Methodist Churches The African Methodist Episcopal Church, a part of the World Methodist Council, defines the Church Militant as "engaged in constant warfare against the world, the flesh and the devil, and in that respect is distinguished from the Church Triumphant."

Ecclesia militans, which consists of Christians on earth who struggle as soldiers of Christ against sin, the devil, and "the rulers of the world of this darkness, against the spirits of wickedness in the high places";[1] the Church Penitent Latin: Ecclesia poenitens, also called the Church Suffering Latin: Ecclesia dolens or the Church Expectant Latin: Ecclesia expectans, which in the theology of certain churches, especially that of the Catholic Church, consists of those Christians currently in Purgatory; and the Church Triumphant Latin: Ecclesia triumphans, which consists of those who have the beatific vision and are in Heaven. These divisions are known as the three states of the Church, especially within Catholic ecclesiology. These divisions are often discussed in the context of the doctrine of the communion of saints; although Christians may be physically separated from each other by the barrier of death, they nonetheless remain united to each other in one Church, and support each other in prayer. Etymology Militant The term militant Latin: Failing that directly, those who believe in the existence of Purgatory hope to die in a state of grace and join the Church Penitent, to purify themselves of their imperfections and, ultimately, join the Church Triumphant. Penitent The term penitent Latin: They are in a process of purging their imperfections before entering heaven. It is held that all members of the Church Penitent will eventually join the Church Triumphant. The alternate term suffering Latin: The other alternative, expectant Latin: Triumphant The term triumphant Latin: These terms are not used in the Catechism of the Catholic Church, an authoritative summary of the teaching of the Catholic Church published in However, the teaching these terms represent is precisely restated, quoting Lumen gentium: The three states of the Church. But at the present time some of his disciples are pilgrims on earth. Fire was transferred from the outer one to the inner one. God also assembled a twofold church: The fire of love will someday be transferred from the church militant to the church triumphant. Its members are in constant conflict with the world, the flesh, and the powers of evil Rom. It is made up of faithful disciples and conquerors in this worldly battle. They have exchanged the sword for a palm of victory Rev 7: The battle is over, the mission accomplished Matt. The church becomes the Church Triumphant only after the second coming of Christ. Secular uses The two states account of the church was adapted by Anatoly Lunacharsky to distinguish between a socialistic culture of the future Ecclesia triumphans and proletarian culture of the proletariat struggling in the present against capitalism Ecclesia militans. This theoretical approach was used in the development of Proletkult.

The language of this article may offend some people. It was a long time ago, well before the era when I started taking the pills my doctor gave me so I could count, read, and see. This is a story I will tell at another date. Bull Admittedly, the medicine makes my mind hazy. I am sure I was there both before and after the massacre. Remember, my facts are subject to revision. But this is what I recall. There was a group of Militant Methodist Jihadists working their way across what was then the western United States. Kentucky and Ohio were the West Coast. Or was his name Ted? Can you imagine it? I believe they were planting apples trees for Walt Disney. Under the watchful eye of their Mullah, Imam Francis ben Asbury, the militant Methodists launched a jihad to impose their unique form of John Wesleyan Sharia law in these remote regions. Many of the settlers thrived on selling bullshit, talking bullshit, eating bullshit, giving bullshit, drinking bullshit, and even recycling bullshit. Bullshit was a huge, big league problem! Yet, the people seemed to love their bullshit. Eventually, Asbury confronted the most powerful local settler, a big time bullshitter named Sir Owen Crapsalot. Even sickness, life and death itself, became bullshit. Bullshit controlled their lives. They were obsessed with bullshit. On the morning of February 3, , a militia of militant Methodist anti-bullshitters met the combined forces of Sir Owen Crapsalot and his mighty Bullshit army on Bowling Green field. It was a massacre. When the Bullshit got its shit together, it was strong. It was to no avail. The Militant Methodists died that day to cries of bullshit heard all around the field. Such, I am told, is the bullshit legend of the Bowling Green Massacre.
