The Translator's opinion: Although the plot may sound cliché and boring, it's worth a read. It's really a great novel. The reason I translated this was because the plot gets INSANELY good later on and you'll miss out on it all.

Translated by Gravity Tales Miao miao! The little thieving cat felt a lot of pressure. The little thieving cat threw the old bronze coins into the air and caused a clatter as it landed back into its paw. The little thieving cat seemed to go crazy by what it saw, and its eyes were filled with helplessness. The little thieving cat called out to Zhao Feng, as if saying that he needed to pay it after waking up. It would recruit more disciples, but it would give even-harder tests. Everyone could see the changes to the Ten Thousand Sacred Clan, but only some of the upper echelon members knew the true reason. Precisely because they knew what it was, they were stunned. These young disciples felt their blood boiling. Elsewhere, in the Ocean Smoke Pavilion, with a top assassin protecting her, Bi Qingyue did everything more decisively. She was more courageous as she started to expand the Ocean Smoke Pavilion. There were two Emperors and eight Kings in the group. Overall, this was a very strong group of elites, and Supreme Emperor Dark Night was in charge of forming the assassination organization, which was to be based close to the Misty Moon Island Zone. Emperor Withered Shadow was also surprised and then spoke, "Master gave me a chance to restart. At the very top was an elder in deep blue robes who floated in the air. They definitely want to fight against Earth Spirit Hall. A group of Void God Realm experts had been slaughtered by a junior. If news of this spread, Earth Spirit Hall would lose all face. The invisible aura made the entire space tremble, and the hall was dead-silent. Many Domain-level Kings felt their blood freeze, and they became unable to breathe. They could only give up and wait for Sacred Lord Sky Splitter to come out of seclusion. Not to mention that Zhao Feng was one of the biggest beneficiaries of the Divine Illusion Dimension and had obtained multiple substandard God weapons. I will take action personally," Sacred Lord Sky Splitter said in a forceful tone and then disappeared into the darkness. The Elders within the secret hall were filled with excitement. Three months later, he entered a misty forest. The weird forest only had one simple and ugly wooden house next to a stream, but there were no living things within ten thousand miles. Get straight to the point," a wrinkled elder inside the wooden house slowly said. On top of that, they could get rid of the Ten Thousand Sacred Clan together. One three-star power was enough for the coastal region. That junior should be Zhao Feng, right? Some news regarding the Divine Illusion Dimension had entered his ears. After all, the Divine Illusion Dimension this time was a lot different from the past. In a glorious hall, the Thirteenth Prince was extremely excited, "Mother, is this real? Your father has already made an engagement with the Grand Elder of the Duanmu Family. She wore gold-and-silver robes and had love written all over her face. She told the Sacred Emperor many times how much you liked Zhao Yufei. Even Brother Second Prince might not be my match. The Second Prince was the oldest prince and one of the favorites for becoming the Crown Emperor. He was extremely talented and had prepared almost a hundred years for this battle. Since Zhou Chen dared to say such a thing, it meant that he was extremely confident.

Chapter 2 : [EPUB][PDF] King of Gods - Asian Novels Ebooks

I think King of Gods isn't as bad as I read in a couple of negative reviews. After the really slow start (the 50 first chapters are basically trash/ after 50 chapters it is only an okay novel, but it gets gradually better and later on it gets really good).

