*Project L.U.C.I.D. is being implemented at the direction of the Inner Circle of the Illuminati. Using the global internet, the system has been developed and is being installed by international corporations, working jointly with United Nations consultants and U.S. intelligence and law enforcement personnel.*

Project Jan 29, Comments Off on L. As with ALL informationâ€¦ do not believe what man or religion tells youâ€¦ read the Word of God and ask the Holy Spirit to reveal the truth to you. Of course we had read the official story from the Vatican Observatory Website before making the trip, how VATT truly lives up to its name: This was manufactured at the University of Arizona Mirror Laboratory, and it pioneered both the spin-casting techniques and the stressed-lap polishing techniques of that Laboratory which are being used for telescope mirrors up to 8. The primary mirror is so deeply-dished that the focus of the telescope is only as far above the mirror as the mirror is wide, thus allowing a structure that is about three times as compact as the previous generation of telescope designs. While we were given complete and unrestricted opportunity to question how the devices are used and what distinctives set each of the telescopes on Mt. Graham apart, we had not expected the ease with which the astronomers and technicians would also speak of UFOs! But as much as the commonality of UFO sightings on Mt. We had come with deeper questions concerning high-level Vatican astronomers and what they had been leaking to, and discussing with, media in recent years. Captivating comments from Jesuit priests like Guy Consolmagnoâ€”a leading astronomer who often turns up in media as a spokesman for the Vatican who has worked at NASA and taught at Harvard and MIT and who currently splits his time between the Vatican Observatory and laboratory Specola Vaticana headquartered at the summer residence of the Pope in Castel Gandolfo, Italy, and Mt. Over the last few years, he has focused so much of his time and effort in an attempt to reconcile science and religion in public forums specifically as it relates to the subject of extraterrestrial life and its potential impact on the future of faith that we decided to contact him. He agreed to be interviewed from Rome, and over the numerous exchanges that followed he told us some things that seemed beyond the scope. He starts by pointing to angels then surprises us by actually referencing the Nephilim: Other heavenly beings come up several times in the Psalms. For who in the skies can be compared to the Lord? Who among the heavenly beings is like the Lord? Or do they refer to some other kind of life beyond our knowledge? Likewise, the references to heavens and stars singing and praising the Lord can be seen simply for the beautiful poetry that it is. The point is that the ancient writers of the Bible, like all ancient peoples, were perfectly happy with the possibility that other intelligent beings could exist. Read that again, then ask yourself: This incredible assertion is only topped by what he says next. In quoting John As incredible as that sounds, you should prepare for the unexpected answer as this series unfolds. Grahamâ€”have been saying the same in recent years. Such statements are but the latest in a string of recent comments by numerous Vatican astronomers confirming a growing belief or inside knowledge? Still, perhaps most intriguing was Catholic theologian Father Malachi Martin who, before his death in , hinted at something like imminent extraterrestrial contact more than once. While this could have been an oblique reference to an end time portent, the Catholic prophecy of the Great Comet, people familiar with Malachi believe he may have been referring to a near-future arrival of alien intelligence. Interesting note from the authors: I was at the Observatory in the s, and he never visited us nor had anything to do with us. Yet, if ET life is something Vatican officials have privately considered for some time, why speak of it so openly now, in what some perceive as a careful, doctrinal unveiling over the last few years? Are official church publications on the subject an attempt to soften the blow before disclosure arrives, in order to help the faithful retain their orthodoxy in light of unprecedented forthcoming knowledge? Conference organizers say it will look beyond entrenched ideological positionsâ€”including misconstrued creationism. The salvation of the Betelguesians may have happened simultaneously with the salvation of the Earthlings. They could remain in full friendship with their Creator. Father Guy Consolmagno took up this same line of thinking when he wrote in his book, Brother Astronomer: Adventures of a Vatican Scientist: So the question of whether or not one should evangelize is really a moot point. Any alien we find will learn and change from contact with us, just as we will

learn and change from contact with them. Whatever that event might have been, it does not have to be a repeated death-and-resurrection, if we allow God more imagination than some religious thinkers seem to have had. For God, as omnipotent, is not restricted to one form of language, the human. Graham, which the Vatican denies being connected to but we shall illustrate otherwise later in this series. Nibiru and Nemesis are hypothetical planets that supposedly return in orbit close to the earth after very long periods of time. In the book of Job where the prophet details how God destroyed the literal dwelling places of the angels that made insurrection against Him Job The latter theory is interesting in light of the demonic name of the infrared device. Infrared telescopes can detect objects too cool or far away and faint to be observed in visible light, such as distant planets, some nebulae and brown dwarf stars. Additionally, infrared radiation has longer wavelengths than visible light, which means it can pass through astronomical gas and dust without being scattered. But what UFO researchers have fascinated about for some time now is how infrared technology can also be used to spot and track Unidentified Flying Objects in the heavens that cannot be seen with other telescopes or the naked eye. In fact, some of the most astonishing UFOs ever caught on film have been recorded with infrared. What this has to do with the arrival of Petrus Romanus and especially the global leader he will celebrate is beyond disturbing and ultimately imminent. Read more on this subject and the disturbing deception that is coming from books by Author Tom Horn.

