The Malibu, CA beach where the football game is being played in the beginning of this film is called Leo Carillo Beach. Barring some vast conspiracy within the Hawaii State Department of Health, there is no reason to think his [original] birth certificate would have any different data. It was claimed that the use of the term "certification of live birth" on the first document means it is not equivalent to a "birth certificate". These arguments have been debunked numerous times by media investigations, [8] every judicial forum that has addressed the matter, and Hawaiian government officials"among whom a consensus has been reached that the document released by the Obama campaign is indeed his official birth certificate. It was asserted that the certificate had been digitally forged with Adobe Photoshop and lacked a stamped seal of the state, which led them to demand that Obama release his "original" birth certificate. Parts filmed in Hawaii reveal a classic Hawaii genre when Waikiki was the most popular destination in Hawaii. Hawaii is where Margaret Keane begins to heal from trauma, and rediscovers her inner strength as a woman and a celebrated artist.

Pet Reservations In cases of extreme temperatures, Hawaiian Airlines reserves the right to restrict the transportation of your pet in cargo. Hawaiian Airlines limits the number of animals on each flight. They recommend that you reserve a ticket for yourself and your pet as soon as possible after confirming your travel plans. You can call them directly at and advise the agent that you are traveling with your pet. All animal kennels are subject to inspection and approval by Hawaiian Airlines. Pets in the Cabin Hawaiian Airlines welcomes small dogs and cats to fly in the passenger cabin on inter-island flights and flights leaving the State of Hawaii, as long as the combined weight of the pet and carrier does not exceed 25 lbs 11 kg. Each passenger can travel with 1 carrier. Only 1 animal is permitted in each carrier, except for 2 puppies or kittens from the same litter or breed. Pets in Checked Baggage Hawaiian Airlines welcomes dogs, cats, and household birds to be transported as checked baggage if the combined weight of the pet and carrier is under 70 lbs 32 kg. Pets in Cargo If the weight of your pet exceeds the weight limit permitted in the hold or Fido is traveling alone, you can transport them with Hawaiian Airlines Cargo Department. Contact them directly at for more information.

Carrier Guidelines For pets traveling in the passenger cabin, carriers must be soft-sided, leak proof, and large enough to allow the animal to sit, stand upright, turn, and lay down in a natural position. They must not exceed the dimensions of 16" x 10" x 9. The animal is required to stay in the carrier throughout the journey. For pets traveling as checked baggage, kennels must be hard-sided. The maximum size for kennels in the hold is 36" x 24" x 26" 91 cm x 60 cm x 66 cm for aircraft and 40" x 27" x 30" cm x 68 cm x 76 cm for aircraft. Other Restrictions Snub-nosed dog and cat breeds short-nosed are discouraged from traveling with Hawaiian Airlines. Everyone on the plane left Poxy he laid on my lap the whole time a little tad of Xanax prescribed by the veterinarian did wonders. The quarantine station in Honolulu was terrifying but Hawaiian Airlines took me there in their van and helped me out and before I knew it Poxy was out of quarantine within minutes! No one gave me a hassle about the paperwork no one said a word as I walked him around the airport on his leash no one said a thing on the plane except how cute and that was about it everything went perfect! Not Pet Friendly Filed a federal complaint against Hawaiian. I checked in 3 hours before my flight from San Diego to Honolulu and they made me wait 2 hours while they went to process authorization. They then said they would make an exception and let me fly. I should have made them not make the exception as the Federal complaint was excused because the airline did allow me to fly. Big deal, they just got away with discrimination and will continue to do this over and over again. They have no become my go to airline!! After explaining my pet was over 8 weeks old and missing my flight I find out that no where does it say pets need to be 8 weeks old. We have actually decided to not fly Hawaiian anymore into Hawaii because they will not allow,our dogs in the cabin with us. The people you get on the phone when you call their number simply say it is "Hawaii State Law". I tried to explain to them that the Hawaii State Department of Agriculture told me directly that is not true. Alaska Airlines does allow small dogs to fly in the cabin with you coming into Hawaii. I hate to change Airlines, but my babies are too important to put through that kind of trauma. Terrified After the tremendous amount of paperwork Hawaii requires to bring your dog you would certainly expect Hawaiian Aire to accommodate travelers with their beloved pets. We are moving the Maui with our two dogs but am thinking twice of travelling Hawaiian Air. Maui airport is the worst I fly back and forth from oahu to maui at least once or twice a month and always fly w my dog as an emmotional support animal. I purchased a Noa pass which allows me 60 segments for the same price at anytime. I usually book my ticket 3 or 4 hrs prior to leaving. Flying w my dog is not a problem leaving honolulu. I usually call in to notify them I will be flying w her the moment I get my ticket. At the counter in honolulu, they follow procedure and do the checklist for my letter. They approve the letter, because I got it written exactly how they want it that process is a whole other story and they send me on my way. However, on Maui, they have consistently given me issues. They take my letter