After merging the Fire of Wind Lightning into his Wings of Wind and Lightning, the distance he travelled through every Lightning Wings Spatial Flash had increased and exceeded his imagination. Once the Nine Darkness Demonic Lord gets close to me, the laws of his Little World will restrict me and put me in a life-threatening situation. When there was a large difference in power, one could only use abnormal and unique methods. Lightning Wings Spatial Flash! Zhao Feng became an arc of lightning and blinked into the distance. A bright arrow surrounded by wind and fire suddenly shot toward the Nine Darkness Demonic Lord. After shooting that arrow, Zhao Feng flew off once more. The Sacred Lord Intent and surge of demonic light caused the air nearby to tremble. The ground below was pushed downward by the pressure of the Sacred Lord, and countless cultivators were unknowingly killed. Some of the nearby Kings fell to the ground while those that were weaker lost their consciousness. An arrow formed from scarlet lightning once again shot toward the Nine Darkness Demonic Lord and exploded. Every time he got close to Zhao Feng, an attack like this would appear. When one reached the Mystic Light Realm, their soul and body would be merged together and their lifeforce would have exceeded the limits of mortals, similar to the Spiritual Race. Their recovery speed was extremely strong, and they could ignore physical attacks when the difference in cultivation was big enough. The Blood Devil Sun bloodline had the ignition effect when it touched the Nine Darkness Demonic Lord, but unfortunately, due to the massive differences in cultivation, the flames of the Blood Devil Sun bloodline were completely suppressed. They locked onto him and closed in from weird angles. If he tried to dodge them, the distance between him and Zhao Feng would increase. The Nine Darkness Demonic Lord paused for a moment, and then his expression became even uglier. Part of the Scarlet Lightning arrow actually passed through the exchange with the Mystic Light Sacred power. His Mystic Light Sacred power kept on flying forward while the remaining purple arrow of lightning shot toward his soul. Without having any guard up, he took the brunt of the soul attack head-on, and most of it came from the God Tribulation Lightning that was unable to be healed. He could feel that the power of the God Tribulation Lightning within the soul attack was even stronger. The damage he took just now exceeded the total amount of damage he took earlier. Everything within a thousand miles was covered by this sacred power and turned black. It can even control the laws of Heaven and Earth in a certain area depending on the cultivation of the user. The Nine Darkness Demonic Lord felt helpless that he had to resort to this. However, the Nine Darkness Demonic Lord suddenly released a pressure that made him feel the danger of death. It was as if he was a demon from hell as he caused the space nearby to crackle. Could that junior have used a secret technique? Looks like this junior has many secrets. However, this had also revealed a hidden card of his, and he obviously still had to deal with a Mystic Light Realm trying to kill him. On the contrary, after all the God Tribulation Lightning was used up, he would be in an even-more dangerous situation. However, once his Sacred Lightning Body broke through to the 6th level, he would have the ability to fight against the Nine Darkness Demonic Lord head-on and resist the laws of his Little World to a certain degree. With a strong physical body and his Sacred Lightning Protection, he would be able to ignore most of the attacks of normal Sacred Lords. On the other side of things, the lifesteal effect of his Blood Devil Sun bloodline would be able to extend how long he lasted in a fight. Zhao Feng quickly took some healing medicine, then focused on cultivating and using the Fire of Wind Lightning to refine his Sacred Lightning Body. On the other hand, the Nine Darkness Demonic Lord was now a ball of demonic light after using the Nine Darkness Sacred Power, and he charged toward Zhao Feng once more with unparalleled speed. As Zhao Feng was now relying on the flaming chariot to fly, his speed was much slower than when he used the Lightning Wings Spatial Flash, so the distance between them was quickly shrinking "Junior, die! He believed that, with the addition of his Nine Darkness Sacred power, Zhao Feng would be unable to do anything even with his monstrous physical defense. The instant the fake body disappeared, a faint disturbance of Fire and Lightning True Yuan from another direction was sensed by the Nine Darkness Demonic Lord.

King of Gods summary: His will is tough and he is unwilling to be normal. However, his pathway was destined to be that way, being born in a small sect's branch.

