Contact Author Learning belly dance at home is more fun with a friend! For most women, the main obstacle to moving their hips like a belly dancer is mental, not physical. The video above illustrates another great advantage of belly dancing: The clip shows a group of women at Club Med who learned belly dance during their vacation. To be fair, not everyone will become that proficient after only a few classes - and of course, these girls had a renowned belly dance teacher, Michelle Joyce, teaching them. However, it does go to show that you could easily be dancing confidently after only a few months. But assuming you DO want to learn to dance. You would make progress so much faster. Some have very little explanation, which is useless for a beginner I suspect some were made to attract guys who want to perve rather than serious students! What you want is a DVD that offers a detailed breakdown with full explanations, as well as combinations of the exercises without a break. The final element should be a short choreographed routine, so you can learn how to put all the steps together to make a dance. If they are all you can find locally, then they are enough to get you started - but I think there are better instructors out there. It is not only clear and very easy to follow, but quite motivational which will encourage you to stick with this truly rewarding form of dance. Belly Dance Schools As I said - I do hope you will consider joining a school, rather than trying to learn yourself. Besides making faster progress, you are likely to find that belly dance class will introduce you to a sisterhood and provide you with more fun and friendship than you can imagine. Check out the video below from the Sisters of the Nile troupe! Bellydance is for all women! I know only too well how competitive - and even bitchy - other dancers can be in ballet, jazz or flamenco classes. Most beginners wear a long t-shirt and a pair of baggy pants or a gypsy skirt buy a larger size with an elasticized waist, so you can wear it low on the hips. Why not give it a try? Belly dance class is supportive and fun

Line dancing Lessons – Mini video series Move 1: The cupid shuffle move: Text summary of the move: The cupid shuffle is one the easiest line dance steps that you can learn. It starts with 8 counts of side steps to the right, with the last step being a touch no weight change. Then repeat the same 8 counts to the left. Now repeat the same steps all over facing the new wall. Then you wobble your hands to the left and then wobble your hands – you can put your own style into it! Then you will do a simple cha cha step where you fowrwad, back and cha cha cha in place, Again – forward, back and cha cha cha in place. From there you are just going to do rhythmical steps in place to turn and face another wall. Then you start all over again. The cowboy boogie Text summary of the move: Then 1 step forward and hitch, 1 step foward and hitch. Now you step back for 3 counts and hitch at the end. Then do the same steps facing the new wall. To help your line dancing, you may also want to learn how to country dance. Furthermore, Ballroom dance lessons will also help you to develop balance and coordination. Tips for getting better better in Line dancing: Line dancing is not hard when you can count the entire choreography as you do it. Each single step, hip movement, or wobble has to be timed to the music. A step is when you change your weight on the foot and a touch is when you do not change weight on the foot. Touches are very commonly used to switch directions so make sure you know when its a touch versus a step. The magic is in between the steps. While the steps and the counts are set, the way you dance in between is what counts. Put your own style into the steps. You can do many different things with your hips, upper torso and arms to stand out. Want to learn more dancing?
