

## Chapter 1 : Activities - Delmont Pilgrimage

*Catholic Pilgrimage Tours; Sample Tours. Italy Pilgrimages. You could do it the old fashioned way: Pilgrimage Tours Scherersville Road Allentown, PA*

We sponsor two brigades: The story of the Martyrs is told in an article on our web site. The life of St. Isaac Jogues, Saint among Savages , is available in our bookstore. Here is a description of the pilgrimage, originally appearing on the Spero News site. In the footsteps of martyrs By Brother Andre Marie In his Canterbury Tales, Geoffrey Chaucer presents a series of charming stories told by his colorful medieval characters. These holy and not-so-holy fourteenth-century pilgrims were on their merry way to the shrine of St. But roughing it for Christ is not a thing of the past. There are even Americans today who still do it the old-fashioned way – on foot. To them, it is the best way, because it is more spiritually rewarding. The pilgrimage, now in its twelfth year, is no mere athleticism, though. Pilgrims walk through the woods of verdant upstate New York singing hymns, praying the Rosary, and meditating together in their small brigades, each of which is named after a saint or an important Christian mystery. At night, they camp in tents or under the open sky. Since its inception some twelve years ago, the Pilgrimage for Restoration has always had priests who celebrate that rite of Mass as part of the routine of prayer. In fact, there is plenty of Christian mirth along the way, especially when the young people stage a talent show on Thursday night. For those not able to handle the constant walking, there are support vehicles equipped to take them to the next stop. Participants with less time or stamina for the long excursion can join on the final day for the seven-mile stretch from Fonda to Auriesville. Thomas at Canterbury, the Pilgrimage for Restoration terminates at the shrine of the Eight North American Martyrs, whose prayers are invoked for the conversion of America. Most of these Martyrs died on the Canadian side of the border, but three of them St. Jean de la Lande died years ago in what is now New York State. Goupil was martyred in the Mohawk village of Ossernenon now Auriesville , where his precious remains were lost. After the Solemn Mass, pilgrims can walk the graceful descent into the peaceful ravine where his body was last seen. A series of plaques along the way narrate the story of his martyrdom at the hands of the Mohawks, and the loss of his sacred remains. For all its traditional elements, Lloyd insists that the pilgrimage is not about being old-fashioned. Maybe some ambitious young writer will leave posterity with the Auriesville Tales. The Pilgrimage is scheduled for September 26 to Those interested in forming brigades or joining existing brigades are encouraged to contact the National Coalition at , coalition fast.

Aside from the early example of Origen , who "in search of the traces of Jesus, the disciples and the prophets", [1] already found local folk prompt to show him the actual location of the Gadarene swine in the mid-3rd century, surviving descriptions of Christian pilgrimages to the Holy Land and Jerusalem date from the 4th century. The Itinerarium Burdigalense "Bordeaux Itinerary" , the oldest surviving Christian itinerarium , was written by the anonymous "Pilgrim of Bordeaux" recounting the stages of a pilgrimage to Jerusalem in the years and Pilgrimages also began to be made to Rome and other sites associated with the Apostles , Saints and Christian martyrs , as well as to places where there have been apparitions of the Virgin Mary. Pilgrimage to Rome became a common destination for pilgrims from throughout Western Christianity in the medieval period, and important sites were listed in travel-guides such as the 12th-century Mirabilia Urbis Romae. In the 7th century, the Holy Land fell to the Muslim conquests , [3] and as pilgrimage to the Holy Land now became more difficult for European Christians, major pilgrimage sites developed in Western Europe, notably Santiago de Compostela in the 9th century. Political relationships between the Muslim caliphates and the Christian kingdoms of Europe remained in a state of suspended truce, allowing the continuation of Christian pilgrimages into Muslim-controlled lands, at least in intervals; for example, the Fatimid Caliph al-Hakim bi-Amr Allah ordered the destruction of the Church of the Holy Sepulchre , only to have his successor allow the Byzantine Empire to rebuild it. The crusades were at first a success, the Crusader states , especially the kingdom of Jerusalem , guaranteeing safe access to the Holy Land for Christian pilgrims during the 12th century, but the enterprise of the crusades was ultimately doomed to failure, and the Holy Land was entirely re-conquered by the Ayyubids by the end of the 13th century. Under the Ottoman Empire travel in Palestine was once again restricted and dangerous. Pilgrimages to Rome can involve visits to a large number of sites, both within the Vatican City and in Italian territory. Helena in the 4th Century. For centuries, the Scala Santa has attracted Christian pilgrims who wished to honour the Passion of Jesus. Traditionally, pilgrims in Rome visit the seven pilgrim churches Italian: Le sette chiese in 24 hours. This custom, mandatory for each pilgrim in the Middle Ages, was codified in the 16th century by Saint Philip Neri. The seven churches are the four major Basilicas St Peter in Vatican , St Paul outside the Walls , St John in Lateran and Santa Maria Maggiore , while the other three are San Lorenzo fuori le mura a palaeochristian Basilica , Santa Croce in Gerusalemme a church founded by Helena , the mother of Constantine, which hosts fragments of wood attributed to the holy cross and San Sebastiano fuori le mura which lies on the Appian Way and is built above Roman catacombs. Santiago de Compostela[ edit ] Further information: Santiago de Compostela and Way of St. Around the place of the discovery a new settlement and centre of pilgrimage emerged, which was known to the author Usuard in [7] and which was called Compostella by the 10th century. The cult of Saint James of Compostela was just one of many arising throughout northern Iberia during the 10th and 11th centuries, as rulers encouraged their own region-specific cults, such as Saint Eulalia in Oviedo and Saint Aemilian in Castile. According to some authors, by the middle years of the 11th century the site had already become a pan-European place of peregrination , [10] while others maintain that the cult to Saint James was before 11â€”12th centuries an essentially Galician affair, supported by Asturian and Leonese kings to win over faltering Galician loyalties. Under the rule of this prelate , the townspeople rebelled, headed by the local council, beginning a secular tradition of confrontation by the people of the cityâ€”who fought for self-governmentâ€”against the local bishop, the secular and jurisdictional lord of the city and of its fief, the semi-independent Terra de Santiago "land of Saint James". The German word Heiligtumsfahrt means "journey to the holy relics". In all three places important relics could be seen: In the Maastricht pilgrimage drew around , visitors; [12] Aachen had in around , pilgrims.

### Chapter 3 : Old Fashioned Salmon Patties | The Southern Home

*In Mesoamerica, some pre-date the arrival of Europeans and were subsequently transformed to Christian pilgrimage sites. One such is the Hill of Tepeyac with the Basilica of Our Lady of Guadalupe outside Mexico City, said to be the site of the apparition of the Virgin of Guadalupe.*

Saturday, December 2 from 3: Join us at Salem Lutheran Church for all the delights of the season!
