

Chapter 1 : Museums around Berlin, MD - AARP

The "Little-Known Museums" series highlights small museums in European capitals. The Berlin volume joins earlier installments on London () and Paris (LJ 10/15/96) in providing comprehensive coverage of three dozen specialized museums.

In front of the building stands a statue of the German poet Friedrich Schiller surrounded by four female figures who represent the artistic elements of Lyric Poetry, Drama, History, and Philosophy. The cathedrals are so named for their domes "dom" is also the German word for cathedral and are in fact not churches - the French Cathedral is home to the Huguenot Museum, and the German Cathedral exhibits the history of the German Parliament. Another well-known square in Berlin, Alexanderplatz was the center of East Berlin life and is now home to the World Time Clock, a popular meeting place. Nearby is the Television Tower nicknamed "Telespargel" with panoramic views of the city. Inside, visitors will find a wide range of historical artifacts and donated collections that illustrate the long history and struggle of Jewish Germans, from the Middle Ages to the present. Exhibits include artwork, religious objects, and 24, photographs that have been preserved and recovered. The museum is also home to an extensive library and archives at the Academy of the Jewish Museum Berlin, where there are frequent educational programs. Museum galleries include sections dedicated to Hanukkah, anti-semitism, Middle East conflict, the history and culture of Jerusalem, and the life of Munich rabbi Leo Baerwald. A remarkable testament to the people of Germany and their commitment to never turn a blind eye to the atrocities of the past, the Holocaust Memorial is another Berlin landmark that attracts tourists from all over the world. Sitting on the eastern side of Tiergarten, this collection of 2, concrete slabs covers 19, square meters of uneven ground. Below the sprawling memorial is an information center that houses the letters, diaries, and photographs of Holocaust victims. Originally a royal hunting reserve in which deer, wild pigs, and other game were kept, it was transformed into a public park in Attractively laid out with an abundance of trees and shrubs and expanses of grass and flower borders, the Tiergarten covers hectares and is a favorite spot for relaxation, walking, and boating. The statue, dubbed Golden Lizzy by locals, was completed in It is home to three main galleries, each occupying a wing of the massive building, including the Middle East Museum, the Islamic Art Museum, and the Antiquity collection. The artifacts, which narrowly escaped harm during WWII, were collected by German archaeologists during the 19th and 20th centuries from excursions to Egypt, the Middle East, and Asia. Built in the New Baroque style, the building is the largest church in Berlin and is divided into three main sections: After decades of painstaking work to repair war damage, the church has been returned to its former glory, and highlights of a visit include the Imperial Staircase, decorated with bronze cornices and 13 tempera paintings by Berlin landscape painter Albert Hertel in , and the Imperial Gallery with its splendid views of Berlin. Another popular feature is the Hohenzollern Crypt, which contains nearly sarcophagi, coffins, and monuments from the 16th to 20th centuries. English language guided tours are available. Am Lustgarten, Berlin.
