

### Chapter 1 : Pictures of Lily (Audiobook) by Paige Toon | calendrierdelascience.com

*'Pictures of Lily' is the fourth book from contemporary romance author, Paige Toon. Lily came to Australia when she was fifteen. She and her mum moved halfway around the world (and took a hour plane trip!) to come and live in Adelaide with her mum's new fella she met on the internet.*

I always fly through her books and fall in love with the characters she creates. Pictures of Lily was another one of those books and I really enjoyed it. But all in all, this was a four star read for me! Lily came to Australia when she was fifteen. She and her mum moved halfway around the world and took a hour plane trip! Lily was initially reluctant. Not even her sexy quasi-stepbrother, Josh, could sweeten the deal. She discovered a love for nature photography, and developed a special bond with a joey koala. And then Lily met Ben. A fellow ranger at the conservation park, Lily and Ben soon became good friends. They connected, and Lily soon fell in love. Ten years passed, with Lily constantly pining for what could have been. But she eventually, slowly, moved on. Moved on to Sydney and forgetting about Ben. Until the day he reappears to turn her life upside down. Never have I read a more scintillating blurb underage romance and love triangles! It would have been one thing if Lily had acted older than she was – if she and Ben had partaken of some canoodling or serious flirting – but Lily is so innocent, and she reads so much into the most nonsensical gestures that she does come across as very naive. I do appreciate a good love triangle, and I wanted to at least see if Toon could turn up the heat when a third wheel was added into the mix. Skip ahead ten years and Lily is engaged to Richard, a fairly nice bloke who is unaware of the affection Lily still carries for the one who got away. Poor Richard is even more clueless when Lily bumps into Ben now divorced, how convenient! I love them both. Somewhere deep inside me the chasm that cracked and broke open when Ben left splits even further apart. I could have handled the lukewarm romances if Lily at least had a bit of charisma to carry the narrative. Once again, sadly not. Lily is as tedious as her love life. If this is meant to be for older readers, then why the kid-gloves with the romance? And as a result, the young-adult half feels unfinished while the adult second-half feels like it was holding back. And what a shame, because the bones of each storyline was scintillating and interesting enough.

### Chapter 2 : Pictures of Lily Audiobook | Paige Toon | calendrierdelascience.com

*Pictures of Lily is my favorite Paige Toon book. Read more. Helpful. Comment Report abuse. Book Lover from GA. out of 5 stars Picture perfect! October 13,*

Lily came to Australia when she was fifteen. She and her mum moved halfway around the world and took a hour plane trip! Lily was initially reluctant. Not even her sexy quasi-stepbrother, Josh, could sweeten the deal. She discovered a love for nature photography, and developed a special bond with a joey koala. And then Lily met Ben. A fellow ranger at the conservation park, Lily and Ben soon became good friends. They connected, and Lily soon fell in love. Ten years passed, with Lily constantly pining for what could have been. But she eventually, slowly, moved on. Moved on to Sydney and forgetting about Ben. Until the day he reappears to turn her life upside down. Never have I read a more scintillating blurb underage romance and love triangles! The romance is so PG13 that it reads like a thirteen-year-olds diary entry for all the "his arm brushed against mine, his eyes are blue like water" prostrating that Lily keeps up even into her late twenties. It would have been one thing if Lily had acted older than she was - if she and Ben had partaken of some canoodling or serious flirting - but Lily is so innocent, and she reads so much into the most nonsensical gestures that she does come across as very naive. I do appreciate a good love triangle, and I wanted to at least see if Toon could turn up the heat when a third wheel was added into the mix. Skip ahead ten years and Lily is engaged to Richard, a fairly nice bloke who is unaware of the affection Lily still carries for the one who got away. Poor Richard is even more clueless when Lily bumps into Ben now divorced, how convenient! I could have handled the lukewarm romances if Lily at least had a bit of charisma to carry the narrative. Once again, sadly not. Lily is as tedious as her love life. If this is meant to be for older readers, then why the kid-gloves with the romance? And as a result, the young-adult half feels unfinished while the adult second-half feels like it was holding back. And what a shame, because the bones of each storyline was scintillating and interesting enough.