**Chapter 2 : Project L.U.C.I.D.**

*Project L.U.C.I.D. empowers America's hidden SS establishment to use its massively powerful, computer databases to control your bank accounts and purchases, and to monitor intimate details of your life.*

Notice that my book, *Mega Forces*, first became available to the general public in . At the time my disclosures about the coming, new, implantable biochips which would revolutionize human - and robotic - life as we know it stunned many readers. Even as I wrote *Mega Forces*, I was becoming aware of super-secret experiments by government and corporate laboratories in which human subjects - usually unwilling and unsuspecting guinea pigs - were having computer chips and transmitting devices implanted into their cerebral hemispheres. Of course, all of this highly classified and hush-hush research was supposedly being done "for the advancement of science, for the good of all mankind. In reality, from the vantage point of the elite, there are only two reasons to develop and implement a universal system in which every man, woman, and child will be injected with a computer biochip. One, of course, is the factor of money. There is big money ahead for the high tech corporations who receive government contracts to implant biochips in up to six billion human beings. The implantable biochip provides incredible potential for the Illuminati and their stooges to gain absolute, permanent control over the minds of men. As I wrote in *Mega Forces*, "Never in human history have tyrants and madmen had such tools - tools which they can use to plunder minds and terrorize an entire population. One shudders to think of the power this capability might give corrupt leaders or thugs bent on controlling the mind-thoughts of individuals. Later, *Media Bypass* magazine published this excerpt: The *Boulder Weekly* quoted Texe Marrs, a political science professor and author of " *Dark Secrets of the New Age* ," as saying the implants will likely "be used by a One World government to track people and exercise control over their lives. Most see implantable biochips as offering a marvelous and bright future for mankind. One such expert is G. In his book, *The Silicon Gods*, Stine foresaw a near future in which men could become like gods through the use of "intelligence amplifiers" implanted in the brains. An eye-opening article in *Science News* reported that, "New electronic techniques are being developed to eavesdrop on the brain. The article also said that current research centers on the eventual employment of integrated circuit chips that can either be implanted in the brain or overlaid with brain cells. Even Stine, an optimist who believes that man will not allow the abuse of these capabilities, nevertheless warns: It also contains the seeds of unimaginable evil: But the actual control of the human mind. An *Army of Zombies* Isolated news reports about government research into biochips bring evidence of a frightening future for mankind once the implanting of these devilish devices is initiated on a mass scale. Whatever technology man can invent, the Illuminati, in the last days, will use to control and either pacify or induce fear and terror in the masses. Some may call this paranoid thinking, but the wise know it as truth. Implant technology is not new. Although routinely ridiculed as a paranoid delusion, the Food and Drug Administration FDA has mandated electronic biochip implants into humans receiving pacemakers, prosthetic devices, and even breast implants since . Literally thousands of Americans now carry these micro-devices under their skin. Endangered animals and livestock also carry implants to track their migration of feeding habits. Interestingly, Timothy McVeigh, alleged bomber of the federal building in Oklahoma City, claimed that, while on active duty, the U. Army implanted a "tracking device" in his body. Was it this device which allowed the federal Gestapo cops to track down and locate McVeigh so soon after the bombing incident? Did the feds know where the suspected terrorist was at all times, courtesy of an overflying satellite - even before the bomb went off? Rod Lewis, publisher of *C. Chronicles Westheimer*, Houston, Texas, and head of a scientific study network in Houston, Texas, apparently mindful of this distinct possibility, noted: What makes this case even more interesting is that D. He is also well known for his work in mind control in the s and was a proponent of the use of biochip implantation to control violence. It has been rumored that much of Dr. It is now known that Dr. West will be the consulting psychiatrist for the case and that all of Mr. West would be selected to oversee the psychiatric evaluation of Mr. It seems that in the eyes of the government there was good reason - something that they did not want others to see perhaps? They believe they have it almost within their grasp, and they are about to make a dash to the finish line. I am convinced by a

