Being located a short drive away from Lakeside MRT Station, it represents a prime location for a secluded and serene lifestyle right in the heart of Jurong. Sellers are now more than happy to negotiate, it said. Inside the 3rd quarter of , deluxe home asking prices fell 0. In the mean time, only 1 condo had been sold in Sentosa Cove in H1 , further showcasing the lack of sales in the high-end real estate property segment. For movie goers, there are plenty of choices to choose from in the Jurong East area. Lake Life EC represents a unique city living lifestyle for your family and love ones. Real estate property agents attribute the challenge to less than normal demand due to a shortage of renters. The truth is, land lords already have lessened the rental prices to be able to compete for renters, whose figures are generally limited stemming from lower number of foreign workers. For nature lovers, the Japanese Garden presents an opportunity for your family and friends to gather in the serene nature by the lakeside. The Jurong Gold Course is also just around the corner to have a round of gold with your business partners and associates. There are also many facilities available in Lake Life EC which include a swimming pool, gym, tennis court, outdoor fitness area, function room and BBQ pits around the development. A large number of analyst feel that the selling prices will certainly increase as desire among property investors stays robust. Property analysts pointed that real estate selling prices drop is the general insufficient interest. Despite slow growth within the Singapore property market, professionals views that there is still properties in Singapore that remains worth taking a look. Here are a few suggestions and strategies for real estate professionals with regards to advertise home in spite of the current market place conditions. General Weaker views on the property outlook and the potential for even more decrease in prices will limit the number of sales transactions quantities inside the private housing market, said ERA. From the resale market, while many units are already selling more realistically, there are home sellers planning to hold off until such time as current market conditions are more constructive. Conversely, need for new projects is predicted to hold up better as developers have more agencies to list projects strategically and creatively to draw in real estate investors. Travelling to various parts of Singapore via MRT is therefore very convenient and at your finger tips. Preview for Lake Life EC is coming soon. Please do register your interest for showflat viewing. The Tapestry is located near to Changi Airport. The Verandah Residences is avail for viewing soon.

Lake Life EC Site Plan Floor Plan. Lake Life EC Floor Plan is finally release. If you would like to be updated on all criterion first hand information for Lake Life EC such as the site plans and floor plans and more, simply input your criterion details below.

Various floorplans are available to suit your family needs. Kindly take note that the floorplans are subjected to changes from the developer. We can see from the above floor plans that different layouts can be seen for 3 and 4 bedders especially which is typical for Fraser Centrepoint Homes. For Parc Life, we can see that there are different layouts for the 3 bedders such as Viva, Verandah and Vista. The basic layout difference are as below For the Viva layout, this is the most traditional layout and is also the most affordable layout in Parc Life. The layout consist of entering the main door facing the dining room and there is a decent size balcony together with the bedrooms. The kitchen is slightly smaller on Viva layout but nevertheless it is functional for a decent size 3 bedroom as it comes with a utility room as well. For the Verandah layout, this is the more spacious layout in 3 bedroom for Parc Life Sembawang. The layout is bigger due to the fact that there is an additional yard area and a bigger living room as compared to the Viva layout. The balcony is also comparatively larger for this layout in Parc Life EC. This layout is suitable for buyers who have a slightly bigger or extended family looking to stay around the north or sembawang area. The Vista layout represents a cosmopolitan layout for the affluent who are looking for wider frontage with panoramic views of the entire Sembawang area. This layout is for buyers who want to take advantage of the bigger balcony size and the unblock view for a more cooling and breezy unit in Parc Life. Vista layout has always been the layout in demand for young couples seeking a naturally brighter unit in the development. Combined with the neighbourhood Canberra Park, owners are able to take advantage of the Vista layout for a cooling and naturally brighter unit and waking up with fresh air in the entire unit. A look at the available floorplans also indicate that there is now a new layout which consist of a universal room. This universal room serve as a multi-purpose room that can be used an alternative study or infant room for the owners of Parc Life. A gentle note that the universal room does not have built-in wardrobes in the room to maximize the usable space in this room. Typically, there are 2 types of facing, Sembawang Crescent or Sembawang Avenue facing. As a general guide, units 6th floor and above are able to get a unblock view. The difference Please do not hesitate to contact us should you require detailed information on the unit. A full copy of the floorplans is also available upon request. Please read our disclaimer for usage of Parc Life EC floorplans.
