## Chapter 1 : New Super Mario Bros. Wii | Wii | Games | Nintendo

*New Super Mario Bros (Wii): Prima Official Game Guide (Prima Official Game Guides) [Fernando Bueno] on calendrierdelascience.com \*FREE\* shipping on qualifying offers. \* Exclusive maps for every world. Every map was created for this guide, you won't find them anywhere else!*

Wii is a 2. For instance, the Super Mushroom makes Mario increase in size and allows him to absorb more damage; the Fire Flower lets Mario shoot fireballs at enemies; and the Super Star gives the player temporary invincibility and increases running speed. Each world contains two boss levels – a midway fortress and a castle at the end of the world – where the player battles one of the seven Koopalings. At certain points, a Toad will appear trapped in one of the previously completed levels, and the player can choose to rescue him from a block and carry him safely to the end of the stage in order to earn additional lives. Reaching this goal opens up a path on the map that leads to a hidden area. Wii features "Super Guide", a concept meant to help players that are having difficulty completing a certain level, and the first Nintendo game to include the concept. The player may interrupt the guide at any time and take control of Luigi from that point. After Luigi completes the course, the player has the option to try the level again, or skip it completely. Wii is the first entry in the Super Mario series to feature simultaneous 4-player platforming gameplay. In this early screenshot of the game from E3 , players are able to pick up and carry each other, as Luigi is doing with Blue Toad. New Super Mario Bros. Wii is the first Super Mario game to feature simultaneous cooperative multiplayer gameplay. A bonus is awarded if all players grab hold of the flag within three seconds of the first player grabbing it. Players are ranked after each level based on points, coins, and enemy kills they achieve. They can also pick up and throw each other, and eat and spit each other out while riding Yoshi. If all players run out of lives and get a game over, they must restart from their last save point. They can resume play when another player breaks the bubble. A player can break the bubble by touching it, or by hitting it with a fireball, ice ball or Koopa shell. The Toads in the castle grant them access to the new items, the Propeller Mushrooms and Penguin Suits. Bowser is defeated but is revived by Kamek, who casts a magical spell that transforms him into a giant. Bowser chases after Mario and the others, destroying everything in his path, until Mario finds a large switch and triggers it, causing Bowser to fall through the ground and releasing Peach from her cage. Peach and Mario depart from the castle in a hot-air balloon, with Luigi and the Toads following behind. The credits are shown as a minigame where the letters in the credits are written on blocks, which can be broken by the playable characters to get coins all four characters appear, but only the ones controlled by players can get coins. After the credits , Bowser Jr. Development[ edit ] New Super Mario Bros. Attempts to integrate cooperative multiplayer into Super Mario 64 , the first 3D game in the series, ultimately failed due to the hardware limitations of the Nintendo After the release of New Super Mario Bros. Simultaneously, the Super Guide feature, which would allow a player to watch a level get completed before trying again after failing a certain number of times, was included with the game in order to make the game accessible to unfamiliar players as well. As an extra incentive for advanced players, the team also added achievements that could be earned by completing the game without making the green block appear in any levels. Wii was worked on by several developers, some of whom had varying understandings of the design principalities of Super Mario games. Wii was composed and arranged by Shiho Fujii and Ryo Nagamatsu , with additional work provided by sound director Kenta Nagata. Nintendo hoped that the game would help to increase sales of the Wii in the coming holiday season. On October 29, , it was released as a pack-in game with a red Wii console, alongside Wii Sports and a built-in download of Donkey Kong , which was released to celebrate the 25th anniversary of Super Mario Bros. Wii, dubbed New Super Mario Bros. It was a prototype designed to showcase the technology of the system. This updated version of the game features high definition graphics in p and a reworked UI. Wii several days before its release, as the store had mistakenly put it up for sale early, and ripped and uploaded the game disk online. Nintendo took down the game and sued Burt shortly afterwards, accusing

## Chapter 2 : Prima Games - Super Mario Wiki, the Mario encyclopedia

*Prima Games Newsletter. Hear about the latest New Super Mario Bros Wii guides, exclusive content, and amazing offers! New Super Mario Bros. 2 for 3DS unveiled.*

Quick save- the player can create a temporary save instead of waiting until he or she beats a castle or fortress. Multiplayer- up to four users can play simultaneously. Gameplay Edit The game plays in the same fashion as its portable counterpart. New powerups are found within the game including a penguin suit that lets a character slide around on the ice and a propeller that acts as a new flying powerup. There are 76 levels in the game. Critics have noted that the game emits a Super Mario World vibe whereas the original was more akin to Super Mario Bros. The spin jump is performed by shaking the Wii Remote. As the game is a traditional sidescroller, most of the game is played by using the Wii Remote sideways like an NES controller. Unlike New Super Mario Bros. This means you do not have to complete a fortress in order to save. Upon completing the game you are enabled to fully save the game. Suits and Yoshi Edit The typical Super Mushroom and Fire Flower upgrades appear in this game as they have in most Mario platformers, and two brand new suits have also been added, those being the Propeller Suit and the Penguin suit. With the Propeller Suit, the character sports an outfit with a helicopter-like propeller attached. By shaking the Wii Remote, the character will be sent soaring upwards. After he starts to drop, the player can shake the Wii Remote again so that he floats down, possibly granting access to far away platforms. The Penguin Suit is fairly similar to the Tanooki Suit , Bee Suit and Frog Suit from previous Mario games that the character to be dawn an animal inspired suit, this time a penguin. With the Penguin suit, the player can slide around on platforms, swim in water faster, and shoot ice balls that freeze opponents, consequently turning them into platforms. There are four different Yoshi colors in the game including green, yellow, pink, and light blue red and blue were initially going to be in the game but were removed for unknown reasons. Yoshis are found in Yoshi Eggs that exist within? His flutter jump move from Super Mario World 2: All this reflects directly from Super Mario World. The extra jump feature from Super Mario World also returns in the game, which can save a player at the last moment if they happen to fall into a pit or face some other dangerous obstacle. Yoshi hardly appears in New Super Mario Bros. Wii, only being found in levels in which his addition constitutes as appropriate. This may have been done so as to make his appearance special. Miyamoto has stated that he wanted to make finding a Yoshi Egg in Super Mario World rare so as to excite the player when it happened. The same point of view may have been considered when developing New Super Mario Bros. Larry Koopa is the boss of this world. Most of the powerups, as well as Yoshi , are introduced in this world. Special items include Propeller Mushrooms. It is similar to that of New Super Mario Bros in that it has moving blocks that are used as platforms. It features many cheep cheeps, and jet streams coming out of pipes. It mainly features cube square platforms that rotate in one direction. This features many gear-shaped platforms. Roy Koopa is the boss of this world.
