

### Chapter 1 : Microsoft Office - Free downloads and reviews - CNET calendrierdelascience.com

*Collaborate for free with online versions of Microsoft Word, PowerPoint, Excel, and OneNote. Save documents, spreadsheets, and presentations online, in OneDrive.*

Add to Wishlist Install The trusted Word app lets you create, edit, view, and share your files with others quickly and easily. It also lets you view and edit Office docs attached to emails. With Word, your Office moves with you. Read your PDFs and e-books while traveling, before bedtime, or wherever you want. Make impactful text documents, scripts, blogs, write-ups, or resumes. Customize your document, letter, resume, or notes your way with robust tools that enable you to accomplish your best writing with the best format options. Create with confidence Jump-start your project, assignments, letter, blog, script, notes, write-ups, or resume with beautifully designed modern templates. Use rich formatting and layout options to note down your ideas and express them in writing. Read, write, and edit comfortably Reading view lets you read long docs, PDFs, letters, scripts, and more on your device with ease. Edit your PDF by converting it into a Word document to easily make changes. Everyone can add to the conversation and stay on top of changes to the text, layout, and formatting. As you and your team make changes, you can revert to view earlier drafts with improved version history in Word. Sharing is simplified Share your PDFs and document files with a few taps to quickly invite others to edit or view your documents. Copy the content of your Word files directly into the body of an email message with its format intact or attach your PDFs and docs to an email and make sharing easier. Unlock the full Microsoft Office experience with a qualifying Office subscription see [http: Office subscriptions](http://Office subscriptions) purchased from the app will be charged to your Play Store account and will automatically renew within 24 hours prior to the end of the current subscription period, unless auto-renewal is disabled beforehand. You can manage your subscriptions in your Play Store account settings. A subscription cannot be cancelled during the active subscription period. This app is provided by either Microsoft or a third-party app publisher and is subject to a separate privacy statement and terms and conditions. Data provided through the use of this store and this app may be accessible to Microsoft or the third-party app publisher, as applicable, and transferred to, stored, and processed in the United States or any other country where Microsoft or the app publisher and their affiliates or service providers maintain facilities. By installing the app, you agree to these terms and conditions:

### Chapter 2 : Office Training Center - Office Support

*Office is a cloud-based subscription service that brings together the best tools for the way people work today. By combining best-in-class apps like Excel and Outlook with powerful cloud services like OneDrive and Microsoft Teams, Office lets anyone create and share anywhere on any device.*

Free web app version of Microsoft Word. Free web app version of Microsoft Excel. Free web app version of Microsoft PowerPoint. Free web app version of Microsoft OneNote. Free webmail with a user interface similar to Microsoft Outlook and Mail on Windows. On June 9, , Microsoft announced it would shut down Docs. A file hosting service that allows users to sync files and later access them from a web browser or mobile device. A presentation web app released in October. It also has a native app for iOS and Windows. Allows Office users to search and manage their emails, meetings, contacts, social networks and documents stored on OneDrive or Sites in Office. Outlook on the web: A planning application available on the Microsoft Office platform. A video sharing service for enterprise users with an Office Academic or Enterprise license. An appointment booking application on the Microsoft Office platform. Additionally, the Windows Phone version also allows users to save files locally on the device. According to Microsoft, Office Mobile for iPhone and Android are "very similar" to each other, whereas the Windows Phone version provides a "richer, more integrated experience". Support for markets and 33 languages was added gradually over several weeks. This is most apparent in Microsoft Office XP and , where the standard menus were replaced with a colored, flat-looking, shadowed menu style. The user interface of a particular version of Microsoft Office often heavily influences a subsequent version of Microsoft Windows. For example, the toolbar , colored buttons and the gray-colored 3D look of Office 4. In , Office replicated the flat, box-like design of Windows 8. Users of Microsoft Office may access external data via connection-specifications saved in Office Data Connection. Office had non-cumulative service releases , which were discontinued after Office Service Release 1. Past versions of Office often contained Easter eggs. For example, Excel 97 contained a reasonably functional flight-simulator. Office XP and later do not have any Easter eggs, in compliance with Trustworthy Computing guidelines. Microsoft has granted patent rights to the formats technology under the Open Specification Promise [30] and has made available free downloadable converters for previous versions of Microsoft Office including Office , Office XP, Office [31] and Office for Mac OS X. Microsoft provides the ability to remove metadata from Office documents. This was in response to highly publicized incidents where sensitive data about a document was leaked via its metadata. Extensibility[ edit ] A major feature of the Office suite is the ability for users and third party companies to write add-ins plug-ins that extend the capabilities of an application by adding custom commands and specialized features. One of the new features is the Office Store. The recipient will either have the option to download the app from the Office Store for free, start a free trial or be directed to payment. The apps that employees have personally downloaded will appear under My Apps. User can use apps to amplify the functionality of a document, email message, meeting request, or appointment. Apps can run in multiple environments and by multiple clients, including rich Office desktop clients, Office Web Apps, mobile browsers, and also on-premises and in the cloud. Office 97 onwards standard Windows DLLs i.