Jan 10, Betsy rated it really liked it Girl walks into my library. Asks if I have any books on Ancient Greece. Turns out the kid is so into Greek mythology that she is willingly learning more about the true history behind that area of the world for her own personal knowledge. I show her what we have and then we get to talking about mythology. Roll of the eyes. Double roll of the eyes. Kids also love comics. The world is formed, and the Titan Kronos eats each of his children as they are born. However, he misses Zeus, the youngest child, and as a result that particular god is able to grow up, free his siblings, and take arms against the Titans for control of the earth itself. Has your dad ever tried to eat you? On the picture book side of things, he did Kapow yet another comic-inspired title, and a popular one in my library at that. With this book he had one big hurdle to leap: Make the myths logical. The thing about the Greek myths is that you can read them on paper all you like but some things are just not gonna make a whole lot of sense. For example, we hear that Hestia has been so long on the stomach of Kronos that she has nearly been digested and barely has a form of her own. All right, smart guys. The author finds a way, and his words are not without their own rhythm and beauty. I liked little things, like Rhea feeding her husband a stone baby instead of Zeus and the consequent line, "If Lord Kronos noticed his newborn son had less warmth than the rest, he gave no sign. The repeated line that "Mother Earth was still unhappy, for she loved all her children," is what leads to the defeat of the Titans and the rise of the gods on the one hand, and perhaps the eventual destruction of the gods later on down the road. Superheroes of Greek Myth by Charles R. Smith, illustrated by P. Craig Russell comes instantly to mind, so it makes a certain amount of sense. And I did enjoy the fact that comic book facts keep working their way into the notes at the end of this book. Or that the Cyclopes are like Cyclops the X-Men leader. I suppose the Wonder Woman facts will have to wait for a later volume in the series when we finally meet the Amazons. The actual art in this book has all kinds of small details as well. Kronos cut open his father the sky, so his eyes and mouth show only the cosmos. His wife, Rhea, is also the daughter of the sky and the earth, but her pupils are crescent moons, blue on blue. Baby Zeus, meanwhile, is raised in a cave and in one panel looks out at the sky. So without a word you are reminded that Zeus has temporarily exchanged one mouth for another. Admittedly, there is zippo racial diversity in the images here. By the end Zeus even has a white beard. The closest you get to a change is a brown-haired Aphrodite. I suppose the argument for keeping them white was that Greek gods are generally pretty scummy people, and would you really want to diversify their flaws? Greek myths are many things, but child friendly? Apollo chased a girl to get a kiss and she was so freaked out she asked to be turned into a tree. And how exactly did Zeus turning into a swan lead to Leda giving birth anyway? Zeus, after all, is the original leech. So you do see him chasing girls without seeing them get caught. At one point Zeus says that as a kid he used to think he could reach into the sky and take the moon. Metis informs him that Selene, the moon, is much bigger than he is. I can grow pretty big. Accurate characters and personalities. Still pretty kid-friendly in the end. This must have taken a fair bit of wrangling and shifting on his part. When she was quizzing me on this new series, my young patron asked desperately, "I love Hestia. No one ever pays any attention to Hestia. Will there be a book about Hestia? There will be a book on each of the twelve gods and kids will be allowed to find their favorites instantly. Ages 9 and up.

He needed to prepare. According to previous experience, this evolution was related to Zhao Feng, but the evolution itself was generally random and unable to be controlled. Old Monster Xu is starting. With a wave of his armguard, Zhao Feng disappeared alongside a flash of silver. The next moment, in the air above the Ten Thousand Sacred Clan: A purple-haired figure covered in silver light appeared. A golden light covered the forbidden grounds of the Ten Thousand Sacred Clan and started to form a large purple-golden whirlpool. Emperor Ling Qiong nearby sighed. It had the ability to call the rain and summon clouds. The sacred light slowly descended onto Old Monster Xu. The purple-golden whirlpool in the air seemed to obtain some sort of power, and it started to quickly spin and absorb all the Heaven Earth Yuan Qi within several dozens of thousands of miles. The force radiating from him was enough to shake Heaven and Earth. The Mystic Light Sacred power had changed it completely. A pair of Scarlet Wings of Lightning formed on his back, and he arrived where Old Monster Xu was in seclusion with just a flash. The two Emperors were even slightly grateful toward Zhao Feng. Why is he trying to stop Grand Elder from breaking through? A purple light started to form in his left eye. Lightning Wings Spatial Flash! In the next instant, he was already a thousand miles away and surrounded by scarlet lightning. An invisible force radiated around him. Sacred Lightning Dominating Body! He was like a golden lightning giant that crushed everything with his physical body. The air crackled, and a skinny pale-white human figure was squeezed out. Blood dripped from his mouth. The Cloud Silkworm Saint Butterfly quickly waved its wings, and a half-transparent multi-colored pollen landed all over the male and into his soul. The skinny and wrinkled male felt his body go numb as he lost control of his body and True Yuan. A half-transparent Yuan Soul started to leave the skinny body. The eyes of the skinny male were full of fear as he did his best to struggle, but the soul attack, the God Tribulation Lightning attack, and the effect of the Dream Pollen was still there. He had no chance to fight back at all. His Sacred Lightning Body had reached the peak 5th level, and Emperors that had low states of existence would be completely suppressed by him. All of this happened within five breaths. Five breaths to defeat an unrivalled Emperor. Emperor Ling Qiong and the male in black robes were dazed. Now he had reached such a level after only a few months? After the shock passed, the two felt lucky. The two Emperors rushed over, and Emperor Ling Qiong gave a faint smile. The two were speechless. Although that was the truth, they still felt uncomfortable when someone called the Grand Elder their servant. The scenery in the sky started to fade away, and Old Monster Xu opened his eyes after a while. A Magnificent Power swept in every direction like a storm. This aura ruled supreme above everything and even caused space itself to tremble. Zhao Feng and company felt their True Yuan, bloodlines, souls, and Intentions become suppressed. Everything within a thousand miles fell into complete silence. Every action and movement of a Sacred Lord contained the Intent of Heaven and Earth and their understanding of the Origin. Emperor Ling Qiong and the Emperor in black robes were almost injured since they were caught off guard. Old Monster Xu slowly started to conceal his aura. His face was red and had smiles all over it. All of this was because of Zhao Feng. In addition, Zhao Feng saved his life just now. Although he was focusing on breaking through to the Mystic Light Realm, he was still aware of the changes happening in the outside world. He put one hand on Old Monster Xu before disappearing alongside a flash of silver and a spatial disturbance. This was the first time he had taken a Sacred Lord with him to teleport, and the energy expended was more than ten times what it was in the past. Within the discussion hall: Discuss the specifics with Bi Qingyue," Zhao Feng seemed to become more tired as he spoke. He then told the two his plans of ruling near the ocean, but the specific plan still had to be discussed. They would wait for Supreme Emperor Dark Night to return before expanding. Zhao Feng left for five minutes and came back with an unrivalled Emperor slave for her to control. He entered a secret chamber and activated the restrictions before falling asleep.