in the back and review it for over 20 mins leaving me w no one to talk to. They then say they need to review it w their supervisors and send the letter to someone up top. Honolulu does not do this, their staff are trained to process the letter. They are rude on maui. They tell me I need to not only call but also send in a copy of the letter 48 hrs in advance. This is not possible for people who travel frequently between islands and often book their flight only a few hrs in advance. Honest people, who are trying to follow the rules which constantly change should not be treated this way. It is obvious that hawaiian airlines is trying to discourage people from flying w pets. Further, this ridiculous policy that they have come up w is not mandated by the federal government. There is no one to talk to at hawaiian airlines about this issue. You are at the mercy of the staff at the check in desk. Even when u get your ducks in a row and follow their procedures, they come up w something else. This complaint is only directed at the staff at maui airport and this woman Kristen foster. Honolulu staff have been nothing but professional and kind. I hope hawaiian airlines looks into the rude behavior and irrational policies coming from the maui staff and Kristen foster. Not accomodating Pet I was to travel Alaska originally which had electrical problems. They purchased a ticket on Hawaiian to accommodate me with my 4 lb chihuahua. I was attempting to make my schedule with quarantine on a direct release from Las Vegas to Kahului HI. Instead I ran back to Alaska which was great in the end. I showed all my paperwork for the 5 day or direct release program which should have sufficed. Happy, happy ,happy I found the Hawaiian Airlines employees to be very friendly and helpful , I shipped my lb. It took only a few minutes to check him in. He arrived happy and healthy. This is why i am writing another review if it keeps anyone else from going what we went through its worth it. My dogs flight from Seattle to Hilo was 16 hours. When i got to Oahu i ended up with a 5 hour wait to go to Hilo I tried to bump my dog to a earlier flight and was told i could. Was told to get a big cart and bring him from agriculture to the counter, after looking for a half hour for the cart only to be told i was that i could not use them, went back to ticket counter only to have a new employee there who told me i could not bump him up and wanted to know who told me that. I wanted her to try and reach cargo as they were closed on the weekend which it was she would not and told me my dog was not flying from Oahu to Hilo in baggage because no dogs do. At that time i told her i was booked to Hilo through cargo and she wanted proof, cargo does not give you inter Island paperwork till you arrive at cargo so i had nothing to show her for the second half of the flight to Hilo. I think at this point she thought I was lying as she became rude, and nasty. I asked her where cargo was and she said at cargo i then again asked her where cargo was and she again nastily said at cargo, i then where is cargo located and she raised her voice and said at cargo. As i was walking away a employee whispered to me its on Elliott st. I then spent then next hour trying find a place to stay for the weekend in Oahu since the supervisor told me my dog was not flying and it was the weekend and when you call cargo it said it was closed could not find any opening to stay that would take a dog. I then called my husband in Hilo in tears telling him that i was more than likely going to rent a van and spend the weekend in a parking lot with our dog till i could talk to someone at cargo on monday. I then called a taxi and the driver was incredible he could tell i was very distressed and i told him what was happening and he told me dogs fly out of cargo all the time to Hilo and that cargo was open for dogs going out. He also told me that if for some reason they were not open he would help me so i did not have to sleep in a rented van. He also took my dog to a dog park so he could get out of his kennel for a short time. He took me to cargo and they were expecting and waiting for my dog and yes my dog was flying in baggage to Hilo just like I told the supervisor at Hawaiian. Saddest of all was that the Hawaiian supervisor could have reached cargo and it would have been cleared up instead she chose not to help me and on top of it treat me very rudely. I complained to Hawaiian airline and they came back and said it was a misunderstanding and gave me miles. No apology for the treatment i received from her. They allow you to put you dog on right before the flight, no 3 hours early in cargo which is just plain cruel. A vet meets us in Kona and inspects our dogs paperwork and then we drive to Hilo. I do not think Hawaiian should be allowed to fly pets especially when they are unwilling to help you if there is a problem. More than anything i am glad our dog survived, he was so traumatized it was horrifying. It was one of the most traumatizing thing I have been through. I take responsibility for using Hawaiian cargo and learned a hard lesson from it never again. We even canceled our Hawaiian credit card. When we boarded we told the flight attendant that we had 2 dogs in cargo. He went to check that they were boarded, then went to

check himself. They were under the pilots where the fresh air comes in and they kept the light on for them. When we got them from the animal office -they were ready for release as soon as we landed, got our bags and got to the office. They were very helpful in making our and our dogs flights very comfortable. And we had confirmed with reservation that we would be bringing a small dog. Because according to him the letter from the licensed therapist did not have the absolute exact wording. He suggested checking our dog into cargo and admitted that yes dogs have died in cargo. So my wife and our dog stayed behind making it impossible for us to go on vacation together.
