One touch is just the beginning But nothing about this night - or this man - is what it seems. For when Gabrielle witnesses a murder outside the club, reality shifts into something dark and deadly and in that shattering instant she is thrust into a realm she never knew existed - a realm where vampires stalk the shadows and a blood war is set to ignite. With one reckless, irresistible kiss, Dante binds Tess to himself for eternity He comes to her more dead than alive, a huge black-clad stranger mortally wounded and rapidly losing blood. As she struggles to save him, vet Tess Culver is unaware that the man calling himself Dante is no man at all but one of the Breed, vampire warriors engaged in a desperate battle. But in a single erotically-charged moment Tess is plunged into his world - a shifting, shadowed place where bands of Rogue vampires stalk the night, cutting a swathe of terror. Haunted by visions of a dark future, Dante lives and fights like there is no tomorrow. Tess is a complication he does not need - and yet his touch has awakened in her hidden gifts and desires and a hunger she never knew she possessed He has resisted temptation for centuries - until he meets someone whose heart is as frozen as his Using her psychic gift she stalks her prey, well aware that the power she possesses is destroying her. She must learn to harness this gift and for that she can turn to only one man - the vampire Tegan. Tegan is no stranger to loss and he knows fury, but when he slays his enemies it is with ice in his veins. He is perfect in his self-control - until Elise seeks his aid. An unholy alliance is forged, one which will plunge them into a tempest of danger, desire, and the darkest passions of the heart In a world of shadows and consuming passions, desire is the deadliest weapon Fuelled by pain and rage over a shattering betrayal, the warrior Rio has pledged his life to the war against the Rogues. He will let nothing stand in his way - least of all a mortal woman who carries a secret power. But now an ancient evil has been awakened and a new darkness is on the rise. For journalist Dylan Alexander, it began in Prague, where suddenly she is at the centre of a gathering storm of violence and secrets. Not by a long shot. In fact, I loathe the series. They did their usual "Books recommended for you" email what kind of books am I reading that they recommended this junk? Kati Lara Adrian, I wish I knew how to quit you. Apparently these vamps never wear underwear. They just go commando. One less article of clothing to take off. Unlike the later generations who can withstand longer I just felt the beginning was slow and covering old ground that anyone who had read the rest of the series would have already known. Lara Adrian is a great writer with an amazing imagination. Richard Hayes As shown, this collection contains the first 8 books in this series. I took a chance after reading a review of this series and ordered the entire collection. I do not regret doing so, as after reading book 1 I was happy that I had them all and also made sure I preordered book 9. In this twist to the vampire story, vampires are known as The Breed. They all descend from aliens that crash landed on earth more than a thousand years ago. Rob Midnight Breed has it allI absolutely love this series. I have read these stories many times but I can not get enough of this amazing heroic, sexy world she has created. All but one heroine is as great as their male counterparts. I have to say that Claire Roth is one of the weakest female characters ever written. She has no balance for Reichen. But all the others pull you in and make you want more. Valerie This series is similar in mythology to the Black Dagger Brotherhood, but less cheesy. Like BDB, it is more paranormal romance than urban fantasy, but there is enough adventure to hold my interest. Well, to hold my interest when I am in the mood for a light and easy read. Interestingly, in the final book 8 the mythology seems to start evolving a little. I am interested to see where Adrian is taking things in future books. Leanne This a wonderful series with a brand new twist on the vampire mythology. I was hooked with the first book. The characters are richly described and hold your interest. I hope the series never ends. Nicky I liked it very much, the feeling of an actual team and showing the little things about the Order from Mira and the little dogs, the exchanges amongst the boys in the various areas of their expertise such as Gideon and his toys in the tech room. Sharon Watson-azmier I enjoyed all 8 books in the bundle, non of them read slow for me. Each had its own level of excitement and each propelled the story along. For this series I would recommend reading the books in order or you will be lost, highly recommend the series. I will be definitely continuing to read and enjoy the series L. Lara Adrian is a very very good writer. If you love vampires as I do. Pretty good reading on a dark cold night. Shannon Garcia I love love love these books. I have all her books and I have read each of them at least 10 times each. I love how each breed member finds their mates. I want a breed mate tattoo so bad. Amanda Biechy-Hann Is a great mind-less vampire series. They are steamy, and addicting. I like the paranormal romances to take me out of reality for a little while and this series does exactly that.
