Each book is filled with lists and bullet points, giving grads a quick, often humorous read. Customer Book Reviews Pithy, interesting, relevant and will actually get read! There are many good titles in this regard: Life Principles for the Graduate: Letters of Wisdom, Forever Young: Ten Gifts of Faith for the Graduate, and a number of others. The topics headings are education, career, cash, God, marriage, and challenges. Each topic has eight, well thought-out sub-topics that are really briefly annotated bullet points; lists if you will. But the lists are surprisingly insightful and helpful. I did not find myself thinking, "Duh The advice is straightforward, frequently with a passage of Scripture cited as a chapter: I also credit Graduates with looking farther than the near future of the graduate. Interspersed with text are a few casual young adult pictures. These help break up the text and relate to the reader. There could have been more photos for my taste, but I appreciated that there were not childish graphics and cartoon typefaces as if the audience was pre-pubescent. That said, I noted that there was no humor as such in the book. That is not to say that this is a dark philosophical tome. It is light-hearted enough that you might find that you have creased the spine of your gift--as you incidentally skimmed or read the entire small book! You might want to get one more than you think that you need. A great deal of good advice in a small, concise package By Happy Customer on Jun 27, It was such a great value - good advice that would benefit anyone, and in particular, graduates, from a Biblical perspective. I tucked one in each of the cards I gave the four graduates in my life this year with cash as a bookmark. It can be an ongoing reference book to keep and use. It helps one keep grounded spiritually too. Perfect Gift Excellent gift for a single grad or an entire class By S. Beans on Jun 04, Lots of practical information for those graduating high school.
