

Chapter 1 : Land and family in Pisticci - EconBiz

The study of family and inheritance systems is a traditionally anthropological one. Dr Davis has examined a South Italian town with records from and concludes that the present 'typical' European system is of recent adoption, a response to the gradual and peculiar integration of Pisticci into a.

Il mare, la collina e tanto altro in una sola vacanza!! Le casette bianche e tutte allineate tra loro offrono una visuale molto suggestiva, tanto da farlo sembrare soprattutto di sera, un presepe. Nicola and Teresa are special hosts!! They make you feel at home right away! The apartment is very characteristic, very clean, equipped with all comforts and with a fantastic location, in the Dirchio di Pisticci, a truly unique district. Another thing that we greatly appreciated was the possibility to park the bike right in front of the house. Fantastic owners and place and apartment and the city and value and everything that you need for long or short stay.. Buona serata e un abbraccio!!! Easy walk to get fresh fruit or gelato nearby. We cooked dinner and breakfast so we did not check out the restaurants, and there were plenty of cooking items like pots pans plates silverware etc to be more than comfortable. It was a little difficult to find the destination, we were told to call Teresa when we arrived nearby, we did and she hopped in the car and we drove to find the apartment and parking. The house is very clean and you will find everything you need to feel comfortable like home! Also, we were warmly welcomed. Easy to park with your car and in a typical part of the city. Teresa was kind, affectionate and great-hearted. The house is easily accessible and even parking was close. The house is comfortable and equipped with everything necessary. Perfect location, comfortable cottage and great hospitality. The house surpassed our expectations, everything was in perfect purity, everything necessary in the house is there. Very pleased with the beautiful view from the balcony, which opened a beautiful view of the city. Many thanks to the wonderful hosts " T
