Just for Now Sea Breeze, 4 Author: Covering my mouth to muffle my hacking cough, I turned away from the warm breath against my ear. I had shown up here tonight for one reason: Preston was grinning at me like he always did. Preston tipped a bottle of beer to his lips and took a drink while keeping his eyes cut toward me. But the guy knew he was beautiful. Crossing my arms over my stomach, I struck a defensive pose. I never knew how to talk to Preston or what to say to him. Besides, I knew he had a thing for boobs. It was obvious by the girls he dated. He just screwed them. Or at themâ€”but they were a part of me, so it was the same thing. Preston took another step toward me, closing the small area that had separated us. His thumb brushed against my stomach and gently pushed the hem of my shirt up. Should I start begging now? Preston lifted his eyes to meet mine. His long, pale blond hair that girls everywhere wanted to get their hands in fell forward over one of his eyes. I reached up and tucked the loose strands behind his ear. He closed his eyes and made a small, pleased sound in his throat. He was too pretty. He always had been. His lashes too long, his face too sculpted and you add that in with his lips and hair, you get one lethal package. And I wanted something to happen. Alone time under the covers thinking about Preston Drake was getting old. I wanted the actual man. Did he want the guys to stop us? Dwayne winked at me, then went back to talking to some girl. I looked back at the bartender. You go get in my Jeep. I wanted to go get in his Jeep. This would also have us leaving separately. Nodding, I hurried for the door, thinking I may have just won the lottery. Stepping into the darkness, I wondered if this was smart. Maybe I should just go back to the part of the parking lot where it was well lit. I wanted him to touch more. Reaching up, I undid the buttons on my shirt and let it fall open. I found the front clasp of my bra and quickly unfastened it before I could back out. We were in the middle of a very dark parking lot, and I was being a complete slut. His Jeep appeared in front of us. Even in the dark his light hair stood out. His eyelids were lowered, and those long lashes of his almost brushed his cheeks. What is it you wanna do? No one had ever kissed my boobs. My head was pressed back on the Jeep window, and my knees had completely given out. I grabbed his shoulders and wrapped my legs around his waist, afraid he would drop me. Had I made him mad? He was all about the pleasure. I knew that already. Preston reached out and opened a door behind me. We stepped into a dark and slightly chilly room. I could hardly see him, but I knew from the shadow of his movements that he was taking off his clothes. I wanted to see his chest. Rumor was, even Mrs. Gunner, the wife of one of the city council members, had slept with Preston. He was just too pretty to have sex with someone her age. I let my legs fall open. His hand slipped right up to the edge of my panties. With one finger he ran down the center of my warmth. Both his hands reached up and slipped my panties down until they were at my ankles. Preston knelt down and slipped each of my high heels through the holes. Then he stood up and leaned over me. I reached back to make sure that the box was large enough for me to lie all the way back. His lips hovered over mine only for a second before he moved away and began kissing my neck. What had just happened? Did my breath smell bad? The little licks and nibbles he was making along my collarbone made it hard for me to think too clearly about it. He was cursing while saying my name as he slid in and out of me. The pain slowly started to ease, and I felt the first tremor of pleasure. Preston pushed himself back away from me and slowly pulled out of me as he muttered more curse words. He moved, and from what I could see, he was putting on his shirt. I sat up and pushed my skirt down. The fact that I was on display suddenly mattered. When I heard the zipper on his jeans, I quickly fastened my bra and started buttoning my shirt.

Chapter 2 : Imogen Heap - Just for Now æ-Œè©ž

"Just for Now" is a song by English recording artist and producer Imogen Heap, from her second studio album, Speak for Yourself (). Written and produced by Heap.

He was dating her before he met the heroine. You never see him being intimate with her at all, but it is most definitely assumed that they did have sex during that time frame. You see this girl, Ashley, a total of two times in the book I believe? I liked it, but IMO, we could have used a longer epilogue. Nanny and single dad? I had to read this book asap. It made it hard for me to put the book down. I also enjoyed all of the many scenes with Harry and Sophia and Jenna and Finn. I absolutely LOVE kids in a romance and these kids were adorable. What else did I like? He is literally a regular guy who is a famous rugby player. Yeah, he has sex appeal, but many people do! And for once, we have an athlete that I would NOT consider a man whore. As in take a girl to dinner and then maybe have sex afterwards. Not - hook up randomly with different girls. Both Jenna and Finn have tragic pasts when it comes to love. So she answers an add in the paper to apply for a job as a nanny. So she can refreshen up her kid skills. It was nice to see these two fall in love and how that would work out being that she was his nanny. I liked how view spoiler [There was no drama as to - gee my time is up next week and no one has talked about what to do next? No, Finn and Jenna both talked about a solution. Keep things quiet while they lived under the same roof and once her contract was up, she would move out, and they would come out in the open about DATING. She was not just a hookup for him and it never felt that way. He was very patient with Jenna. He spent his time getting to know Jenna and falling in love with her. LOL I may start on the next book soon! Thanks MaggieandTeddy for the recommendation!

Chapter 3 : Just for Now (Sea Breeze #4) read online free by Abbi Glines

Lyrics to "Just For Now" song by Pentatonix: Just for now Just.

Come here you sexy bitch. Since we first met him, in Breathe, Preston has been known as a guy who knows his way around the ladies, to put it mildly. He has a fondness for all the beautiful girls, but especially when they have a nice pair of legs attached. But now Manda is all grown up, and she is hopelessly infatuated with Preston Drake. But Preston has bigger issues than she can even imagine, and when the horrible truth comes out, Manda will have to decide if she can look past his tragic life and the decision it forced upon him. Can she accept, forgive, and find love with this beautiful boy? Preston and Amanda made a gorgeous, super steamy, and fun couple. The attraction between them is fierce, and hot. I loved that Amanda is actually the aggressor in the relationship. I love that she made the moves, refused to give up on what she wanted. And heaven help me, I was happy that the steam is delivered quickly. I have to say, Abbi knows how to write some hot Southern boys. The way they talk and behave is so realistic, intense, and hot. Believe me when I say that I spent a fair amount of the time fanning myself while reading Just For Now. If you are a fan of the series, and you read the blurb, you know that Preston and Amanda spell Big Trouble. Preston is the guy who has always been around for a good time. The guy who is always commenting on how hot the chicks are, is referred to by his friends as a man whore. Then you have Marcus, the ultimate big brother who will kill anyone who tries to use or hurt his baby sister. So obviously I was anticipating a ton of drama revolving around the forbidden love. The drama was delivered, and it was goood. I love Abbi Glines. I love the characters, the stories, the drama, the tears and the steam. I love that she can take these characters, write these simple yet heartfelt stories for them, and cause me to feel SO MUCH. Oh wait, yes I can! That would be every single book. Just For Now is a perfect addition to the Sea Breeze series. Just For Now is Just Perfect.

Just for Now, which scraped the Top 40 in , is pure adult pop, with songs like "Alfie," "Born Free," and "Winchester Cathedral." In a brief departure, Wilson turns Cannonball Adderley 's "Mercy, Mercy, Mercy" into something approaching soul music with her histrionic performance.
