Determine Size Look at the gift you want to wrap and estimate the size of the bag you will need. Stack books until the side of the book stack is the size of the rectangle you drew or larger. You may need to make two or more stacks of books side-by-side if your gift is large. This stack of books will be used as a form to create the bag. You can also use a box or a stack of boxes as a form. Cut Wrapping Paper Cut a sheet of wrapping paper to use in making the bag. In other words, the paper measurements should be the height of the bag plus enough paper to fold over the end of the stack of books, plus 1 inch. Fold Top Edge Place the wrapping paper right side down. Fold back 1 inch 2 cm along the top edge, crease, and glue in place. Books on Paper With the wrapping paper right side down, place the stack of books in the center of the paper near the bottom edge. Wrap and Glue Wrap the paper around the stack and secure the seam with glue or tape. Be sure that the top edge meets evenly at the seam. Be careful not to wrap too tightly, or it will be difficult to remove the stack of books from the bag. Remove the stack of books from the bag. Fold Gusset optional To make gusseted pleated sides on the bag, pinch the sides of the bag together and crease down the middle of the side. Do this on both sides of the bag. You may also fold the bottom of the bag up and crease it flat like a grocery bag. This will allow the bag to be stored flat. Finishing Touches optional Make the bag stronger by reinforcing the bottom with a piece of cardboard cut to size and placed in the bottom of the bag. To add a ribbon to tie the bag closed, punch two holes in the top of the bag, while holding the front and the back together. Thread ribbon through the holes. Make the holes stronger by adding notebook reinforcing rings. For a way to add sturdy handles, see the Halloween Trick or Treat Bags craft project. If you used solid-colored wrapping paper, you may want to decorate the bag. You can color it, stamp it, or apply paper cuts. For more paper cut sheets and how to use them, see the Simple Paper Cutting craft project.
