This story contains graphic language. Woodward offers a devastating portrait of a dysfunctional Trump White House, detailing how senior aides — both current and former Trump administration officials — grew exasperated with the President and increasingly worried about his erratic behavior, ignorance and penchant for lying. Chief of staff John Kelly describes Trump as an "idiot" and "unhinged," Woodward reports. Defense Secretary James Mattis describes Trump as having the understanding of "a fifth or sixth grader. The explosive revelations about Trump from those closest to him are likely to play into the November midterm election battle. It recounts a dramatic session in the White House residence in which Trump failed a mock Mueller interview with his lawyers. Sometimes it is unconventional, but he always gets results. He sums up the state of the Trump White House by writing that Trump was an "emotionally overwrought, mercurial and unpredictable leader. Former chief economic adviser Gary Cohn saw a draft letter he considered dangerous to national security on the Oval Office desk. The letter would have withdrawn the US from a critical trade agreement with South Korea. Woodward reports Cohn was "appalled" that Trump might sign the letter. Got to protect the country. Former staff secretary Rob Porter worked with Cohn and used the same tactic on multiple occasions, Woodward writes. He and others acted with the acquiescence of former chief of staff Reince Priebus, Woodward reports. Woodward explains that he talked with sources on "deep background," meaning he could use all the information but not say who provided it. His reporting comes with the credibility of a long and storied history that separates this book from previous efforts on Trump. In one revelatory anecdote, Woodward describes a scene in the White House residence. Trump failed, according to Dowd, but the President still insisted he should testify. Woodward writes that Dowd saw the "full nightmare" of a potential Mueller interview, and felt Trump acted like an "aggrieved Shakespearean king. I want to see if there was corrupt intent. He criticized Woodward for fueling an "endless cycle of accusations and misrepresentation. It was a great honor and distinct privilege to serve President Trump. Trump appears to be lonely and increasingly paranoid, often watching hours of television in the White House residence. Trump said that Priebus is "like a little rat. He just scurries around. They took your diaper off right there. When are you going to be a man? In a conversation with Sen. Me versus Kim," he said of North Korea. His inner circle was worried about "The Big Problem," Woodward writes: Trump went off on his generals. He questioned the wisdom of keeping US troops in South Korea. President," Cohn said to Trump, "what would you need in the region to sleep well at night? Woodward also quotes an unnamed White House official who gave an even more dire assessment of the meeting: In meeting after meeting, Trump questions why the US has to pay for such a large troop presence in South Korea. Woodward reveals that Trump ordered printouts of his tweets and studied them to find out which ones were most popular. Twitter was a source of great consternation for national security leaders, who feared — and warned Trump — "Twitter could get us into a war. Both Jared Kushner and Ivanka Trump are targeted by the inner circle.

Long Stories - Post by: Marion Crawford - Read: Not only had the Germans effected a landing in Essex, but, in addition, no fewer than eight other hostile armies had, by some remarkable coincidence, hit on that identical moment for launching their long-prepared blow. England was not merely beneath the heel of the invader. It was beneath the heels of nine invaders. There was barely standing-room. P G Wodehouse - Read: Simpson spent little time with his family, owing to certain awkward methods of horse-trading, or the "swapping" of farm implements and vehicles of various kinds,--operations in which his customers were never long suited. After every successful trade he generally passed a longer or shorter term in jail; for when a poor man without goods or chattels has the inveterate habit of swapping, it follows naturally that he must have something to swap; and having nothing of his own, Kate Douglas Wiggin - Read: The sun never seems so bright or the turf so green as during the first five minutes after one has come out of the detention-room. One feels as if one were entering a new and very delightful world. There is also a touch of the Rip van Winkle feeling. Everything seems to have gone on and left one behind. Mike, as he walked to the interruption was indeed not so great as if the couple had not met, as they almost invariably met, in silence: Her having no word for him, however, committed her no more to implying Henry James - Read: He could not quite grasp the situation. It was not only that he had got the idea so firmly into his head that it was Rand-Brown who had sent the letters and appropriated the bat. Even supposing he had not suspected Rand-Brown, he would never have dreamed of suspecting Ruthven. They had been friends. And none could guess, so gay thou art, That thou and I are far apart.
