

Chapter 1 : Making the Team 5th Edition Leigh Thompson Solutions Manual

Making the Team: A Guide for Managers combines cutting-edge theory with the latest research and real-world applications in order to help team leaders and team members succeed in the business world. Every chapter of this edition contains new information, new research, updated examples, and more.

About This Product Description For undergraduate or graduate management courses in Organization Behavior, Group Dynamics, or Teamwork; also appropriate for executives enrolled in degree and non-degree short courses on general management. Gain inside insight to help team leaders and team members maximize their success in business. A Guide for Managers combines cutting-edge theory with the latest research and real-world applications in order to help team leaders and team members succeed in the business world. Every chapter of this edition contains new information, new research, updated examples, and more. Features Written for Two Audiences. Making the Team has two audiences: For the leader, the book directs itself toward how teams can be designed to optimal performance. For team members, the book focuses on the skills needed to be an important and productive member of the team. Focus on the Big Picture. Making the Team shows students the big picture by demonstrating how the team fits into the larger organization. Equipping managers for the long term, this text also highlights developments and trends that may affect how managers structure their teams in the future. The majority of chapters contain new theories, research and topics, such as inter-generational team issues in Chapter 1 , decision fatigue in Chapter 7 , work-family conflict in Chapter 8 , incremental versus entity theory of leadership in Chapter 11 , moral decision making chapter 7 , and an expanded discussion of virtual teams in chapter The updated research also reports on the survey of executives conducted at Kellogg for the past 17 years. The survey in the first edition reported the responses of managers and executives; the fifth edition has a database of more than 1, team managers. More than new research studies have been cited. The author has included more examples and illustrations of effective as well as ineffective teamwork. More than new case studies and examples of actual company teams have been added. And, each chapter has a new, updated opening example. NEW Illustrations and Examples: Many of the concepts and techniques in the chapters are supplemented with illustrations and examples from real teams, both contemporary and historical to illustrate how many of the concepts in the book are borne out in real-world situations. Facts and Myths 2. Team Performance Criteria and Threats to Productivity 3. Tasks, People, and Processes 5. Team Identity, Emotion, and Development 6. Sharpening the Team Mind: Communication and Collective Intelligence 7. Pitfalls and Solutions 8. Leveraging Differences to Create Opportunity 9. Networking, Social Capital, and Integrating across Teams Managing the Paradox Competition and Cooperation