His will is tough and he is unwilling to be normal. However, his pathway was destined to be that way, being born in a small sect's branch. However, one day, his left eye merges with the eye of an Ancient God in an accident.

He needed three portions for himself. Zhao Feng thought for a moment before resisting the urge to use the Hundred Origin Sacred Honey right now. The later he used the Hundred Origin Sacred Honey, the more effective it would be. Zhao Feng was waiting for the perfect moment. Absorbing the God Tribulation Lightning was a daily task. His soul had almost exceeded the range of Emperors and was about to touch the level of Mystic Light Realm Sacred Lords. Instead, he started to do so after comprehending it more completely. However, his True Yuan was extremely thick in his True Yuan dimension. After merging with all the True Yuan, the power of the God Tribulation Lightning could diminish dramatically. Zhao Feng could only choose to merge it into the Fire of Wind Lightning right now; not only was its offensive power the strongest, it also had the smallest quantity. Merging it into the Fire of Wind Lightning would mean that the God Tribulation Lightning would be able to unleash its full power. Even his soul became heavy for some reason. This aura seemed to rule supreme over everything else and made the Yuan Qi in every direction tremble, as if it was bowing down to a saint. All Yuan Qi, including True Yuan, bloodlines, and Intent was unable to escape from being suppressed by this aura. The sky within several thousand miles seemed to dim as if darkness had descended. This power could flip Heaven and Earth around, and it had been never seen before. His state of existence had ascended, and his eyes were black. His Intent seemed to contain a power that could shatter Heaven and Earth. His voice resounded throughout the air like the ruler of Heaven and Earth. It was as if no one could go against his will. Normal Void God Realms would probably be unable to talk back or even breathe. Everything had been suppressed, including the flow of blood. Is it really worth it for you to personally take action against a junior? Besides, even if I was willing, the power of the imperials is not to be looked down upon," Duke Nanfeng took a deep breath and said. His every action and movement including breathing were much heavier than usual due to the aura of a Mystic Light Realm. Mystic Light Realm Sacred Lords stood at the peak of this era, and seeing any one of them was extremely difficult. As for the power of the imperials, I will personally go to the Grand Imperial Hall and apologize to them. Since he took out the identity of the Left Eyed Heavenly Emperor, then no one would say that he was a bully. How will everyone else look at me if I just hand him over? No matter what, he would do his best. This was still under the fact that he had reached the level of a Quasi-Sacred Lord. This was a power that only pure-blooded upper echelon imperials could control, and it was the fundamental reason the Great Gan Imperials were in charge. The Nine Darkness Demonic Lord knew that Duke Nanfeng was warning him about who the true ruler of the continent zone was. Just at the two were in a stalemate: Zhao Feng felt that all power within the hall was suppressed by the aura of a Mystic Light Realm. It was unknown who would win, but one thing was for sure "once they started fighting, Zhao Feng would be immediately suppressed. He actually agreed to leave obediently? I owe you a favor, and we can fight a Sacred Lord with our combined strength. After all, their strength had exceeded peak Emperors, and they were both about at the level of a Quasi-Sacred Lord. His Intent and bloodline started to burn as his battle-intent was ignited. Duke Nanfeng looked at the youth that was filled with battle-intent. With a flash, a streak of black light instantly closed in on Zhao Feng. A loud explosion sounded near the barrier of the island zone as a tall black demonic figure clashed with a small golden-blue giant. The instant they clashed, explosions sounded around Zhao Feng. In just one blow, his True Yuan and bloodline were almost forced back by the powerful demonic light that could suppress Heaven and Earth. I have to admit that I underestimated you.

