

Chapter 1 : Petrology: Igneous, Sedimentary, and Metamorphic by Harvey Blatt

The new edition welcomes Brent Owens as the new lead author for the chapters on igneous rocks, complementing Harvey Blatt's role for the sedimentary chapters, and Robert Tracy's for the metamorphic chapters.

This is the 2nd edition and it contains nearly the exact same content as the newest edition, and can easily be used for your class as you can see from the thousands of feedbacks left on our account. We specialize in tracking prior editions that can be used in place of the most current and much more expensive editions and our large base of repeat customers is a good indication that it works. Choose priority shipping upon checkout for fastest shipping speeds. And if you are shopping for more than one textbook, be sure to select the blue link below or the Search Store box above to search for more of your books within our massive inventory we carry most textbooks and save even more.