mountain of evidence that Dwight Kinman is correct. The hidden plan for a super world government is in its final stages of completion. Why are the American people so abominably ignorant and so painfully oblivious to what is happening? As invasive as this system is, Big Brother has many more tools in the realm of Black Science. In his eye-opening book, *Black is Beautiful*, Dr. Peter Ruckman lists some of the startling, advanced technologies being experimented with: This new bunch of barbarians - just as pagan as any B. Aztec witch doctor - are engrossed in: Why are the vast majority of Americans unaware of the electronic cages prepared for them and of the looming loss of our precious heritage of constitutional rights? Jeffrey Baker, in *Cheque Mate: The Game of Princes*, writes: America has been dumbed, dulled and tranquilized into a state of semi-conscious existence. We have become the "Stepford Nation. We listen without hearing. We experience without feeling. He calls it a "News Media Curtain: But, in , there is a "News Media Curtain" that has prevented , to , American citizens from finding out what is actually going on under their noses It had to be lethal, for sixty years of reporting failed to mention one time the total and complete destruction of every civil right you ever had under the Constitution. The communication wizards are hard at work developing this capability. Craig McCaw is the kind of man who once suggested in all apparent seriousness - as the color drained from the face of a corporate PR man in attendance - that the Federal Communications Commission should reserve spectrum for telepathic communications to be made possible by brain implants he thinks will exist some day. In fact, unbeknownst to Kuper, Mr. McCaw was not alluding to some future era, decades hence, in a 21st century America. I believe he meant what he said - that the FCC best start the process now for figuring out how to allot frequency spectra for telepathic communications made possible by brain implants currently being tested on live, human guinea pigs. Are brain communication devices and transmitters - biochips - in fact being surgically implanted in human beings? In an earlier chapter, I broached this subject. Adding to that information, I bring your attention to a book by Robert Naeslund now making waves over in Europe. It includes x-ray photographs showing human skulls with a variety of implants.

**Chapter 3 : L.U.C.I.F.E.R. Project**

*Project L.U.C.I.D.â€”The Beast Universal Human Control System: It's frightening, and it's calendrierdelascience.com this stunning book, noted author Texe Marrs unravels the secrets of Project L.U.C.I.D., the covert government operation destined to devour the whole world.*

Texe Marrs Project L. The new Beast system will mandate that every man, woman, and child on planet Earth be issued a high tech, "Smart," I. The chilling system is slated to be fully in operation by the year , to celebrate the dawn of the New Age Millennium. Treasury Service, and Department of Justice. A computerized, pen-like, fiber-optic and laser camera will be used at I. All citizens will be ordered to report to these centers and "volunteer" their bodies to the camera devices so that the I. Babies born in the future will immediately be entered into the system at hospitals and other birthing centers. Massive, Global Computer System Established Sophisticated, international, computerized, telecommunications and intelligence gathering centers have already been established in preparation for the issuance of the new, human control cards. All spy information acquired on humans, plus the data from their Universal Biometrics Card, is fed into the gigantic network, which is called the Universal Computerized Identification Clearinghouse Resource Center. This center is the very heart of the evil L. It is designed so that no one can escape its clutches. Gestapo Agencies to Arrest Anti-Government Suspects Federal and international Gestapo agencies will use the instantaneous information maintained on file at the Beast Universal Computer Center at Fort Meade, Maryland, to trace, investigate, monitor, spy on, arrest, and incarcerate "resisters. Arrests of targeted citizens are to be euphemistically called "preventive detention. These forfeiture laws are conveniently used by federal agencies and local law enforcement authorities throughout the 50 states to grab the property of people not guilty of any crime. No court order, no warrant is needed. Individuals who have been arrested and their property seized and sold at auction will then be transported with other dissidents by truck, bus, and air to a FEMA-managed, regional Federal Prison Transfer Center for proper "categorization" and "disposition. Neighbors and the local communities will be given the excuse that the surviving spouses and children of those arrested are being "assisted" by the government. Final disposition, when deemed appropriate, will be made at a regional Processing and Detention Center. The Nazis called such centers concentration camps! At these "Centers," methods and techniques of interrogation, torture, and final disposition honed and developed by the CIA through its Operation Phoenix program are to be used on victimized citizens. The CIA and U. Army Special Forces acclaimed it a success and a model and prototype for future "human pacification programs. Managers of these agencies will be briefed on how to use propaganda and cleverly respond to public and local press inquiries, so that the awful truth will not become known until it is too late. For example, government PR experts will reassure the frightened and startled masses that, "All constitutional protections remain in place. The public is to be conned into believing that, "L. The Bible predicted that an end-times Beast Universal Human Control System would be used to control and enslave humanity: Thus, we knew it was coming. Using the global internet, the system has been developed and is being installed by international corporations, working jointly with United Nations consultants and U. It will put mankind under direct subjection to the Antichrist and his jackbooted, Gestapo thug storm troopers. Every government on Earth will cooperate to oppress its citizens. There will be nowhere to hide! Startling information about the L. Cards linked with the global net. Purging and Cleansing of "Enemies of the State" The purging and cleansing of planet Earth is at hand. The Beast intends to be rid of such dynamic "enemies of the state" as Christian Bible believers, American patriots, and flag-waving nationalists. Every nation on Earth will join in this campaign to eradicate the "human vermin and diseased human rats" who, it is said, now infect the wounded, sacred body of Mother Earth. His universal system is described by the Bible as "dreadful and terrible. My friends, it is our duty to warn those who dwell in unbelief that the time is upon us. Some will wisely understand and prepare by taking shelter in Jesus Christ. He alone provides help and protection. Regrettably, the vast majority will shun this knowledge. Many will be apathetic. Others, frightened and scared, will desperately seek to deny these staggering facts. Only the chosen, the wisethose who know and believe in our Lord Jesus Christ will