Chapter 6 : Zeus: King of the Gods (Olympians, #1) by George O'Connor

King of Gods „â®“ä‘çŽ‘ His will is tough and he is unwilling to be normal. However, his pathway was destined to be that way, being born in a small sect's branch.

A ball of darkness surged over and turned everywhere it went into hell. The Nine Darkness Demonic Lord focused and confirmed that it was the true Zhao Feng sitting on that weird chariot, and the black demonic flames around his body instantly became stronger. The Magnificent Power of the Demonic Dao crashed over like a tsunami. The flaming chariot was like a boat rocking in the waves, about to capsize at any moment. The little thieving cat instantly jumped into the Misty Spatial World. He had continuously used a bunch of resources that increased his body-strength, which decreased their effects dramatically. However, Zhao Feng had already planned how he was going to use the Hundred Origin Sacred Honey, and even if he took it right now, it was unlikely that his Sacred Lightning Body would be able to break through to the 6th level in an instant. Zhao Feng got up and put the flaming chariot into his Misty Spatial World. He was like a demon from hell, and his aura was spreading in every direction. He retreated and sent out a blazing red punch. Sacred Lightning Dominating Fists! Large flaming fists thundered toward the Nine Darkness Demonic Lord. At the same time, white light flashed from the Misty Spatial World. All of them were Bee Kings, and four of them were colorful Bee Emperors. His Little World of darkness descended. The Sacred Lightning Dominating Fists landed on the black flames of the Nine Darkness Demonic Lord and only caused a few ripples before breaking apart, like paper landing on fire. Because the difference was too big, all the Bee Kings were completely suppressed. Several hundred venomous bees self-destructed. This divine Intent turned into a spear of purple lightning that shot toward the Nine Darkness Demonic Lord. He had fallen for it already, so he was prepared. The God Tribulation Lightning within surged and wiped out everything in its path. Before he could react, the black mist dissipated. All it did was delay the spear for a moment. At this moment, the Nine Darkness Demonic Lord remembered the information he had received „â” Zhao Feng of the Purple-Haired Demonic Duo had a mysterious eye-bloodline and specialized in soul attacks. He had forgotten about this. After all, no matter how talented someone was in the Dao of the Soul, it was unlikely that they would be able to affect Sacred Lords if they were only at the middle stages of the Void God Realm. However, this brat had concealed himself from the very beginning and only revealed his true strength now. Before this soul attack, he had only used around a hundred symbols of God Tribulation Lightning at once, which would slowly recover while he was flying. The instant the Nine Darkness Demonic Lord was attacked by the lightning spear, a dark streak of light flashed behind him. He roared in anger, and the world of darkness started to crackle as if it was about to crumble. With a blink of darkness, Supreme Emperor Dark Night merged into the space and disappeared. Do you know how high the Heavens and how thick the Earth are? Even now, his soul tingled. He specialized in ambushing and killing opponents in one move. It looked like his master was going to retreat by using the Misty Spatial World. It was already incredible that Zhao Feng was able to exchange blows for so long. White mist appeared once more from the Misty Spatial World. Zhao Feng held the Sky Locking Bow with his left hand, and he slowly took out a scarlet-golden arrow with his right hand. The Nine Darkness Demonic Lord suddenly felt his soul hurt from the piercing sensation. A legendary substandard God weapon!? His eyes were cold as he lifted the bow, and an invisible force started spreading. He started to tremble, but Zhao Feng remained unmoved and pulled the bowstring. The instant Zhao Feng poured his True Yuan in, the God Slaying Arrow seemed to awaken and release a sharp glow that lit up everything within ten thousand miles. He burned his Mystic Light Sacred power and even its foundation in order to survive. Only now did he start to regret not learning any escaping techniques. The more the bowstring was pulled back, the more the suction force would increase. After that was his lifeforce, his perfect Blood Devil Sun bloodline, his Water-Ice bloodline, the physical strength of his Sacred Lightning Bodyâ€” at the very end, this suction force travelled to his Soul Intent, the purple Soul Sea, and his Eye Intent at the very middle. When the bowstring was completely pulled to its limit, the figure of an arrow formed and gave off a screech of metal. At this moment, the Nine Darkness Demonic Lord fifty thousand miles away shook as a metallic screech sounded in his soul. It

was as if he had been completely locked onto, and no matter where he ran, the arrow would still hit him. Infinite divine light shot through the sky and cleared all the clouds within ten thousand miles. A golden storm blotted out the sky in the distance.
