### Chapter 1 : Paint This With Jerry Yarnell Back from the Garden, Part 5 on Alabama Public Television

*Paint Along with Jerry Yarnell Volume Five - Painting Adventures [Jerry Yarnell] on calendrierdelascience.com \*FREE\* shipping on qualifying offers. Love to paint? Want to learn? Then let's get started! The adventure begins the moment you pick up a brush.*

Continuing from *Painting Magic*, he further encourages them to master composition, design, perspective, negative space, color mixing, values and color coordination. Readers will put these new skills to use in eight beautiful painting projects. Each one is easy-to-do and comes complete with step-by-step instructions and photos. Customer Book Reviews great information. By Barbara Irelan on Oct 03, we had been looking all over for this book and here we found it for the least amount of money Techniques are like Tools By Larry D. Nail on Jan 30, Having more tools in the tool box is a good thing. And learning different ways to paint trees, water, rocks, people, just gives you more to look at. It is sort of like the fact that you can play a lot of songs with just 3 chords on the guitar. But it is better if you can change key, play several cords in each key. Acrylic painting instructional books By Larry on Jan 07, Jerry Yarnell is an excellent acrylic painter. This book is another fantastic instructional book in his series of books. It contains great instructions and projects to increase your acrylic painting skills. My goal is to collect them all, I like this style of painting and am learning alot. The book came quicker than I thought and although a little crumpled with the shipping was still in good shape. I will continue to order more books. Boehm on Sep 27, Love the Jerry Yarnell books. If you are just starting, and want to take your time to learn how to paint, buy a few of his books and you can do nothing but great things. The book is so informative it makes you feel you are in the classroom with the teacher. Demonstrations galore By M. Cummins on May 17, Another good book to buy to learn how to paint landscapes. As a teacher he is excellent with multiple demonstrations for each picture. My only critique is that for me I love bold bright colours and his painting is softer and more subtle but still lovely. Orde on Mar 14, I have watched Jerry Yarnell paint on television and always wanted to paint. I will use this book in conjunction with his TV programs to learn some painting techniques and possibly take classes from other artists. One step at a time! He is a very happy man: Book explains clearly with pictures to show how to use different techniques to create a painting. Good Instructional book for artistic painters By Benjamin Rumson on Jun 18, Excellent technique instructional By Woodturner on Nov 27, As advertised - great book in great condition. Add a Book Review Book Summary: This particular edition is in a Paperback format. It was published by North Light Books and has a total of pages in the book.
