Videos Online Interactive Course Modules This preparatory course for MRCOG examinations provides you with an online 24x7 access to course modules from anywhere in the world at your own convenience. You will get access to all the course modules, which cover the entire syllabus for the MRCOG examinations. If you are not interested in buying the complete course, you can also buy an individual module. We also give you the option of just buying the final assessment exam in case you do not want to buy the entire course.

Personalised Study Schedule The personalised study schedule allows you to plan your study schedule and effectively manage your time. We provide you the flexibility to activate each module as per your convenience. Each module comprises of 1 Self-study session and 2 Practice session.

Self-study Session During the study session, you must refer to the self-study notes provided to you when you buy the courses.

Self-study Manual A hard copy of the self-study manual would be couriered to you within 10 business days of buying the course. The text has been covered in accordance with the latest curriculum and examination format as described by the RCOG Royal College of Obstetricians and Gynaecologists. This scoring system will be based on the best attempt. Your best score shall determine your positioning in the leader board. After the completion of the course, you will be provided with your performance graph to help you analyse your strengths and weaknesses. This shall also assist you in picking-up your weak subjects.

Picture Bank The courses offer you clinically oriented picture-based questions with explanations.

Lecture Notes This section contains short and crisp online lecture notes on the topics, which are important from exam point of view. This will give you the complete information related to the exam. It tells you about the eligibility criteria, fee structure, syllabus, exam pattern, venues and documents which are to be submitted for the exam in detail.

Final Assessment Exam The intent of the final assessment exam is to provide effective time management skills during the final week of the exam so that you are well prepared and stress-free just prior to the examination. You can ask any query at any time through email and we would ensure that your query is solved within 24 hours on a working day. It provides the candidates a chance to share information and discuss their queries amongst other members of the group as well as the course mentor, thereby simulating a group-study environment. We offer you the membership of Facebook group [CrackingMRCOG](#) where you can find important notifications, discussion related to exam, queries and much more.

Chapter 2 : mrcog part 1 success manual | Download eBook PDF/EPUB

Book Summary: The title of this book is MRCOG Part 1 Success Manual, 1e (MRCOG Study Guides) and it was written by Khaldoun W. Sharif MBBCh(Hons) MD FRCOG MFFP, Harry Gee MD FRCOG, Martin J. Whittle MD FRCOG FRCP(Glas).

Videos Online Interactive Course Modules This preparatory course for MRCOG-1 exam provides you with an online 24x7 access to the nine course modules from anywhere in the world at your own convenience. You will get access to all the nine course modules, which cover the entire syllabus for the MRCOG part 1 exam. These nine modules include: If you are not interested in buying the complete course, you can also buy an individual module. We also give you the option of just buying the final assessment exam in case you do not want to buy the entire course. **Personalised Study Schedule** The personalised study schedule allows you to plan your study schedule and effectively manage your time. Duration of each module is for 10 days. Thus, duration of the complete course is for 90 days. We provide you the flexibility to activate each module as per your convenience. Each module comprises of 1 Self-study session and 2 Practice session. **Self-study Session** During the study session, you must refer to the self-study notes provided to you when you buy the course. **Practice Session** During the practice session, you will get a chance to solve approximately 8” Single best answer SBA type questions of each module taken from latest exams conducted by RCOG. This self-study manual covers the fundamental aspects of all the important subjects related to basic sciences in medicine. The text has been covered in accordance with the latest curriculum and examination format as described by the RCOG Royal College of Obstetricians and Gynaecologists. It has been written in an easy-to-understand manner and well-illustrated with pictures. Topics, which are important from the point of view of examination, have been adequately described. There are also separate chapters on topics not covered by other books, i. This scoring system will be based on the best attempt. Your best score shall determine your positioning in the leader board. After the completion of the course, you will be provided with your performance graph to help you analyse your strengths and weaknesses. This shall also assist you in picking-up your weak subjects. **Picture Bank** This course offers you more than clinically oriented picture-based questions with explanations. This would prove to be especially useful because roughly around 8”10 picture-based questions are asked in the MRCOG-part 1 examination inclusive of both the papers. **Lecture Notes** This section contains short and crisp online lecture notes on the topics, which are important from exam point of view, e. **Video Archive Inclusive of Orientation Video** Video archives contain well-elucidated videos on essential topics such as biostatistics and epidemiology, diathermy, mechanism of labour and many more. This will give you the complete information related to the exam. It tells you about the eligibility criteria, fee structure, syllabus, exam pattern, venues and documents which are to be submitted for the exam in detail. The unique thing about SBAs is that there is only one best answer for such types of questions. Thus, no matter how various options are framed, you will be able to attempt that question if you know that best answer. For example, the most common microorganism responsible for maternal mortality in the UK is group A streptococcus. This remains the answer whether the question is directly asked or framed with a clinical scenario of maternal mortality. Keeping this in mind, we present to you a collection of more than FAQs based on the questions, which were asked in the previous MRCOG examinations 8” Multiple Mock Tests The intent of the final assessment exam is to provide effective time management skills during the final week of the exam so that you are well prepared and stress-free just prior to the examination. Final assessment examination is a compilation of three mock tests structured in accordance with RCOG exam pattern. Therefore, each mock exam simulates the real exam and comprises of two papers of 2. Each paper comprises of SBAs. Final assessment exam will be always active. We also offer you the option of just buying the final assessment exam in case you do not want to buy the entire course. **Contact via Email and whatsapp** We would be offering one-to-one personalised support to the candidates via the option of email. You can ask any query at any time through email and we would ensure that

your query is solved within 24 hours on a working day. Live Facebook Sessions In this section you can request for live sessions on any topic of your choice, which you find difficult to understand or need to discuss. The date of live session, if arranged, shall be notified to you via chat forum. It provides the candidates a chance to share information and discuss their queries amongst other members of the group as well as the course mentor, thereby simulating a group-study environment. We offer you the membership of Facebook group CrackingMRCOG where you can find important notifications, discussion related to exam, queries and much more.
