokes seemed like too many V So the Romans moved on to the symbol for 5 - V. So IV means 4. X X means IX means to subtract I from X, leaving 9. L L means C C stands for centum, the Latin word for A centurion led men. We still use this in words like "century" and "cent. D D stands for As you can probably guess by this time, CD means See why we switched systems? M M is 1, You see a lot of Ms because Roman numerals are used a lot to indicate dates. Nova Roma counts years from the founding of Rome, ab urbe condita. By that reckoning Nova Roma was founded in a.

*Pius IX had the two basilicas at S. Lorenzo reconstructed between and , reserving the original narthex on the east end for his own mausoleum (constructed by Cattaneo and Seitz). His body, temporarily interred in St. Peter's in , was transferred to S. Lorenzo on July 13,*

Haydn , too, had used this arrangement in a number of his own works such as the String Quartet No. Allegro ma non troppo, un poco maestoso[ edit ] The first movement is in sonata form without an exposition repeat. It begins with open fifths A and E played pianissimo by tremolo strings, steadily building up until the first main theme in D minor at m. Molto vivace[ edit ] The second movement is a scherzo and trio. Like the first movement, the scherzo is in D minor, with the introduction bearing a passing resemblance to the opening theme of the first movement, a pattern also found in the Hammerklavier piano sonata , written a few years earlier. At times during the piece, Beethoven specifies one downbeat every three measuresâ€”perhaps because of the fast tempoâ€”with the direction ritmo di tre battute rhythm of three beats and one beat every four measures with the direction ritmo di quattro battute rhythm of four beats. Beethoven had been criticized before for failing to adhere to standard Classical form for his compositions. He used this movement to answer his critics. Beethoven wrote this piece in triple time but punctuated it in a way that, when coupled with the tempo, makes it sound as if it is in quadruple time. While adhering to the standard compound ternary design three-part structure of a dance movement scherzo-trio-scherzo or minuet-trio-minuet , the scherzo section has an elaborate internal structure; it is a complete sonata form. Within this sonata form, the first group of the exposition the statement of the main melodic themes starts out with a fugue in D minor on the subject below. For the second subject, it modulates to the unusual key of C major. The exposition then repeats before a short development section , where Beethoven explores other ideas. A new development section leads to the repeat of the recapitulation, and the scherzo concludes with a brief codetta. The contrasting trio section is in D major and in duple time. The trio is the first time the trombones play. Following the trio, the second occurrence of the scherzo, unlike the first, plays through without any repetition, after which there is a brief reprise of the trio, and the movement ends with an abrupt coda. The duration of the movement is about 12 minutes, but this may vary depending on whether two frequently omitted repeats are played. It is in a double variation form , with each pair of variations progressively elaborating the rhythm and melodic ideas. The first variation, like the theme, is in 4 4 time, the second in 12 8. The final variation is twice interrupted by episodes in which loud fanfares from the full orchestra are answered by octaves by the first violins. A prominent French horn solo is assigned to the fourth player. A typical performance lasts about 16 minutes. The movement starts with an introduction in which musical material from each of the preceding three movements â€” though none are literal quotations of previous music [29] â€” are successively presented and then dismissed by instrumental recitatives played by the low strings. After three instrumental variations on this theme, the human voice is presented for the first time in the symphony by the baritone soloist, who sings words written by Beethoven himself: Let us instead strike up more pleasing and more joyful ones! At about 24 minutes in length, the last movement is the longest of the four movements. Indeed, it is longer than some entire symphonies of the Classical era. Its form has been disputed by musicologists, as Nicholas Cook explains: Beethoven had difficulty describing the finale himself; in letters to publishers, he said that it was like his Choral Fantasy, Op. The reason these arguments are interminable is that each interpretation contributes something to the understanding of the movement, but does not represent the whole story.
