### Chapter 1 : Silver Sheaffer Targaplated, Filled Or Solid? - Sheaffer - The Fountain Pen Network

*I love, love, love the My Naughty Little Sister books, even 20 years later. My favourite story in the set is My Naughty Little Sister and the Solid Silver Watch. I don't know if children these days will enjoy them as much as I did at their age but they are totally worth a read.*

Ashley stood in front of the mirror in her bedroom and studied her hair. She had teased the top, brought some of it forward in bangs and pulled the rest of the long, blond, straight tresses into a high pony tail on one side of her head. She picked up some clear gloss, all the makeup she was allowed to wear, and applied a thick coat to her full mouth. Her mother was just unreasonable, the year-old thought. She glanced at her outfit, a snugly fitted mint green t-shirt with a patchwork heart that matched her short skirt. Her slender legs were bare, as were her feet on which she wore flat-heeled sandals. One more year, she thought. She picked up her Pooh Bear back pack and slipped it on before leaving her room. Ashley walked downstairs and into the living room, where her father sat watching a football game. Linda, at 34, did not look old enough to have a pre-teen daughter. She walked down the staircase in snug jeans and a red t-shirt that was just loose enough to allow her full breasts to bounce. She wore minimum makeup and her honey blond hair was short and tucked under at the ends. She smiled at her pouting daughter. Ashley rolled her eyes up to the ceiling. Ashley and her mother walked into the mall together, but once there, Ashley moved a few steps ahead. I should be shopping with my friends. Ashley rolled her eyes and sighed. She walked alongside her mother as she looked around, hoping no one she knew would be there and see her in this humiliating circumstance. Ashley looked through the racks of short skirts and tops. Ashley made a disgusted sound and held the outfit at her side. Besides, all of the girls at school wear outfits like this. And even if they do, you are my daughter and you are not going to wear anything like that. She picked up a stretchy white lace, pull-over shirt that crossed over at the breasts and fit tightly at the waist. Except for a white lining at the breasts, the shirt was completely sheer. Ashley held it up to herself and liked what she saw. Linda turned her head away and sighed. She looked back at her daughter. Ashley threw the garment on top of the rack. Linda picked it up and hung it back on the rack. Ashley selected a pink lycra spandex dress with narrow straps, a low-cut v neck and a hem that skimmed the tops of her thighs. The pre-teen shoved it back onto the rack and stomped away. Ashley picked up a solid-colored mini dress in exactly the same style as the one her mother had chosen. Linda a bit her tongue and agreed to the dress. She then suggested they go into one of the department stores to buy Ashley some panties. Once in the lingerie department, Ashley picked up and touched every silk and satin pair of thong and bikini panties she saw. Linda looked through packages of thick, soft cotton underpants, some in solid colors, some with small flowers, others with dancing ballerinas and baby dolls. She chose one package of solid, pastel colors and one with kittens and one teddy bears and called Ashley to her. Ashley looked at the childish panties and shook her head unbelievably. She folded her arms across her chest. Linda walked over to her daughter and stood behind her. Girls who know how to behave themselves. Girls who know how to walk with their Moms and be nice to them," she explained. Who are rude to their mommies, and must have their little bare bottoms spanked. We are going to leave here, right after I buy these panties, and I am going to take you home. When we get there, I am going to take you upstairs to my bedroom. You are going to put on a pair of these naughty little girl underpants. Then I am going to turn you over my knee. Would you like to get spanked in front of the women in this store? You know what I want to hear. Maybe another spank, this time with your panties down. Linda took the little-girl underpants to the cashier. These are just darling! Some little girl is going to be very happy with these. Look at these kittens! She just loves them. Ashley, her face red, nodded. The saleswoman seemed surprised. Ashley lifted her blushing face to the smiling saleswoman. Today, you behaved like a naughty little girl, so, show them to Daddy. Ashley walked slowly into the living room where her father still sat watching football. He held his hand out to his daughter. Ashley nodded, not daring to look at her father. Linda held out her hand and Ashley took it. Ashley sat on the bed and brought her foot up to the edge of the mattress. She

unbuckled her sandal and slipped it off. She looked dejectedly at the clear nailpolish on her toes. She was not allowed to wear a color yet. She brought her other foot up to the bed and unbuckled her sandal and slipped it off. She stood in front of her mother. Linda held out the cotton underpants with the kittens on them. Ashley stepped into the panties and Linda pulled them all of the way up. Look at your new panties. She lifted her skirt and looked at the kittens chasing balls of brightly colored yarn. Linda watched her daughter. The girl had not yet developed hips. Ashley stood next to her mother. She raised her hand and spanked one pantied cheek, raised her hand again and brought it down onto the other cheek. She spanked each cheek quickly and heartily with muffled claps. Ashley uttered quick "ows", jumped and clenched her bottom cheeks with every swat. Linda slapped her hand down again on the roundest, highest part of one cheek. The spanks were not too hard yet. Linda spanked the other cheek in the same fashion and watched the plump chubs jiggle. Linda spanked up the side of one cheek and down again in solid smacks. Ashley clamped her teeth together and clenched her bottom, but it did not keep her from bellowing. Linda turned to the other chub and gave it the same biting treatment. Yes, she thought she was but knew that answer would only make this spanking harder and last longer. Not too grown up for a spankiiiiing" Ashley cried. Mommy will always spank you when you are naughty," Linda promised. Pleeeeease, stoooooop, Mommyyyyy," Ashley sobbed. Ashley shrieked and wiggled her burning buns. I promise to be goooooood," Ashley screeched between spanks and sobs. She thrashed and kicked, her little toes swinging through the air as she sobbed and howled. She spanked while she searched for a patch of ivory skin. And then she spanked all of the red, squirming chubs again. She raised her hand and slapped it down on one burning cheek five times and then turned to the other while Ashley continued shrieking and flailing her legs. Do you think you can be a good girl for Mommy? Linda helped her daughter off of her lap and stood the pre- teen in front of her. But if you are naughty, I will spank you. And Daddy will spank you.
