To view it, [click here](#). The plot is like a comedy of errors that develops from the time the H lost 17 pounds in a card game. The H is Stone, so-called because of his titled as the the Earl of Haverstone. He was first introduced in *The Wagered Heart* , where his bumbling drunken stu 3. This novel was a lot better than *The Wagered Heart* , though and I actually grew to like Stone a lot more than the H of that book. What does Stone do after he loses 17 pounds gambling? Well, his friends commiserate with him by helping him to get drunk: Steven is the son of a wealthy merchant and all he wants is to be welcomed by the aristocracy and socialize among the Ton. Does she go about losing fortunes as well? More than enough to recoup a fortune lost in gambling. Rhonda Woodward Kindle Location The funniest thing is that Stone forgets all about this invitation so he is shocked when the Thorncrofts turn up at his country estate. You must admit it has been rather awkward. But I feel better now that we have had this chat. Rhonda Woodward Kindle Locations Stone has his hands full with 3 other women vying for his attention! Two of them are widows who want to be his wife and the 3rd is the vicious married Lady Walgrave, who threw herself at the H even when her husband was right in the room. There was one scene, on the first night of the house party, when the heroine saw Stone kissing Lady W in the gardens. The kissing scene was a little annoying but the story was going so good that my attitude was simply: The tropes are a bit Austenesque since the author spent a lot of time exploring issues related to social interaction and the age old societal divide within the wealthy British classes: He talks to her about his family, his past, his art hobby and his disillusionment with his jaded lifestyle. This came back to bite her in the ass when a gold digging Baron called Lord Stothart corners Mariah, proposes to her in a bullying fashion and then tries to rape her after she refuses to marry him. There were lots of comic moments provided by these 3 other women, while they competed with each other and tried to bully the heroine into staying far away from Stone. I would be in constant fear of having to sell the silver to cover his gambling debts. And who would wish to live with the possibility of stumbling over his latest mistress around every corner? I could never entrust my heart to such an unabashed, unmitigated rakehell. But Stone redeems himself in the most magnificent way ever! He also told her that her entire dowry was hers to spend as she wished and he signed over unentailed properties and a massive annual income that will remain in her possession in the event of his death. However, there is no actual cheating because the H dumped the mistress right after the kissing scene. There is no sex or heavy lovemaking scenes in this novel. It was mainly kissing and mild making out scenes. This is the H, the Earl of Haverstone: This is the heroine, Mariah:

Moonlight and Mischief has 98 ratings and 15 reviews. Ivy said: starsThis is a charming, clean traditional regency romance with great MC's and ente.

She meets and is courted and marries a stern man who spanks her when she misbehaves, which is often. There are adventures, action, hints of danger, much humor, mystery, spanking and romance. That plot line is woven in but an even deeper plot, one of highwaymen terrorizing the local main road, makes this story interesting and unique. That these highwaymen are in fact our heroine Gabrielle and her best friend Keira is the real plotline of this tale. How they do what they do, why they do what they do, and the difficulties this activity leads them into keep the story moving at a fast and enjoyable pace. Included in this tale are all the elements that one comes to expect and look for in a book from Blushing Books. Romance, spankings and erotic sex are key elements of the book, and contribute to it earning the full four star rating given. A wonderful read, one that is sure to leave you fully satisfied. Lots of mischief, antics and spankings. Gabrielle and her friend Keira have been robbing the wealthy people on the road at night and giving the proceeds to the convent to rebuild the section destroyed by fire. Her father announced she had a suitor, Nicholas Forrester. Eventually she realizes she loves him and they get married. Several months after they got married, Keira convinces Gabrielle to rob one more time. Unfortunately it was Nicholas they tried to rob resulting in sore red bottoms. They promised to never rob anyone again. Gabrielle and her friend Keira have been robbing the wealthy people on the road at night and giving the proceeds anonymously to the convent to rebuild the section destroyed by fire. She wanted nothing to do with him so she pulled some naughty pranks, earning her trips over Nicholas lap getting a sore, red bottom. Several months after they get married, Keira convinced Gabrielle to rob one more time. Unfortunately it was Nicholas they tried to rob. When he realized that the girls were the robbers, he strapped both bottoms hard. They both promised to never rob anyone again. Even though they never keep anything, always donating it, it is still a hanging offense of a crime. Eventually, what to them is all fun and games find that their good fortune will run out, and what will it cost them? Many comical moments had me laughing out loud at the antics. Throw in some angst, attitude, the green-eyed monster, fighting women, some witty dialog and snide remarks and you have yourself a fun story with plenty of action, plus a dominant man who metes out plenty of well-deserved spankings to his naughty woman.

Chapter 3 : Moonlight Mischief - Fri, Oct 12 7PM at Naperville
